

NORTHERN. M. KAY FURS CAUGHT

From Trapper to Wearer. (Registered.)

We make Fur Garments to order and incorporate the very latest ideas in regard to style. The time has long since gone when any old thing is good enough for buyers of Furs. Styles change each season and we keep to the front rank with such Novelties as Ladies want and know they want the minute they see them.

Although—always—the latest fashion, our styles are conservative, not eccentric, bearing the indelible stamp of good taste. We invite your inspection. No obligation to buy.

JOHN McKAY,
The Fur House 149-157 Brock St

CONFORM TO LAW

THE CANADIAN COMPANIES READY TO COMPLY.

For Years the Custom Had Been Followed, and it was Regarded as Good Law—Doubt as to Interpretation.

The Whig has been inquiring into the matter of Canadian steamers carrying excursionists from a United States port to a Canadian port, landing them, taking a Canadian clearance and returning the excursionists back to the port of embarkation, and we learn that this custom has been followed for years by all companies in the belief that they were fulfilling the United States law.

On the 14th of August, however, a circular was issued to the United States collectors of customs by the acting secretary of the department of commerce and labor, at Washington, in which he interpreted the law differently. He informed the collectors to overlook past offences, innocently committed, and to instruct transportation companies against future breaches of the law.

Since the issuance of the circular all Canadian companies have conformed to its requirements. It would appear, however, that there is some doubt as to the interpretation of the act as instructions have since been issued to the United States collectors to "take no further action under the general instructions contained therein until advised fully by mail."

Turbina's Fine Remitted.

Collector George F. Roth, Charlotte, N.Y., received a letter from Charles Earl, assistant secretary of the department of commerce and labor, disposing of the steamship Turbina's troubles for the time being. She will be allowed to make an excursion trip on Labor Day if desired, and Sunday excursions, for the time being at least, may be continued. The \$50 fine imposed by Collector Roth on the owners will be refunded. The law under which the Turbina was prevented, after July 29th, from making more excursions, states that foreign boats cannot take passengers from this side and return without leaving them on the other side. During the winter the law and its restrictions will be carefully looked into. It may be that steamers wishing to undertake Sunday excursions in the future will not be molested. Before the letter arrived, the customs officials were somewhat in the dark regarding what to do about allowing the Turbina to make Sunday trips.

CITY AND VICINITY.

The Board of Works.

A special meeting of the Board of Works has been called for this afternoon. The chief matter for consideration will be the appointment of a city engineer to succeed H. B. E. Craig resigned. There are a number of applicants.

Recovered From Lockjaw.

The Italian who was brought in from the Kingston and Penzance railway, suffering from lockjaw, is getting on nicely, and will soon be able to leave the hospital. This is about the first case of its kind to occur in this part of the country. The Italian is very fortunate to recover.

Presbytery Meeting.

Rev. Robert Laird, sr., and D. A. Shaw left, to-day, to attend the meeting of the Kingston presbytery at Belleville as local delegates. At this session the resignation of Dr. MacTavish will be taken up as well as the call to Rev. Mr. Steers to the charges at Roslin and Thurlow.

Which Nelson Is It?

It is feared in Kingston that the C. N. Nelson, drowned with two other members of the C.N.R. construction staff in Lake Helen, above Lake Tavish, is a student of Queen's engineering department, and formerly a clerk in the Bank of Montreal here. Mr. Nelson is a third-year student at Queen's. His home is in Toronto.

The Teaching Staff.

There was a meeting of the management-committee, of the board of education, on Wednesday afternoon, when it was decided to re-open the schools on Tuesday next, and necessary arrangements made for the opening. Some changes are necessary in the teaching staff, and these are being arranged for.

Frightened at Street Car.

A colt being trained by County Constable "Bob" Smith was left standing at the market Thursday morning, in charge of a young fellow while Mr. Smith was on the market. A street car came along and frightened the beast so it stood up straight on its hind legs and in coming down lit on its back. The mix-up was straightened out without any difficulty.

Presented With Watch Fob.

On Wednesday evening a number of the Ancient Fraternity and Gatorpaw Chapter, No. 1, R.A.M., met and presented D. J. Evans who is leaving for Montreal to accept a position with the American Appraising company, with a handsome watch fob. The presentation was made by Dr. A. W. Winnett. Mr. Evans was very prominent in Masonic circles, and will be greatly missed. He was greatly taken by surprise and thanked all that were interested very much. He left at midnight for Montreal.

Remanded For a Week.

The first session of the police court this week was held on Thursday morning and Mayor Graham was on the bench, in the absence of the magistrate. A man giving the name of John W. McDougall was the only offender. He hails from the old country and was accused of being drunk. He pleaded guilty and was remanded for a week in order to give him time to sober up. McDougall and his wife have been staying at a local hotel for a few weeks. She was in court and appeared to agree with the magistrate that her hubby should be given a week to sober up.

A sand rig came to grief on Wednesday afternoon at the corner of Queen and Division streets. The axle broke, letting the rig down with a bang. The sand was soon transferred

A SUMMER TONIC

For that worn out, tired and run down feeling there is no better tonic than a combination of

BEEF, IRON AND WINE.

Ours is delicious—in taste, contains iron to enrich the blood, peptonized (digested) beef to feed the tissues, and choice wine as an appetizer. In a recent Government analysis a bottle taken from our stock of Beef, Iron and Wine proved to be a superior article ranking as first class.

TRY A BOTTLE, 50c.

A BELLEVILLE PARTY HERE.

Were Greatly Pleased With St. Mary's Cathedral.

A happy party, composed of Mr. and Mrs. Jenkins, of Hotel Quinte, Belleville, Messdames D. Waters and James Grant, Miss McLean, Miss Iline Jenkins, and Master Gerald Jenkins, visited Kingston on Wednesday, coming down in the fine automobile of the popular proprietor, of the Quinte. After dining at Hotel Randolph, they repaired to St. Mary's cathedral, where they were met by an old friend, Prof. Devis, who showed them the beautiful altar and luminary and no less beautiful organ. Mrs. Grant, who so successfully leads the choir in St. Michael's, Belleville, sang Gounod's "Adore And Be Still," for those present, and was charmed with the acoustic properties of the church. The visitors had only one fault to find with Kingston, and that—was wrenching from Belleville, their beloved pastor. But they say they will get even soon, and do something to Kingston in the "stealing" line, which they would not for the moment explain further. Mr. and Mrs. Jenkins and party returned to Belleville the same afternoon.

WORK ON ROAD DELAYED

THU the Telephone Company Manhole is Replaced.

The work of laying the concrete foundation on the new road on Clarence street is again held up on account of the Bell Telephone Company having to fix its manhole in the road. This manhole is a being which are laid underground. It was placed on the level of the old road but the grade of the new roads is different so it has to be drilled and placed in to suit the grade of the new road. It does not tie up the work on the road completely as the men can go ahead and lay the curbing and have the road all ready for the concrete foundation. The body of the work lies in the grading and curbing.

ROLLED BETWEEN CARS.

John Dougherty, Yard Foreman of K. and P. Hadly Broken.

From being rolled between two box cars in the K. and P. railway yards, Thursday morning, John Dougherty, the yard foreman is considerably bruised. Mr. Dougherty was standing against a car locking in the opposite direction to which the other car was coming. He was standing just at the junction of the switch, and thought the car was being shunted on another line. Instead of that, it was shunted on the line next to the car he was standing by. The very narrow space between the two cars was not sufficient for him to escape being hit by the moving car, and he was rolled between them. The brakeman saw his predicament and signalled to the engineer, and the brakes were applied, but it was too late, as he had been rolled around a couple of times all ready.

It was feared that some of his shoulder bones had been broken by the rolling process, but when he was examined by Dr. McCarthy it was found that there were no fractures. Mr. Dougherty will be confined to his home for several days.

BIG INCREASE IN EXPORTS

From the Kingston District to United States.

The exports from the Kingston district to United States during July and August exceeded those during the same months of 1910 by \$24,200.23. Consul Johnson has issued the following statement for July and August of this year:—

Automobiles, \$1,000; cattle, \$300; cream, \$1,355.05; feldspar, \$17,070.32; fertilizer, \$296; fish, \$6,978.38; hay, \$3,980.50; hides and skins, \$8,224.77; household goods, \$6,546.50; iron pyrites \$105; jute waste, \$120.18; lumber, \$29,025.01; mica, \$1,149.64; plumbago, \$1,710.06; returned goods, \$6,925; wooden models, \$150; total, \$84,886.43.

Corresponding period, 1910, \$60,686.20; increase \$24,200.23.

Number of persons who immigrated to United States during July and August, seventy-eight.

AFTER THE JOY RIDERS.

Portsmouth Will Prosecute Fast Auto Drivers.

The constable at Portsmouth, is out with a big stick, after the auto drivers, who go through the village at a faster rate than the law allows. For some time, complaints have been made about drivers going through the streets at a terrific rate of speed and the village fathers are endeavoring to have it stopped.

"Last night, a little girl came very near being killed in front of the post office," remarked one of the councillors to the Whig, this afternoon, "and it is time that the practice was stopped. Some go through the streets at a terrific rate of speed and it is indeed a great wonder that there has not been a bad accident."

The councillor stated further that the village constable would be provided with a stop watch, so as he could keep tab on the law breakers.

A Bowling Match.

Queen's bowling green was the scene of a very exciting game on Wednesday evening, when Skip Elliott defeated Skip Sills by a score of 22 to 16. The season is now nearing a close and there are only about three or four games to be played in the schedule. Teams: Dr. Boyce, W. J. Ferguson, G. S. Graham, J. M. Elliott, skip—22. Prof. Guilin, A. B. Williams, W. Montgomery, W. R. Sills, skip—16.
