LABOR UNIONS PICNIC

AT LAKE ONTARIO PARK A GREAT SUCCESS.

Baseball Matches Won by Victorias and Live Coals—Adams, of Gananoque, Took the Five Mile Race. The labor-day picnic at Lake Ontario Park, always one of the biggest picnics of the season, was larger than ever this year, and one of the best conducted. Favored with excellent weather and no counter attraction, there was nothing to hinder those at the head of the affair from making it one of the best that has ever been held by the Trades and Labor Council. From two till six o'clock there was plenty to amuse and entertain everyone.

The five mile track race was one of the biggest attractions, and was keenly watched. Four were entered, O'Brien of Gananoque; Adams, Jackson and Dunbar, of Kingston; O'Brien the sturdy runner, who has many cups on his list, came out ahead in 28:20. He took the lead at the beginning of the race and kept it all the way through. The other three mentioned did their best to oust him from first place, but they were unsuccessful. Dunbar, who is an old Kingstonian, came second, with Adams third, and Jackson in the rear. The first and second prizes were beautiful silver cups and the third and fourth were medals, all presented by James Swift and Co. A fifth medal was also up for a winner, but only two four ran. The race was run on a quarter mile track, marked off and paced.

The mile race was keenly contested. Wilson, an almost unknown runner from Portsmouth, won easily from Laturney and Bileau, who were second and third. The time was 5:20. The quarter mile race was won easily by Pie Sparks, of the Army Service Corps, with Pie Skippen second and the Jackson Brothers third and fourth.

The quarter mile event was won by Dunbar, who passed Dan. McCarey, when near the touch line. F. Jackson was third.

The 100 yards dash was won by Sparks, the speedy A. S. C. man, Skippen second, Bileau third and Fitzgerald fourth.

The baseball players race of 150 yards, was won by Brooks, with Laird second, H. Dick third and Gordon Dick fourth. A number of other races were also pulled off for the children, married women and committeemen, which were keenly contested.

Victorias Beat C.L.C.'s.
When the players commenced to line up for the baseball game, everybody left off everything else to watch it. The grand stand was crowded, and people were jammed in along the first and third base lines. The spectators were treated to a very one-sided game of ball, in which hitting on the part of the Victorias figured. Both teams had their usual line ups, with the exception of Dick, who replaced Pound, and Vanhorn, who replaced Crawford. Brooks, the heavier for the Locos was pounded so badly that in the fifth innings he was taken out of the box and put in left field, while Lucas was placed on the pan. Lucas worked considerably better than Brooks and proved himself a dangerous pitcher. In the four innings he pitched, the Vics never got a run, and only two hits. There is a great chance that if he had pitched the whole game, the C.L.C.'s might have been on the large end of the tally sheet. However, the Vics wormed out of the game with eleven well-earned runs, two of them being almost home runs, while the C.L.C.'s walked away with only three.

The fourth inning was where the game was won. Eight runs were tallied by the Vics., by the aid of seven hits, three of them being two-baggers, and two of them three-baggers. Dick, the first man up in this inning, was put out at first base. Davidson soaked one out to right field. Vanhorn did his usual stunt and fanned. Gillespie, who has been batting at a terrific rate during the latter part of the season, hit for two bases, scoring Davidson. Nicholson pitched the ball for two bases, and "Gillie" came home. Dick was hit by the pitcher, and with two men on base, McMahon's bat collided with the ball for three bags, scoring the two preceding runners. With four runs in and no men down, Duncan got in the "swim" and squeezed out another triple, bringing McMahon home. Cotman got second hit and scored Duncan. Davidson walked to the plate for the second time, but only got to second base for Vanhorn was hit by pitcher and Gillespie went out on a foul. The Vics, never scored after that.

Live Coals Beat Wormwits.
In the morning, a most spectacular game was played between Live Coals and Wormwits and it ended in a 23 to 0 game for Live Coals. Nicholson, who pitched for the Live Coals, created a precedent in baseball circles here by pitching a scoreless, hitless and errorless game for his team, and struck out fourteen batters. Only one man got to first base and he walked. The game was for \$25, and the game created quite a lot of excitement. Last Labor day the Wormwits team journeyed in from the park champions of the Mercantile, but they will not have that honor this year again.

ABERNETHY'S

IN CLOSING SERMON

DR. MAC TAVISH MADE STRONG APPEAL FOR SERVICE

Completed His Pastorate at Cooke's Church on Sunday Evening—Value of Individual as Well as United Effort, in Church Was Pointed Out.

Rev. Dr. MacTavish completed his pastorate at Cooke's church Sunday evening and has entered upon his new work, as one of the field secretaries of the Temperance Alliance of Ontario. He went to Toronto Monday noon to report to the head office of the Alliance.

Dr. MacTavish chose an appropriate topic for his last sermon, pointing out the value of both individual and united work in the church. It was an eloquent appeal and was listened to with intense interest by the members of the congregation. The text was taken from Romans xii, 4-8: "For as we have many members in one body, and all members have not the same office; so we, being many, are one body in Christ and everyone members of one another. Having then gifts according to the grace that is given to us, whether prophecy, let us prophesy, according to the proportion of faith. Or ministry, let us wait on our ministering; or he that teacheth on exhortation; he that giveth, let him do it with simplicity; he that ruleth with diligence; he that showeth mercy, with cheerfulness."

In these passages the apostle gave a picture of the talents which the Christian church ought to be endowed with. The church had to deal with men of all classes.

The value of individual service was first pointed out. Every member of the church had something to do. Much could be accomplished by individual work and we should not get the idea that we had to have a committee to do good. Reference was made to the great men mentioned in the Bible, who had accomplished such good.

"Every member of this church should realize that he has some talent and that he must use it. If every individual will do his share the work will continue to be successful, pastor or no pastor, but on the other hand, if the individual shirks his work the good will decrease, pastor or no pastor. And there is another lesson. Do not despise the way another person does his work. Be glad that the work is being done, as people have different talents. Another man may not be able to pray as well as you can, but do not despise him for that. You should not lose sight of the value of united effort. You must not only work alone, but also work together. Work together and pray together. Every member has a responsibility resting upon him."

Nelson realized the value of united effort before going into battle. We must exercise the gifts we have, and study means, by which we can benefit the people. We must stir up a gift within us. God has given us a gift, and it was our business to use it to the very best advantage. Some were not using these gifts, but simply burying them.

In closing, Dr. MacTavish said that the call to his new work, came to him unsolicited, as had the other calls he had received since he had entered the ministry. The call had come unexpectedly, and after giving the matter two weeks' consideration, he had regarded it as a divine call; he believed that in this new position he would be given a wider field for service, and he felt that he would have to accept it.

Dr. MacTavish said he did not care to preach what might be termed a farewell sermon. He would look back with great pleasure upon his pastorate at Cooke's church, and his stay in Kingston. There had been some measure of prosperity in his work. He felt that he was made to the new organ, and improvements to the Sunday school. During the six years he had been pastor of the church, 221 members were enrolled. As regards average attendance, the Sunday school stood in second place in the Presbytery, while the W.F.H.S. stood first in attendance. The various branches of church work were doing good work, and there had been a good increase in the ordinary services as well as for missions.

It might be stated, that Dr. MacTavish has just completed twenty-six years in the ministry. For ten years, he was stationed at Deseronto, for a similar period he was at St. George's and for the past six years, he has been pastor of Cooke's. He is beloved by all the members of the congregation as well as citizens in general, and while sorry to part with his service,

IT IS NOT IN THE BLOOD

Medicine Taken Internally Cannot Cure Eczema—It is Caused by Germs.

Eczema cannot be overcome by ordinary treatment and the old-fashioned way of dosing the system with drugs. Eczema is caused by a parasitic germ that bores into the skin. It is generally a contagious disease. Until the parasite is completely destroyed and removed, eczema cannot be cured. Fully one-third of skin diseases are in the form of eczema.

We so thoroughly believe that Retall Eczema Ointment will overcome eczema and allied skin ailments, that we unhesitatingly promise to promptly return the money paid us for it, should it in any way be unsatisfactory to the user.

Because of its remarkable cleansing, antiseptic, germicidal, soothing and healing influence, Retall Eczema Ointment has a very pronounced value in the treatment of skin diseases, especially where the form of ailment is of the chronic, aggravating sort. We highly recommend it for the dry scaly form or the weeping type, where there is a constant flow of ill-smelling excretion.

Retall Eczema Ointment is very prompt in relieving pimples, blotches, skin discolorations, ringworm, acne, nettle rash, tetter, hives, ulcers, insect bites, and for healing sores and wounds. It is a pleasant smelling, creamy-white ointment, and is very cleanly for use. Two sizes, 50c. and \$1. Sold only at our store, The Retall store, G. W. Mahood.
