THE SPORT REVIEW

VICTORIAS DEFEATED ATHLETICS BY 13 RUNS TO 4.

Last of the City League Games Was a Poor Exhibition—Nineteen Errors Altogether Were Made by the Two Teams.

The Kingston city baseball league closed another season Saturday afternoon, at the cricket field, when the last game of the schedule was played between Victorias and Athletics, the former winning by 13 runs to 4. Neither team had its regular line-up as some of the players were away on holidays. Pound, second baseman of the Victorias, was replaced by Saunders, third baseman for the U.C.'s. Several changes were noticed in the line-up of the Athletics. Mathis, the Texas leaguer, was behind the bat during the first stage of the game, with Walsh in the box. Dehaney was on the first bag, Stokes on second, and Allan, a junior city leaguer, was at short. Walsh pitched excellent ball for six innings, only allowing seven hits, but received scanty support. Allan, at short, being new in the game with the seniors, had five errors. "Lanker" was a bit wild at first, hitting Nicholson, the first man up. It was a nasty crack, just under the heart, and laid him out for some time. He scored on a dropped third strike. McMahon, Dickson and Cotman all fanned. Another run was annexed in the second. Four hits and an error netted the bases for the fourth. Three hits, a base on balls and a batter hit by pitcher added four more in the sixth.

Walsh was taken out of the box in the seventh owing to an injury to his ankle and Mathis replaced him. Two hits and an error in the eighth scored three runs.

Walsh's hit in the third, innings was responsible for a run as it set the ball going. Heid circled the bases for him on account of his injured ankle, and scored on Pound's hit. After hitting safely to left in the fourth Allan scored on Rae's hit to right. Two runs tallied up to the sixth when Allan was first to bat again. He struck to first base and on an error got his base. Dick's fumble when Robinson grounded to him was responsible for this run. Dehaney struck to Duncan in the seventh and got his base on an error, scoring on the fielder's choice hit by Allan, who was played out at first.

VESSLS IN TIE-UP

WERE ABLE TO GET AWAY ON SUNDAY.

Deeper Water in Lower Canals Allowed Vessels to Clear—Steamer Toronto Will Keep on Route Until Oct. 2nd—Marine Notes.

As a result of deeper water, in the lower canals, on Sunday, a number of vessels, which have been tied up for several days, were given a chance to clear. The vessels cannot go over a draft of twelve feet six inches.

The steamer Arabin and Advance passed up on Monday.

The sloop Maggie L., arrived at Richardson's elevator, with a cargo of barley from river ports.

The steamer Sowards is at Prescott, from Oswego, unloading coal.

The sloop Aridine arrived from Wolfe Island, and is discharging a cargo of pressed hay.

M. T. Co's elevator: The steamer Nevada, from Fort William, lighted 5,000 bushels of wheat, and cleared for Montreal, the tug Emerson, arrived from Montreal, with two light barges, cleared light for Oswego; the tug Bronson, from Montreal, three light barges, cleared light for Prescott; tug Bartlett, from Ashtabula, with one coal barge; the steamer Advance, from Montreal with package freight, cleared this afternoon, for Toronto; the tug Arabin, arrived from Montreal with one light barge, cleared for Montreal, with three grain-laden barges; the steamer Westmount, from Fort William, is due to-night, to lighter oats, and will proceed to Montreal.

The steamer Toronto will run until October 2nd. The steamer Kingston will be on the route for two weeks longer. After to-morrow, the travel will be much lighter.

At Swift's wharf: Steamers Kingston and North King made the river trip Sunday; steamer Althea was down from bay ports, to-day; steamer Rileau, for Oswego, for Ottawa this morning; steamer Belleville stopped on her way, Sunday afternoon with a large number of passengers and discharged considerable freight; steamer Dundurn passed down, Sunday morning and left off a considerable quantity of freight; steamer Advance passed up; Sunday; steamer Caspian has gone into her winter quarters at Swift's; steamer Lamonde was up from Gananoque and intermediate ports, to-day; schooner Bertie Calkins arrived Sunday from Oswego with a cargo of soft coal.

PROPHECY OF VICTORY.

It is not often that Sir Wilfrid breaks out into ante-election prophecies, but he did so at London, Ont., in a sudden outburst "I do not say it in a spirit of boasting, but victory is in the air, a swing in it that makes it sure. I am old in the game, for many years I have been head of my party and I have travelled over all the provinces many times. On the present occasion I have found an enthusiasm that I never found before. It is not in honor of me. I am simply the expression of the idea, which you, the people, are," he declared.

He closed with a splendid peroration on the annexation cry. "What we are we shall remain, and what the United States is she shall remain. Let us show the world the example of two nations on this continent living in peace and amity without a gun on the frontier, bound only by the ties of trade and by nothing else."

FOR FREEST OF TRADE

SIR JOHN MACDONALD SPOKE IT IN KINGSTON

When He Opened the Provincial Exhibition Just Twenty-seven Years Ago—A Prophecy Finding Fulfillment.

At the provincial fair, September 11th, 1883, just twenty-three years ago to-day, Sir John A. Macdonald opened the forty-third exhibition at the Midland fair grounds, Kingston, and in his address to the company present dwelt upon the relationship of Canada and the United States. At that time there was talk of retaliation between the two countries and Sir John Macdonald, then premier, took occasion to remark that he would like "to continue to trade with our neighbors in the freest manner."

It was on the same occasion Miss Hulda Baker, of Syracuse, N.Y., grasped the hand of the premier and declared that she was a loyal American subject. "But," she added, "we don't mean to turn our door against you, we are going to open it wide."

This was a prophecy that has found expression in 1911.

TO SETTLE IN TORONTO.

D. J. DOWSLEY TAKES POSITION IN Eaton Store.

David J. Dowsley left Sunday, for Toronto, where he has accepted a position with the T. Eaton company. Mr. Dowsley is well-known here, having been a salesman "as well as show card writer for E. P. Jenkins, clothing store, Princess street, for a number of years. He has been prominent in other circles as well, being a captain in the 14th regiment, P.W.O. Rifles, for some time, as well as secretary-treasurer of the Frontenac hockey club. He will be much missed in local circles, and the best wishes of a host of friends will go with him to his new position. Mrs. Dowsley will go up some time this week.

J. ALLEN BAKER, M.P.

ANNOUNCES HIMSELF FOR RECIPROCIITY.

Member of British Parliament and Canadian Farm Owner—Masses of British People Favor the Pact.

Special to the Whig.

Ottawa, Sept. 11.—"As a farmer, you know I am such, for I have the old homestead yet five miles from Trenton, Ont., Canada and the United States, but as a member of the British parliament, I refuse to comment on the subject. I only feel free to correct any false statements which are going the rounds in this country regarding the attitude of the British people towards the pact."

This statement came from J. Allen Baker, M.P., for East Finbury, London, in the British house, a Canadian, claiming East Northumberland county, Ontario, as his native place. He was at the Russell hotel, yesterday en route to the old home, on his annual visit. After some time there he will visit the North-West and the Pacific coast with his wife and daughter.

"You know," continued Mr. Baker, "the masses of the British people are heartily in favor of the reciprocity agreement. They say that it would strengthen the bond of friendship between this country and the United States, and consequently British trade be drawn closer in a bond of good relationship with America."

"In my estimation the opening of larger markets in the two countries would mean a greater market for the old country. She sells more goods to the United States every year than she buys from there."

Here, Mr. Baker paused to particularize by emphasis that he was not speaking as a British politician but as a private citizen, or more particularly as a Canadian farmer, with a vote which he claims he will use at the general election on Sept. 21st.

Mr. Baker's farm is five miles from Trenton.

He has 100 acres, seventy of which is an apple orchard and on his own testimony grows the very best apples in this whole and old province. Mr. Baker keeps a man to manage his farm. He likes political life and being useful in many other spheres, but his greatest pleasure is to visit the old homestead and spend a few days near the old red schoolhouse, where he got the first fruits of what made him what he is now. His cousin was the late John Baker, of Kingston.

AT COOKE'S CHURCH.

Pulpit Was Declared Vacant on Sunday Morning.

The pulpit of Cooke's church was declared vacant, on Sunday morning, by Rev. Alexander Laird, who preached at both the services. Rev. Mr. Laird preached a fine sermon, on the subject of "Patience," taking as his text, James 5th chapter, 7th verse: "Be patient therefore, brethren, unto the coming of the Lord. Behold the husbandman waiteth for the precious fruit of the earth, and bath long patience for it, until he receive the early and latter rain."

Chew Your Own Gum.

"Do not loan your chewing gum or your lead pencils," is the opening advice of the health authorities, to school children. After the opening of the schools in the fall there is an increase in communicable diseases because of the fact that there are among children a certain number of chronic carriers of diphtheria and scarlet fever germs. The children should be careful not to exchange chewing gum or put lead pencils in their mouths, or eat candies off which someone else has taken a piece.

Won Postary Prizes.

At Sherbrooke fair, Holland Bros., of Kingston, won the following prizes: Langhams, 1st, cockerel; 1st and 2nd, hen.

White Rocks—1st, cockerel; 1st and 2nd, pullet.

White Minorcas—1st, cockerel.

Black Cochin Bantams—1st and 2nd, cock; 1st and 2nd, hen.

Game is Withdrawn.

The game over which \$75 has been placed between Live Coals and Civil Service has been withdrawn and will not be played. When accepting the challenge issued by the Live Coals the Civil Service team stipulated that the game should be played under Mercantile league rules. Now it transpires that Live Coals were figuring on pitching Nicholson, which is contrary to the constitution. He did great work in the game a week ago with Wornwicks, not allowing a hit nor a man past first base, and striking out fourteen men. Live Coals thought he could repeat the performance and were ready to give big odds.

A POSSIBILITY.

That Became a Fact and Pleases Many People.

A. R. Lewis, M.D., in a lengthy article, in the columns of the American Journal of Health, says concerning hair: "Its deterioration is a constant source of worry to humanity, consequently bald people are readily deceived by 'fake' hair restoratives. The wish that a hair preparation will 'fill the bill' is father to the fancy that it is likely to do so. A rare case in point is that of Newborn's Herpicide which actually does 'fill the bill.' It destroys the parasite that attacks the hair root, and prevents dandruff, falling hair and baldness."

TWO SMALL FIRES.

Firemen Had Two Runs on Saturday Afternoon.

The firemen were given two runs, on Saturday afternoon, but both were for small fires, and there was very little damage.

At 12:35 o'clock, a telephone call was received for a blaze in a shed, near St. Andrew's church manse. The fire was extinguished with one line of hose. It is believed that the fire was started by hot ashes, left near the shed. The damage will amount to about \$35.

At 2:30 o'clock, a coal oil stove, at the home of W. Chapman, on Bay street, exploded, and an alarm was sent in to the department. The blaze was extinguished, with little difficulty, and there was no damage. The house is owned by James McCulla.

"The Goth," the complete novel by Wyndham Martin in the October Smart Set, is a subtle and yet at the same time amusing study of an uncouth farm boy who, under the coaching of a remarkable tutor, succeeds in storming the heights of English aristocracy. In plot, characterization and dialogue, this is in every way a notable piece of fiction.

Farmers in all parts of Frontenac will support Fair. Not on the ground of politics, but because they recognize reciprocity as good business.

Men worked all Sunday on the gas main on the corner of Brock and King streets. The main had to be replaced with a new one, on account of the new roads being put down.
