TWO MONTHS' SUSPENSION
For Seven Cadets Who Played a Prank Last June.

Seven cadets of the second class of the Royal Military College were, on Tuesday, suspended for two months for the part they took on the night of the college closing last June in playing a prank upon Cadet Henri A. Joly de Lotbiniere, a member of the graduating class. A party of cadets secured an automobile and after running about fifteen miles or more, dumped Cadet Lotbiniere on the roadside and started back for Kingston without him. When the latter reached the college early the next morning he reported the occurrence. The sentence of the commandant was not announced until the cadets assembled for the new term.

Season Among the Islands a Great Success.

The season for boat traffic, among the islands is nearing a close now, and it is stated that it has been a great success. The people have commenced to return to the city, and it will only be a matter of a few weeks now when all the summer homes along the river will be deserted. The vessels running out of Kingston have had a great season, in fact some of the boats have done far better than last summer, which was considered to be very good.

The arrival of the steamer St. Lawrence in port, to go into winter quarters marks the first of the vessels of the Thousand Island Steamship company to be laid up.
