TIPPED OUT OF CANOE

TWO BANK CLERKS RECEIVED A DUCKING.

The tug Parthia picked them up. They struck out for an early morning canoe jaunt, Wednesday, had a very unpleasant "ducking" before they got back for their breakfast. They were just off Swift's wharf between there and the tower, which is in the harbor, when the tug Parthia came along. They thought themselves safe of riding the swells, but did not get squared around properly before the swells struck them. In less time than it takes to tell, they were floundering in the water with the canoe some distance away from them. They had all their clothes on, as the morning was chilly, and they were burdened down considerably.

They struck out for shore, and would probably have reached it, but deliriance was at hand in a much pleasanter way. A boat was lowered by the crew of the Parthia when they saw the canoe go over, and the shivering young bank clerks were hauled aboard. They went home and got into dry clothes and were at work in time, though the worse for their plunge.

LOCAL VICTORIAN NURSING.

Report of the Nurse for the Month of August.

The September meeting of the Victorian Order of Nurses was held on Tuesday afternoon at the Y.W.C.A. rooms. Going to unavoidable circumstances the election of officers was postponed till the October meeting, when it is hoped that every member of the committee will be present. Plans for work for the coming fall and winter, with a view to increasing interest in the work of the order, were outlined and discussed.

The acting nurse, Mrs. Robinson, reported a very busy month during August. She made 167 nursing visits and sixteen casual visits and of the fifteen patients cared for four were Roman Catholics, three Anglicans, three Methodists, two Congregationalists, two Presbyterians and one Salvationist. A donation of fruit from Mrs. McCallum, of the W.C.T.U., is gratefully acknowledged. Miss Leeder reported for duty, and will be glad to receive donations of fruit or delicacies for the sick poor at her address, 302 Queen street.

Its Fall Work—Frederick Wilson, Boys' Secretary.

The Y.M.C.A. will soon again be open for the fall and winter work. Very little work is accomplished during the summer.

THE WORLD'S EPISODES

GIVEN IN THE BRIEFEST POSSIBLE FORM.

Matters That Interest Everybody—Notes From All Over—Little of Newsy Paragraphs Picked Up to Everybody Easily Read and Remembered.

Joseph Boldick, of East London, Ont., attacked his wife with a razor on Monday, and slashed her face badly. The police are looking for him.

Charles K. Wolfe, aged twenty, a chauffeur, of Saratoga, N.Y., hanged himself in his employer's garage, on Monday. The young woman in the affair left town before the body was found.

The Chilean steamer Tucapel has been wrecked and is a total loss. Eighty-one persons were drowned. The steamer Tucapel was engaged in trading on the west coast of South America.

At Toronto the Canadian yacht Patricia led by a minute in the first round in the third race for the Fishon cup. She is holding her own in the first leg of the second round. It is a triangular course twice around, total ten miles.

Abner B. Rogers, one of the most prominent and well-known farmers around Watertown, N.Y., died on Tuesday, aged fifty-seven years. His death was due to an accident, he slipped on the hardwood floors, fell down stairs, and fractured his skull. His brother, Judge Rogers died from a similar accident last winter.

DOUBLE HEADS! SATURDAY.
A Junior and Senior Game Will be on the Programme.

There will be two baseball games at the cricket field, Saturday afternoon and to those who have still enough interest in the City league to go out and see the closing game of the series it will be interesting. The game arranged sometime ago between Junior Athletics and Wolfe Island, will commence at two o'clock and the other game between senior Athletics and Victorias will commence immediately after. It will be remembered that the last time the Athletics played Wolfe Island they won out in a twelve innings game by the score of 6 to 5.

The first game they played they were beaten. This game will be for blood and the fans here have picked the Athletics to win on the smooth diamond.

The other game will undoubtedly be a good one. All the regular players on both teams will be lined up, and a good game should be the result.

When Will Cup be Presented?
It has not been definitely decided when the Givens trophy will be presented to the winning team, C.L.U.'s. Last year, it was presented at the Labor Day picnic, but no invitation was forthcoming this year to have the affair take place at the park. The cup may be presented before the game next Saturday.

May Wax Third.
May Wax, of Kingston, was third in the 2.16 race at Watertown, N.Y., fair, on Tuesday. Syka Direct was fourth.

Stays in Canada.
Toronto, Sept. 6.—The Fisher cup stays in Canada. The yacht Patricia, winning her second race out of three, by half a mile ahead of the yacht Seneca.

Langford Beat Jeannette.
New York, Sept. 6.—"Sam" Langford won his ten-round bout with "Joe" Jeannette in the Madison Square Garden, last night, but every minute of the thirty in which they were exchanged the Canadian negro knew he had a stiff problem to solve. Jeannette fought gamely and cleverly.

CALL FOR BURGLARS.
But They Evidently Took to Their Heels.

About 1:30 o'clock, Wednesday morning, a call was received by the police from a home on West street, stating that it was believed that a couple of men were lurking around the house, with the intention of committing burglary.

Constables McArvey and Mullinger hurried out to the scene, and made a thorough inspection of the district, but they could not find any person. If they were burglars, they evidently got cold feet and ran away.

Death of a Young Lady.
Word was received in the city, of the death, Wednesday morning, of Miss Margerie Gertrude, eldest daughter of Col. and Mrs. Victor B. Rivers, at St. Agathe, Quebec, after an illness of some months' duration. The shock of her death was felt keenly among her many friends here for she was well-known and loved. Col. Rivers was attached to "A" battery here for many years, and was transferred to Quebec about twelve years ago. Since that Miss Rivers spent much of her time here with her grandmother, Mrs. C. F. Gildersleeve, King street. The remains are expected here Thursday morning and the funeral will take place Friday afternoon from Mrs. Gildersleeve's residence.

Still They Come.
Up till Wednesday afternoon, the secretary of the board of education had received between forty and fifty applications from pupils outside the city, for admission to the collegiate.

It was expected that a meeting of the management committee would be held to deal with the applications but this meeting was called off. This means that there will be no meeting until probably the last of the month, and in the meantime, the students who have made application will be kept in hot water as it were. Those who have applied for admission included pupils from Garden Island. City pupils must be accommodated first.

If the Live Coals win this afternoon in the championship baseball game they intend to have a banquet to celebrate the affair.

Sale of Property.
The Stafford Calvin property, on the corner of Beverly and Union streets, was disposed of, on Monday, to a syndicate, represented by Charles Taylor, of the J. F. Harrison company firm. There are twelve acres in the property and it is proposed to sub-divide and improve, and at a later date, place upon the market.

Warning for Albert Street.
It seems that Albert street houses were remembered nearly a year ago by order of the city council, the numbering was done by the city engineer, and the residents of the street were duly notified to number their houses in accordance with the order of the engineer. The numbering has not been attended to, and the residents who have failed to comply with the order are liable to be summoned to police court and fined.

Outside Pupils Anxious.
A score of more pupils from outside the city have already made application for admission to the Collegiate Institute. All day yesterday, the secretary of the board, was besieged with many requests about outside pupils at the collegiate. He is keeping a list of the pupils who are making application, but it all depends upon the room that will be available after the city pupils have been looked after, whether they can be accommodated, and this will be a matter for the board to decide.

Got a Great Wetting.
The conductors and motormen who had the misfortune to work on Tuesday evening will never forget the wetting they got. Some of the men are noticed on the cars to-day with a change of clothing until their other ones dry. The worst occurrence of the evening was, when car No. 10, went off the tracks at the foot of Princess street. She was the first car for the street, and all the other cars were lined up along King street to wait until this one was replaced on the track. It took, until nearly 11:30 o'clock to get her on the tracks again.

PUSSY IN THE BOX.
Kitty Had a Narrow Escape on Street Railway.

A cat had a thrilling experience on the street railway on Monday, when a car was starting from the asylum hill, a cat was noticed on the track, but when the car came along the pussy did not want to shove out of its comfortable position, and still remained on the track and let the car pass over. The motor man thought it was killed. The day went on and no person thought of poor pussy again, until when the car was taken into the barns that night one of the men lifted up the hatchway over the motor and to his astonishment he found the cat resting on top of the motor and talking everything as if nothing had happened. It was carefully removed from its resting place and is being kept at the barns as a remembrance of the incident.
