REMINISCENCE OF 1855

WHEN RECIPROCITY WAS ENJOYED BY KINGSTON.

An Alabama Resident Tells About the Hide Market—A Reference to the Late William Ford. J. L. Hotchkin, of Mobile, Alabama, writes an interesting letter regarding reciprocity fifty-six years ago.

But the free importation mentioned had caused a demand from this side of the river that had advanced prices beyond our views and we did not purchase at that time. To show a favor to the then reciprocity law, had I bought the hides, tanned them on Fairbanks street, Watertown, and exported the same back to Kingston, a Canadian duty of ten per cent ad valorem would have been collected at the custom house.

PRRAISE FOR POPULAR CEREAL

Enthusiastic Parents Send Children's Photos.

Some interesting and at the same time extremely gratifying letters have recently been received by the manufacturer of Kellogg's Toasted Corn Flakes.

The receipt of an occasional letter of this kind, voluntarily written to the makers of a food product, is most likely not at all uncommon, but that such a large number should find their way into the mail of the Kellogg Toasted Corn Flake Co., is surely a peculiarly forcible indication of the favor with which the public regard their goods.

TORONTO EXHIBITION

SOME OF THE FINE THINGS TO BE SEEN.

Roman Stone and its Fine Qualities.—Beautiful Oriental Rugs on Exhibition—Where a Good Meal is Provided.

Toronto, Aug. 31.—Yesterday was children's day at the exhibition, and thousands of youngsters attended. The educationalists were also there. Besides, the educational exhibits this year are particularly varied and excellent, containing some novel features in natural history, competition in drawing and writing, and reproductions of exterior and interior of the great Canadian Universities, Toronto, Ottawa and Queen's.

The educationalists were here to pick up a few pointers in the matter of discipline, deportment, drill and the value of the Boy Scouts' movement. Those who remarked the educational exhibits and the personnel of the scouts were greatly pleased and expressed surprise at the remarkable development the both were experiencing in Canada.

At the directors' luncheon, the visiting educationalists, including lay inspectors, school principals, teachers and members of the board of education, were entertained. President, George H. Gooderham, presided, and the only speaker at the function was the minister of education.

During exhibition a large number of visitors will be in the city from various points throughout the Dominion of Canada. We want to meet architects and builders and all who are interested in construction.

THE ARRANGEMENT OF FABRIC IN THIS DRESS gives the effect of loosely woven fabrics and the stripes emphasize this effect, as though the wearer were a decorated top spinning round. Half of the bodice is striped-satin and the other half Venise lace. Lace and satin are combined in the one-sided effect on the skirt also.

SOFTNESS OF SEALS SKIN

Is Rivalled by Human Hair Where Dandruff is Eradicated. Seal skin is admired the world over for its softness and glossiness, and yet the human hair is equally as soft and glossy, when healthy, and the radical cause of all hair troubles is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root.
