

BAD SCALPS

What Parisian Sage Will Do. A bad scalp is no credit to any one, especially when it can be remedied by constant use of Parisian Sage, the great scalp and hair tonic.

The cause of dandruff is a germ. Parisian Sage will kill these germs in a few days and thereby remove the cause of dandruff.

Falling hair is caused by the dandruff germ. By killing these Parisian Sage at once restores vitality to the hair roots and commences a vigorous growth.

Parisian Sage Grows Hair. If the roots are not gone Parisian Sage will grow hair. It strengthens the thin, scraggy hair and makes it healthy and luxuriant.

SHEEP MARKET AND FARMERS

The Demand for Mutton and Lambs in Canada at Times is Greater Than the Supply

Enemies of reciprocity and of the larger market for the Canadian farmer are seizing on a chance occurrence of a day or two ago, when a few sheep from the United States were sold on the Toronto market, says The Globe.

This is taken to mean that American sheep will flood Canada under reciprocity, instead of Canada selling to the cities across the line.

At certain times of the year the demand for mutton and lambs in Toronto is greater than the supply, and the Ontario farmer is not producing sheep and lambs in sufficient numbers to supply the home market, all the year round.

THE READY MARKET

THE ADVANTAGE OF RECIPRO-CITY TO THE FARMERS. A Saving of Millions—Some Facts Our Tillers of the Soil Should Know—Some Significant Figures.

Toronto Weekly Sun. The farmers of counties along Lake Ontario are vitally interested in the United States because the quality of their natural products will always demand a ready sale across the border.

The force of this assertion is well illustrated in the case of barley. The estimated barley crop in Canada this year is 50,000,000 bushels, of which 20,000,000 bushels was grown in Ontario.

As is well-known, barley used to be a great article of export to the States until the Americans imposed a tariff of thirty cents per bushel on it, thus almost shutting out the Canadian farmer in the neighboring markets.

Under the reciprocity pact, the duty of 30 cents per bushel is wiped out and barley will enter the States free of a tariff of thirty cents per bushel on it, thus almost shutting out the Canadian farmer in the neighboring markets.

The price of barley for the past six months has been: At Toronto, Ontario, No. 2, 63 cents; at Winnipeg, western, No. 3, 58 cents; at Boston, feed best, 77 cents; at Buffalo, milling, \$1; at Milwaukee, extra No. 3, 99 cents; at Duluth, feed to choice, milling, 80 cents.

The farmers of this country want a wider market, which will give them direct and free access to the United States for their barley output, the only course open to them is to vote for Laurier and large markets.

The trade policy of a nation largely determines the general prosperity. When Hon. George E. Foster finished his year as finance minister in Canada in 1896 our trade with the United States had fallen to \$101,022,000. Last year it had risen to \$104,137,000.

This balance is a handsome one, owing to the high tariff which the States maintained, but of our imports over \$131,000,000 represented duty-free goods which came in as raw materials for our manufactures.

Under reciprocity, however, the reciprocity pact, the duty of 30 cents per bushel is wiped out and barley will enter the States free of a tariff of thirty cents per bushel on it, thus almost shutting out the Canadian farmer in the neighboring markets.

IMPORTANT SCIENTIFIC DISCOVERY. A Clinical Preparation that Positively Kills the Dandruff Germ. A most important discovery has been made after a year's patient laboratory work aimed in a certain direction. It is Newbro's Herpicide, a preparation that prevents falling hair, and speedily and permanently eradicates dandruff. These evils are caused by a germ or parasite that burrows into the scalp, throwing up dandruff, as it seeks to sap the life of the hair at the root. There's no baldness without falling or thin hair, no thin hair without dandruff, and no dandruff if the germ is destroyed. Newbro's Herpicide is the only preparation that will do the work. Destroy the cause you will remove the effect. Sold by leading druggists. Send 10c. in stamps for sample to the Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. J. B. McLeod, special agent.
