John Quian, of Barriefield, died, at his home, early on Monday morning.

THEY WERE REPULSED AND LEADERS EXECUTED.

Place Attacked Was Where Canadian Missionaries Lately Were—No Word From the Fugitives.

Pekin, Sept. 11.—Despatchers from Chentu district coming by a round-about way, says that severe fighting took place, including an attack on the viceroy's house, when the rebels were repulsed and the ringleaders executed. This was the headquarters of the Canadian Methodist missionaries. Their present location is still in doubt. It is known they left there some days ago, presumably for Liatingfa, but nothing definite has been heard of them.

Anxiety in Toronto.

Toronto, Sept. 11.—The fact that nothing has been heard of 160 Canadian missionaries, who fled from Chentu three days ago, when serious rioting broke out all over the province, is causing grave apprehension here. Although the Methodist mission officials here profess not to regard the situation as alarming, it is quite evident that they are seriously disturbed about it.

This morning Rev. Dr. Shore, foreign missionary secretary, received a cable from Mr. Brillingham, at Chung King, which is 500 miles nearer the coast than Chentu, saying that the situation there was quiet with officials friendly, but had heard nothing from the Chentu party supposed to be coming his way. He said he was providing against all emergencies.

Schooner in Trouble.

The schooner Major Ferry had a series of mishaps in Charlotte harbor Friday. The first trouble came when the bridge tenders failed to get her signal to draw the structure, and she had to run on a mud bank. While lying there the barge Mary Lyon, of George Hall company, rammed into the schooner, breaking her jibboom off short and doing other damage.

CHAUCEY MAY COME.

Famous Coach May be Secured for Queen's Rugby Teams.

Secretary John Dawson, of Queen's Athletic club, has received a telegram from N. M. Leckie, captain of Queen's rugby team, stating that "Chaucey" Elliott, the famous coach and originator of the Canadian baseball league, can be secured as coach for Queen's rugby teams this fall, and asks him to wire terms. When seen Monday afternoon by the Whig Mr. Dawson said he would not take it upon himself to wire terms to Mr. Leckie without consulting the committee and it was almost impossible to get a meeting of the committee so early in the season. Terms had to be wired almost immediately for if the thing is put off he may not be secured at all and some other club may get him. With "Chaucey" managing Queen's teams things would look bright.

Trolley Pole Broke.

The trolley pole on street car No. 26, running on the belt line, was broken off about a foot from the base at the corner of Brock and Alfred streets, Monday afternoon, by becoming tangled in the trolley wire. The car was brought to the barn by one of the workmen holding a wire to the trolley to give the controller power to operate the car. When making the turn at the corner of King and Brock streets a foot long shot from the trolley whenever the wire struck the joints.

A Bowling Game.

A game was played at the bowling green on Saturday afternoon which resulted in a win for Skip Watson against Skip Hale by a score of 13 to 10. The teams were: J. S. McIntyre, W. R. Sills, J. McKellar, Dr. Watson, skip; J. C. McComachie, A. Strachan, G. Gillespie, G. S. Hale, skip.

Germany's Demands Exorbitant.

Paris, France, Sept. 11.—Renewed uneasiness regarding the Moroccan situation is reflected again on the stock exchange and general markets. It seems that some demands of Germany regarding compensation or rights of private companies in Morocco, seem to France very exorbitant.

Biplane Flight at Ottawa.
Ottawa, Sept. 11.—Hammond, the New York aviator, on Monday afternoon, made the first biplane flight ever seen here. He went up 800 feet, circled several buildings and was up five minutes.

DEWART AND SIFTON.**Candidate Postpones Meeting to Let People Hear Other.**

Hon. Clifford Sifton held a meeting in Weston on Saturday evening. It was due only to Mr. Dewart, the liberal candidate in Centre York, that the meeting was made possible. Mr. Dewart intended holding a public meeting at Weston on Saturday evening, and engaged the skating rink for that purpose. The first intimation he had of Mr. Sifton's programme was when his advance agent approached his executive chairman at Weston with a request to be allowed the use of the rink (the only suitable building of any size in Weston.) Mr. Dewart wired both Mr. Sifton and the conservative candidate, Capt. Wallace, proposing a joint debate upon equal terms.

Mr. Sifton's reply was by telegram received three days later: "I see no reason for changing the arrangements for my meeting." Capt. Wallace also declined the offer, his reason being, "That he had nothing to do with Mr. Sifton, and in any event a man of Mr. Sifton's standing ought to have a meeting to himself."

Under the circumstances Mr. Dewart handed over the skating rink to Mr. Sifton and postponed his own meeting.

FAVORS THE PACT**SIR JAMES GRANT STRONGLY ENDORSES RECIPROCITY.**

And so did Many Others.—The present Conservative Party has turned its back on former leaders.

Ottawa, Sept. 11.—Sir James Grant, K. C. M. G., ex-conservative M.P., for Russell, and ex-M.P. for Ottawa, announced he is strong for reciprocity.

When seen at his Elgin street residence Sir James said that although a lifelong conservative, he was in favor of reciprocity, and could see but little force in the arguments which are being advanced against it.

"In the present contest, so far as reciprocity is concerned," said Sir James, "is unique in the history of Canada, inasmuch as some members of the great conservative party, which has for fully half a century been active and energetic in its endeavor to impress upon the government at Washington the desirability of granting reciprocity to Canada, are now arrayed in opposition to such a policy."

The late Sir John A. Macdonald, Sir Francis Hincks, George Brown, the Hon. Alexander MacKenzie, Sir George Cartier, Sir Hector Langevin, and many others during the past half century, have been most active and energetic in endeavoring to secure a measure of reciprocal trade with eighty millions of people.

"As to the possibility of annexation, nothing could be more absurd. Annexation of Canada to the United States could only be brought about by force or sentiment. As to the first, the people of Canada are solid in their resolution to do nothing which would injure the British crown and empire."

To sentiment, the prevalent feeling amongst our people is that we must remain under the protection of the United Kingdom.

"Notwithstanding everything said to the contrary, the prospect is that reciprocity will be carried in the dominion by a majority, tending in character of the desire of the Canadian people has been made.

to continue prosperity of the country along the most progressive lines, and to promote the undoubted desire of true international friendship."

Newspaper Paragraphs Picked Up By Our Reporters.

A large sail boat blocked traffic at the corner of Princess and Barrie streets, Saturday evening, about six o'clock. It was being transported on a truck when the hind axle broke, Ottawa fair opened to-day and quite a number from the city attended. The number was not nearly so large as that of those who went to Toronto as that is the more popular fair.

The Canadian National exhibition at Toronto closed to-day and the people flocked homewards over all the railroad lines giving the train men a very busy time.

The city parks are looking their prettiest these days and have been commented upon by many outsiders. The praise is due "Superintendent Phillips" and his able staff.

The police are looking for an owner for some apples and a chicken purchased on the market Saturday. The farmer was unable to find the address given him.

There was a very short session at the police court on Monday morning. One drunk was the only offender and he was taxed \$3 and costs or twenty days. A sanitary case was enlarged.
