

FAIR GETS SUPPORT

OF CONSERVATIVE FARMERS OF FRONTENAC.

Enthusiastic Reciprocity Meetings at Howe Island and Batterssea—Rev. Mr. Folkes, Harrowsmith, Speaks For Reciprocity.

R. H. Fair, the reciprocity candidate, had a very large and enthusiastic meeting at Howe Island, on Tuesday evening. It is presumed that ninety per cent of the ratepayers were present. The meeting was addressed by Mr. MacGregor, a prominent farmer from the county of Halton, and other gentlemen well posted on the subject of the hour. Howe Island is determined that Mr. Fair will have a large majority on the 21st. After cheers for the king and the reciprocity candidate, the meeting was adjourned about midnight.

Slogans in the County. The farmers are very enthusiastic, and each of the candidates meetings are largely attended. There seems to be one idea, and that is, Reciprocity for Frontenac. In one school section in Pittsburgh, no less than twelve prominent conservatives have pledged their support in favour of the agreement.

Meeting at Batterssea. R. H. Fair, the reciprocity candidate, spoke to a very large meeting at Batterssea, Tuesday evening. The chair was occupied by Isaac Holder, one of the oldest and most prominent ratepayers in that section. In introducing the speaker he expressed the hope that

farmers would take advantage of the first and only opportunity they have ever had to elect a candidate irrespective of politics in support of a larger market and farmers' interests. Rev. Mr. Folkes, of Harrowsmith, delivered stirring address on the issue of the campaign. He has been a conservative all his life, but feels it his duty to come out in the open and proclaim the benefits of reciprocity to the farmers, especially the farmers of Frontenac county.

Reciprocity Rally in Cataract. A meeting will be held in the town hall, this (Wednesday) evening. R. H. Fair, the candidate, and others will speak. Every ratepayer is urged to be present.

NEEDN'T HAGGLE NOW. Toronto Globe. At Cobourg Hon. Clifford Sifton said he "would not haggle about prices." No, why should he haggle over the selling prices of hogs or the buying prices of bacon? A millionaire—not to speak of a multimillionaire—is relieved from the vulgar necessity of haggling over food prices. But just because a few are millionaires the many must haggle or starve.

A policy which adds to the general prosperity of the country cannot injure the workingman; besides, reciprocity removes a heavy burden of taxation from the food which is so necessary to the workingman.

THE SPORT REVIEW

BOWLING GAMES ON QUEEN'S GREEN LAST EVENING.

The Collegiate Rugby Team at Work—Queen's Players Arriving—Notes on Sports.

Although the weather was very chilly and disagreeable, a game was played at the bowling green on Tuesday, this (Wednesday) evening. R. H. Corbett, by score of 15 to 8. During the game many fine shots were made. The teams: George McKellar, W. M. Campbell, H. J. McKelvey, J. M. Corbett, skip.

W. M. Montgomery, W. H. Wormwith, W. Jackson, G. S. Hale, skip. A Turcotte defeated A. B. Williams in the singles.

R.M.C. Sports. The annual aquatic sports held at the Royal Military College which are scheduled to come off Saturday always furnish a great deal of amusement for the large number of people who go over from the city every year to see the cadets at their best. This year the sports will be better than ever and the feats which will be attempted will surprise every one.

No Word From "Chaucer." No word has been received from "Chaucer" Elliott as to whether he will come to Kingston to coach Queen's rugby team this season or not. The wire sent to N. M. Leckie, captain of the team, at Hamilton, telling him to see Elliott and get terms, has not been answered yet. As soon as terms are received a meeting of the athletic committee will have to be called.

Will Organize Team. A meeting will be held soon of the soccer enthusiasts of the S.S.A.A.A. to see whether there is a possibility of the team entering the city league here with Queen's, C.L.C.'s and R.C.H.A.

Marshall is Here. "Jack" Marshall, the well-known Queen's hockey and rugby authority, arrived in the city Tuesday afternoon, being the first outside Queen's man to drift in. His appearance heralds the approach of other rugby men, and by the latter part of the week it is expected that most of the players will be here.

Collegiate Are Practising. This week the Collegiate rugby team has been doing a little practising every afternoon after school. The practices are scattered and only a few turn out each day. These workouts are mostly for the purpose of getting the stiffness out of the boys legs, after the summer's idleness, and by another week they will commence to get down to work in real earnest. Principal Sizer, as a coach, cannot be excellent, and with the new material, which he will have, it is expected he will get a good team together.

Notes on Sports. The Chicago soccer football team was defeated by the Corinthians of England by a score of 4 to 0. "Nap" Lajoie has passed Jackson and is crowding Ty. Cobb for the batting championship of the American Baseball league. "Bill" Carrigan, the former Toronto catcher, with the Boston Americans, is out of the game for the remainder of the season with a broken ankle. As the Philadelphia Athletics will be playing at home while Detroit is hitting the road, prospects for the pennant look pretty sweet to Connie Mack.

The National baseball commission has decided that if a player, after he is bought, becomes sick or dies after he reports, the agreement between the two clubs becomes null and void. The magnificent riding and driving of Major Straubenzie of the Hunt Club's team of Toronto was responsible for one of the greatest victories ever achieved on the Buffalo Country Club polo field.

There is also a strong probability of Bert Stronach, the flying Scot, whose play was the sensation of the Big Four in 1908 and 1909, returning to Ottawa. Stronach was transferred last year to British Columbia, where he has since been employed by the government.

A GREAT TREAT.

Sir Richard Cartwright to Speak on Friday.

The liberals have arranged for a public meeting in the city hall, on Friday evening, at which the chief speaker will be Sir Richard Cartwright, than whom there is no more eloquent a statesman in the dominion. Sir Richard will undoubtedly discuss reciprocity from the economic standpoint and a treat is in store for the citizens who are invited to attend and learn the real merits of the great pact.

Water Samples Test Good. Dr. Williamson, medical health officer, states that the last five samples of tap water examined by the bacteriologist of Queen's, shows freedom from contamination.

Mr. and Mrs. I. L. Asselstine, Earl street, have gone down to Ottawa, to spend a few days with their daughter, Mrs. Harold Raymond. See our special suit case, \$1.50; extra strong trunk, cheap at Dutton's, 209 Princess street.

Dean Bidwell spoke at general synod in London, Ont., against the ne temere decree. A committee will report on the matter.

The workingman, like the farmer, are doing their own thinking in this campaign. Capt. Alexander Milligan, of St. Catharines, is visiting in Kingston. Music—Orders taken for sheet music at Dutton's, 209 Princess street. Arthur Barr, of Montreal, is visiting his parents, at Inverary. Magistrate Lawson, of Elginburg, was in the city on Tuesday. And some people do not look as foolish as they are. Laurier is sure to win.

THE BARBERS REQUEST

Their Patrons to Come in Earlier Saturday Evening.

The recent agitation by the boss barbers of the city for earlier closing of the shops Saturday evening is being put in working order. Last Saturday evening all of the barber shops in the city, except two closed at eleven o'clock and those two said they would close next Saturday evening at this hour. This extra hour means much to the hair-cutters, who on Saturday are on their feet from eight o'clock in the morning, and in view of the fact that there are nearly always customers in the shops at closing time every one should get in as early as possible in the evening, and make it possible for the tired workers to get their well-earned rest.

COLD WEATHER HARD.

On Numerous Ice Cream Parlors of the City. There is no one in the city who views with dissatisfaction the lowering of the temperature more than the proprietor of the ice-cream parlor and just now he is in a fit of the blues. While many have been glad to see the cool spell come for comfort's sake the manufacturer of the hot weather stimulant would rather have the moderate warm weather. The cool spell of the past few days has been very hard on his business and if you drop into his store almost any time now you will find things very slack.

A BIG SAVING.

Government figures for the months of April, May, and June show that during those three months Canada imported foodstuffs from the United States to the amount of \$325,000 in duties was paid. Under reciprocity the consumer would have saved that amount.

A Yarker Couple Wedded.

A quiet wedding took place at Yarker on Tuesday morning when Elsie Maude Deare, daughter of George Deare, of Yarker, was united in marriage to J. E. Freebairn, of the same place. The wedding took place at eight o'clock in St. Anthony's church, where the Rev. Spencer performed the ceremony. The bridesmaid was Miss Jennie Taylor, of this city, and the best man was the groom's brother, Seymour Freebairn, of Yarker. The couple came into the city, and left in the afternoon on their honeymoon, to Toronto, Ottawa and other places, and on their return they will take up residence in Yarker.

Commencing To-morrow.

We will begin to-morrow to show and sell our ladies' and children's new fall hats. You will have over two hundred different styles of hats to choose from. No two hats alike. Moderate prices. This fall we are also showing a large variety of hat trimmings. By paying \$1 deposit we will lay aside any hat for a reasonable length of time. Corrigan's.

Why Be Hurt?

Why suffer pain from scalds, burns, cuts, bruises, sunburn, boils, ulcers, and run the serious risk of blood poisoning, when "Mecca" ointment will relieve the pain instantly—restore a healthy condition—and quickly heal? 25c. a 3 oz jar, at all druggists.

Store Struck by Lightning.

During the thunderstorm Tuesday evening a store near the wharf, where the steamer Aletha ties up in Picton was burned by being struck with lightning. The storm was more west of here than it was in this district.

Moving Office Downtown.

Dr. Ashcroft, the Osteopath, has leased the house, 136 Wellington street, opposite the post office, and will use it as an office after September 15th.

Has Gone to England.

Rev. W. R. Seaborne, Milford, in ill health for some time, has gone to England. The sea voyage may give him strength.

The country will go liberal by a big majority.

FOUND RIGHT PATH

After a False Start. "In 1890 I began to drink coffee. "At that time I was healthy and enjoyed life. At first I noticed no bad effects from the indulgence but in course of time found that various troubles were coming upon me. "Palpitation of the heart took unto itself sick and nervous headaches, kidney troubles followed and eventually my stomach became so deranged that even a light meal caused me serious distress. "Our physician's prescriptions failed to help me and then I dosed myself with patent medicines till I was thoroughly disgusted and hopeless. "Finally I began to suspect that coffee was the cause of my troubles. I experimented by leaving it off, except for one small cup at breakfast. This helped some but did not altogether relieve my distress. If satisfied me, however, that I was on the right track. "So I gave up coffee altogether and began to use Postum. In ten days I found myself greatly improved, my nerves steady, my head clear, my kidneys working better and better, my heart's action rapidly improving, my appetite improved and the ability to eat a hearty meal without subsequent suffering restored to me. And this condition remains. "Leaving off coffee and using Postum did this, with no help from drugs, as I abandoned the use of medicines when I began to use the food drink." Name given by Canadian Postum Co., Windsor, Ontario, Canada.

"There's a reason," and it is explained in the little book, "The Road to Wellville," in plags. Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Spiritual offerings were sent by P. Fowler, Vincent Fowler, Mrs. Annie Fowler, Miss Rose Fowler, Mrs. F. Meagher, Miss K. McCallum, Miss Minnie Halsey.

Sir Richard Cartwright will speak in the city hall on Friday evening.

ABERNETHY'S

OLD WILLIAMSVILLE

THE CENTRE OF BUILDING INDUSTRY IN KINGSTON.

Whole Streets of New Houses—Nelson, Victoria and Albert Streets Are Becoming Thickly Populated.

That Williamsville, the northwestern suburb of the city of Kingston is the centre of building operations at the present time is well-known to almost everyone, and that it will be the residential section of the city in a very few years is the foregone conclusion of a large number of people who have been identified with the rearing of a large number of residences in the last two years. This section of the city has grown something wonderfully during the past three years and it has puzzled many people to know why the population has not increased in the city more than it has. Before any of the houses are completed they are either sold or rented to people who occupy them as soon as they are habitable. This is an indication that the population is growing in this end of the town at any rate, or else the people are all moving up town, as one builder expressed it.

Nelson street has been one of the streets to enjoy most of the building and the street which a couple of years ago was the dropping off place of the town has block after block of fine brick houses so that now people who have not seen the street in a couple of years do not recognize it as the one they saw last.

Victoria street is on the boom now. One contractor is building a whole block of double and single houses and in a couple of years this street will all be built in.

Albert street has enjoyed its share of the erection of new homes but the vacant lots are all occupied now by fine large dwellings which are always filled.

One builder, who has confined most of his operations to this section of the city, has great faith in it for those who wish to invest there and is confident that in a few years the residents will have the street railway back there.

SCHOOL CHILDREN TO SEE

The Coronation Pictures on Thursday Afternoon. The gorgeous scenes in connection with the coronation procession by the Kinemascope in natural colors was again presented at the Grand Opera House last evening before a large audience. One of the most remarkable views presented was the street scenes of London, showing the principal points of interest in the great Metropolis, including the parliament buildings, Buckingham Palace, the Royal Exchange, Trafalga Square with the great fountains, the Strand, Pall Mall and Temple-Bar. The naval review at Spithead was portrayed so vividly that one would imagine that they were present in person. The "Day at Henley," was particularly interesting to Canadians, as was shown the Ottawa Club's eight-oared race with the Belgians, in which they came off victorious. The beautiful flower scene was also presented as well as the Marois natives from the White City.

On Thursday afternoon, at 4.15 o'clock, there will be a matinee for the school children at which the teachers of the public and separate schools are specially invited to be present, as they came off victorious. To-morrow night there will be an entire change of programme.

The Late James Quinn.

The funeral occurred, on Tuesday morning, to St. Mary's cathedral, Kingston, of the late James Quinn, of the township of Pittsburgh, and was very largely attended. The bearers were Dr. G. Bell, W. F. Nickle, James Rigney, L. W. Murphy, Patrick Fowler and James Baxter. The late Mr. Quinn was aged fifty-eight years and had been a resident, near Barriefield, for the past twenty-five years. He was a man highly esteemed in the community and is survived by a wife and two children, Bernard and Susanna, at home. He was a brother of B. Quinn, of Mountain Grove, Mrs. E. Bradden, of Kingston Mills and Mrs. W. Wilson, of Montreal. The late Mr. Quinn was a Roman Catholic in religion and a staunch liberal in politics. Sincere regret is expressed to those bereaved by many friends.

Harvest Thanksgiving Service.

Harvest Thanksgiving service will be held at St. Luke's church, on Sunday next, Sept. 17th. Rev. Walter M. Loucks, M.A., of St. Matthew's church, Ottawa, will be the special preacher at both services. Special music is being prepared by the choir. The church will be decorated with fruit, vegetables, potted and cut flowers and grain for the occasion.

Lightning in Nurses' Residence.

On Monday night a lightning bolt entered the nurses' residence of the general hospital and the display of fireworks in one of the rooms was very marked. None of the inmates received a shock, although they were very frightened.

A FINE SHOWING OF STYLISHLY TAILORED COATS For Fall and Winter 1911-12 \$10.50, \$11, \$17, \$23, \$25 We invite you to see these models, even if not prepared to purchase. Crumley Bros.

W. F. NICKLE CHOSEN

By the Conservatives to Oppose J. McE. Mowat.

The conservatives met in the city hall last evening to select a candidate to oppose John McDonald Mowat in the election for the dominion house of commons, and chose William F. Nickle, M.P.

The chair was occupied by W. Givens, president of the conservative association, who alluded to the delay in selecting a candidate by the liberals. He read a report from the executive committee laying the names of Dr. A. E. Ross and W. F. Nickle, M.P., before the meeting as available candidates. Dr. Ross then nominated W. F. Nickle, seconded by W. Frizell.

Mr. Nickle, on taking the platform, was given a fine reception. He made a speech dealing particularly with the local situation. He said that the Locomotive Works had been a factor in former elections in Kingston because of Mr. Hart's connection with it. This issue is now removed and the candidates would have to run on their merits. He was going to make reciprocity the issue as far as possible, and he was quite convinced that Kingston would be redeemed.

Married at Hoboken, N.J.

Mrs. Muriel V. Spencer, the wealthy owner of Hollywood Hotel, Long Branch, N.J., and the eldest daughter of Dr. Archibald P. Knight, Queen's University, was quietly married, Monday night, in Hoboken, N.J., to A. Lincoln Stadler, son of the late Max Stadler, one of the wealthiest merchants of New York, and a personal friend of President Lincoln.

Lightning in Nurses' Residence.

On Monday night a lightning bolt entered the nurses' residence of the general hospital and the display of fireworks in one of the rooms was very marked. None of the inmates received a shock, although they were very frightened.

The liberal party in Canada stands

to vote as the people, not for the few millionaires and the papal interests, who fondly imagine that they are the country. Quite a number from the city contemplate taking in the Michigan state fair which opens in Detroit next week. President Taft is to open the exhibition.

Constipation

Headache, biliousness, heartburn, indigestion, and all liver ills are cured by Hood's Pills Sold by all druggists. 25 cents.

LIBERAL MEETING

SIR RICHARD CARTWRIGHT

A meeting in the interests of the Liberal Party will be held in the

CITY HALL on FRIDAY, SEPT. 15th at 8 p.m.

To be Addressed by

Sir Richard Cartwright and Others

Every Citizen is Invited to Attend the Meeting.

R. F. ELLIOTT, President.

The Ballot is Secret.

No workman is under obligation to vote as his employer dictates. If the workman gives a fair day's work for his pay he gives the employer all he owes him, and all the employer has a right to expect. The workman's soul and conscience and vote are his own. And the ballot is secret. Nobody has a right to know and nobody can find out, how it is marked.

Miss F. Saunders, of this city, who has been visiting her sisters in Troy, N.Y., left that city this week to visit friends in New York and Atlantic City.

Many who fall with the older and heavier systems prove highly successful with 30-Day Sylla-bic Shortland.

Miss Edith Friendship has returned home after spending ten days with friends in Toronto and Bowmanville.

Headache, biliousness, heartburn, indigestion, and all liver ills are cured by Hood's Pills Sold by all druggists. 25 cents.
