**CONTEMPLATING A PLUNGE.**

It is believed that the local government contemplates a general appeal to the electors, and for the reason that this is a good time in which to have it. Several seats have been rendered vacant by the former members running for and securing places in the federal parliament, and the thought has occurred to the government that it might as well have a dissolution of the provincial house and an election of all its members. There is speculation as to the probable outcome. The White

**A NAVAL REFERENDUM.**

Mr. Borden has pledged himself in the most definite manner to repeal the legislation passed by the Laurier government creating the Canadian navy, and to do nothing in the way of a permanent alternative policy until such policy is first submitted to the people of Canada in a special referendum, and approved by them.  
 The Winnipeg Free Press, while not desiring to attempt the role of prophet, ventures to express the opinion that when the naval scheme that has to be evolved by the wisdom of Mr. Borden and his colleagues is brought

**OCCUPATIONS OF MINISTERS.**

The defeated ministers of the federal government are occupying some attention. The older ones—Mr. Fielding, Mr. Patterson, Mr. Templeman, Sir Frederick Borden, and Sir Richard Cartwright—will probably seek the rest which comes so happily after a long and strenuous career. They have been active spirits in their several walks of life, and they can still, if they desire it, apply themselves usefully, and find a pleasure in their tasks. They have earned rest, and will likely seek it. Mr. Fisher resumes farming, in Thorne, Que. He has always kept his hand and worked it, under direction. Now he will be Farmer Fisher with nothing to divert him from the occupations of the hour, Mr. King will not be idle. He declined a professorship in Harvard when

**THE POLITICAL ENGINEER.**

Some years ago a leading American magazine contained the pictures of two distinguished engineers, in a political sense, engineers who, in their class, had much to do with moulding the plans of great undertakings, and moulding the public opinion that gave effect to these plans. The pictures and the articles were suggestive.  
 One thinks of them as he reads of the pilgrimages that have been made across this continent by all sorts of discoverers and delegations under direction, of our own, George H. Ham, He is a journalist, who some years ago left the field to accept the forum, and become the active representative of the C.P.R., in so many expeditions across America. He has just finished a transcontinental journey with the English editors, who were induced to visit this land of magnificent stretches, and have gone back to the old land with more ideas than they will be able to indite in many a day. These ideas grew out of daily and astounding observations.  
 The September number of "Western Progress," gives a brief summary of what nine American editors and agricultural experts have had to say of our Canadian North-West. Most of

**EDITORIAL NOTES.**

The Social and Moral Reform party is going to extirpate race track gambling and the social evil! It has a contract of amazing proportions.  
 It is promised that Mr. Borden will complete civil service reform, and extend the system to the outside service. He can do it, but will he?  
 The tariff reformers of Britain think the Canadian election will promote their plans. How? The British government is not inclined to begin any system of taxation so that under it a preference may be shown for Canadian products. Nor is the Canadian government likely to invite any act which would favour this taxation, without a tariff how can there be a preference?

**PUBLIC OPINION.**

**A Hard Task.**  
 Toronto Globe.  
 Borden's first hard task will be to tell the British Admiralty that Bournassey won't let him build a Canadian navy.

**Only the Scare, Then?**  
 Brantford Expositor.  
 Mr. Borden says that Thursday's verdict was not the result of a spirit of unfriendliness to the United States. Then why were the stars-and-stripes made such wholesale use of and taunt exhibited as a scarecrow?

**Saying Three Things.**  
 Ottawa Free Press.  
 It is almost worth the price of defeat to read the tributes of the conservative press these days to Laurier's probity and patriotism. It is better to have these things said while he is alive than after he is dead.

**Opposition That Counts.**  
 Toronto Globe.  
 "Let there be no mistake, that body of men (the liberal survivors), unhampered by administrative details and uncurbed by patronage, will give parliament and Canada what has not been known in Ottawa in fifteen years—an opposition that really counts."

**Canada's Decision.**  
 Oswego Times.  
 Canada with her superb industrial wealth and substantial future has chosen as she has a perfect right. The hearts of our achieving people, with the opening of the Panama canal, will turn more and more to the southward and Canada will miss some industrial opportunities.

**CHARGED WITH BIGAMY.**

**Told Marriages in England Were Void in America.**  
 San Bernardino, Cal., Sept. 28.—T. Snell and Mrs. Fanny Rutter, charged with bigamy, were arrested on request of the police of London, Eng. The pair were married in Los Angeles, but say they did not know they were committing a crime as they had been told that marriages in England were null and void in the United States. Both were previously married; it is alleged, in Stockport.

**Death After a Scratch.**

Morris Quatman, an eleven-year-old Windsor boy, fell off his bicycle and scratched his wrist. He thought nothing of the injury, but blood poison set in and he is dead.  
 Such incidents as these—by no means infrequent—ought to make people realize the danger that may lie even in the smallest flesh wound.  
 Take a simple illustration. When a knife, a rusty needle, a splinter of the broken wood, a barbed wire fence, or a thorn, scratches the hand, the latter is inoculated with germs of which the air about us is full.  
 The way to avoid serious results is to cleanse the wound and apply Zam-Buk. Zam-Buk is a powerful, yet painless germ-killer, and when applied to the broken skin is absorbed into the tissue, instantly destroying the germs that spread disease and stopping the pain and smarting. That is why Zam-Buk is so popular with children.  
 The flesh thus soothed and purified, the wound is made perfectly healthy, and all poison and cause of festering removed. Having done this Zam-Buk then proceeds to heal the wound or sore, and new healthy tissue is built up in a quick, painless and perfect manner.  
 Zam-Buk must not be confused with ordinary ointments. Zam-Buk is a unique preparation, possessing anti-septic, soothing and healing qualities that are not to be found together in any other preparation. It is not only a unique healing balm, but it is also a skin food. For all skin diseases and injuries—cuts, bruises, burns, eczema, chafing, ulcers, ringworm, etc., it is without equal. It is also used widely for piles, for which it may be regarded as a specific. All druggists and stores sell at 5c, a box; or post free from Zam-Buk Co., Toronto, for price. Refuse harmful imitations.

**Married in Kingston.**

Verona, Sept. 27.—To the surprise of the villagers, a wedding party left this morning for Kingston, to have the ceremony performed by Rev. J. Roadhouse, a former pastor of Verona. The bride is a popular and much esteemed young lady, Miss Grace Trousdale, while the groom is C. D. York, a very popular and prosperous farmer, of Belleville. The bride, on travelling away wore a very superb gowning suit of blue-gray broadcloth, with velvet hat of leather shade heaven felt with blue gray ostrich mount. After the ceremony the bride and groom will take the Grand Trunk for Toronto, Niagara and Buffalo, returning in about ten days, when a reception will be held at the residence of the bride's father, A. Trousdale.

**"Lady Napier" Directed.**

St. John's, Nfld., Sept. 28.—When the crew of the British brig Lady Napier were forced to abandon their vessel in mid-ocean about ten days ago they were fortunate in having within signalling distance the British schooner Mildred, which took them aboard and brought them here today.  
 The Lady Napier, a 245-ton craft, left here September 5th, bound for Bahia. Less than a fortnight out, Capt. Dean decided that his crew's safety demanded abandonment and galloped the Mildred, which was headed for St. John's from Oporto.

**Born Three Days Apart.**

Muskegon, Mich., Sept. 28.—Mrs. Grant Devore, of Muskegon, a village near here, has given birth to twins, the babies being born three days apart. One child is exactly seventy-three hours older than the other. Physicians say the case is almost without a parallel in medical history.  
 Fountain pens, all styles, at Mahood's drug store.  
 The Pennsylvania railway will start a publicity campaign against high heels and hobnails, holding that both "evils" are the causes of accidents.

**DECIDES AGAINST PARK.**

**Decides Case by Stipulation After Jury Disagrees.**  
 Justice Arthur Landon, Fine View, N.Y., has done what six of his neighbors were unable to do, by deciding the case of Silas W. Foster against the Thousand Island Park Association. The case was tried before Justice Landon and a jury and the jury was unable to agree after which by a stipulation the attorneys and parties agreed to leave it to the court to make a decision. He found for the plaintiff for \$145.53, and costs, the full amount claimed.

The action was brought to recover for construction of a rogue court on Thousand Island Park, built by Mr. Foster last fall. A concrete border was placed around the court by Mr. Foster, he claims by order of certain of the trustees. The defense contended that the permission given him to build the court was void on account of the fact that it was not ordered at a formal meeting of the board of trustees and further that the instructions, were withdrawn. Trustees Lewis, Goodale and Brown directed that he should not build it where he did.

Four members of the Crawford family in New Orleans, have died under mysterious circumstances within the last fourteen months. Annie Crawford, a sister, was strangled on Wednesday, as she is a beneficiary of insurance policies on the lives of those who have died.  
 Theatrical powders and grease paints, etc., at McLeod's Drug Stores, Aeniluis Jarvis & Co., Toronto, are the successful tenderers for an issue of \$25,000.00 debentures of Smith's Falls.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease therefore requires constitutional treatment. Halls' Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. 15c. Take Hall's Family Pills for constipation.
