

THERE WILL BE AN EXCHANGE

The Liberals Must Give Up Their Rooms to the Conservatives.

They Must Be Content With Room 89 and Other Smaller and Worse-Ventilated Rooms--Sir Wilfrid and Borden to Exchange Rooms--New Sessional Clerks.

Ottawa, Ont., Sept. 29.—When Sir Wilfrid Laurier vacates the premiership he will not only have to give up his room in the eastern block to Mr. Borden, but he will also have to vacate the rooms which he has occupied in the north-west corner of the commons building, and he will take up his quarters in room 89, which has for some years past been Mr. Borden's office, and which will now become the office of the new leader of the opposition. The furniture is not likely to be materially changed, though possibly some of the pictures and other private property may be transferred with the individual statements.

It is not yet decided whether Sir Wilfrid will take his private secretary, E. J. Lemaitre, with him into opposition. The general rule is for a private secretary to be absorbed into the department with which his minister

points. All the grills will have to go, and good conservatives will take their places. So that it is quite evident that a lot of new faces will be seen around the buildings when parliament reassembles.

The attempt made by a delegation of conservatives from the Eastern townships to get a portfolio for Rufus H. Pope is not likely to succeed. In the first place, there can only be one or two ministers from the English-speaking sections of Quebec, and Messrs. C. H. Perley and H. B. Ames have the call. Then, Pope was one of the leaders in the cabal against Mr. Borden, and things like that are not soon forgotten. Rufus will probably have to be content with the vacant senatorship from the townships, caused by the death of the late Hon. G. B. Baker, and which was likely to go to Hon. S. A. Fisher, if the liberals had been sustained.

Cochrane's Successor.

Toronto, Sept. 29.—Should Hon. Frank Cochrane enter the Borden cabinet his successor in the Whitney government will be a man from the north, sitting for a northern constituency. W. H. Hearst, M.P., for Saalt Ste. Marie, would be the new minister of lands, forests and mines, according to a well known supporter of the government who lives in the north. Mr. Hearst is a lawyer at Saalt Ste. Marie.

The Changed Standing.

The victory of Hon. Jacques Bureau in Three Rivers takes one from the list of nationalists shown in previously published tables of standing in the new parliament, and adds one to the liberal total. The amended standing follows:—

Table with 3 columns: Const., Libs., Nats. Rows include Quebec, Ontario, New Brunswick, Nova Scotia, P. E. I., Manitoba, Saskatchewan, Alberta, British Columbia, and a total row.

The total number of cabinet ministers defeated is now reduced to seven.

A Very Short Session.

Ottawa, Sept. 29.—Applications for all sorts of places, from high commission and portfolios down, are being showered upon Mr. Borden, and to all of them he is promising "consideration" and saying nothing more.

It is expected that the first session of the new parliament will last but little over a month. Thirty days should suffice for passing the estimates, and will qualify members to draw the full sessional indemnity, to which they feel entitled, the older ones on account of the great length of last session, and the new men because of recent expensive experiences.

Hon. Frank Cochrane, minister of lands, forests and mines, in the Ontario legislature, has been summoned to Ottawa to confer with R. L. Borden. It is understood that a position in the cabinet will be offered to him.

Hamilton Synod Discusses Marriages in Border Towns.

Hamilton, Sept. 29.—The report of the committee on the state of the church presented to the Anglican synod of this diocese, now in session here, pointed out that nearly half of the marriages solemnized in the diocese were performed in the deaneries of Welland and Lincoln, which lie immediately along the international boundary line, and intimated that the Anglican ministers in these deaneries should be more circumspect in marrying couples coming to them from the United States.

TOILED DISGUISED AS MAN.

Charge Lodged Against Farmer Holding Woman Under Contract.

Duluth, Minn., Sept. 29.—Garbed in the attire of a man, in which she worked as a laborer on a farm near Duluth, Wis., according to an agreement made between her father in Italy and her cousin, which was to be binding for five years, Monica Dossetta, thirty-five years old, was brought here by United States immigration officers yesterday. Peter Devero is the farmer who, they charge, had this contract.

The woman is about four feet six inches tall and weighs less than one hundred pounds. When she arrived at the Devero farm in May, 1910, she declares she was made to don overalls and set to work as a laborer. After the day's work was over she had to saw wood, she charges.

Catch Deer Out in Ocean.

Boston, Sept. 29.—All was not fish that came to the net of two North End fishermen yesterday. A mile off Boston Light they sighted a three-year-old deer swimming in the water. They captured it and turned it over to the police. Not knowing what to do with the deer, the police will consult the Game Commissioner.

Beans Poisoned Them.

Woodstock, Sept. 29.—W. H. Wilcox, manager of the Woodstock Opera House, and Mrs. Wilcox, had a narrow escape from death from ptomaine poisoning as a result of eating pork and beans at a local restaurant.

INCENDIARIES WORK ON FRENCH WARSHIPS

Two Other Fires Were Reported on Day the Liberte Blew Up.

Toulon, Sept. 29.—Despite the opinion of the naval officers it is confirmed that fire broke out on the battleships Patrie and Suffren on the same morning that the Liberte was destroyed. This adds to the general mystification.

Lieut. Garnier, who was temporarily in command of the Liberte at the time of the explosion, was asked by one of the junior officers some time before the final explosion if the magazines ought not to be flooded. He replied "wait," apparently having in mind the fact that the commander of the battleship Benouville had flooded his magazines when fire was discovered near them four months ago, and later was caused by a board of inquiry for premature flooding, resulting in the destruction of ammunition worth \$10,000.

When Lieut. Garnier gave the order to flood the magazines it was too late.

Sheep for Quebec.

Quebec, Sept. 29.—At a sale at the New Brunswick exhibition at Fredericton the Quebec government made a number of purchases, including five Cotswolds at \$30 each, and three Oxford Downs, one at \$51, one at \$38 and one at \$25. The animals were from the offerings of James E. Teller, of Markhamville, N.B. Some of the animals were imported from Britain and prize winners at old country shows last year. All of them were prize winners at Canadian shows.

Ottawa, Sept. 29.—The James McLaren company of Buckingham has awarded a \$200,000 contract to Haney, Quinlan and Robertson of Montreal to build a dam across the Lievre River above High Falls, twenty-four miles from Buckingham, for log-driving purposes at the present and for power development in the future.

A MISSIONER WAS ENSLAVED

By a Chinaman to Whom She Benevolently Taught Religion in New York.

New York, Sept. 29.—Six thousand dollars' worth of crude opium that had been smuggled was seized by government officers in a raid on four shops in the Newark (N.J.) Chinatown yesterday. The raid followed the federal agent's arrest of a Chinaman on a ferryboat going from Jersey City to New York, he had \$1,500 worth of opium in a suit case.

Four Chinamen, one Charlie Song, and an American woman, Mrs. Charlie Song, were taken yesterday, but Mrs. Song was permitted to go free. It is hinted that the first arrest and the raid were made possible by information she gave.

Mrs. Song declares she is weary of "the life of slave" she has been leading to which Charlie Song forced her to descend after she had been a Methodist missionary among the Chinese of Newark. She charged, too, that Song has been trying to poison her.

Mrs. Charlie Song said her maiden name was Mabel A. Weis, that she is the daughter of a prosperous farmer of Washington, Warren county, N.J.,

She married a man named Wayton, who died four months later. Then she went to Newark and joined the Centenary Methodist Episcopal church, one of the leading Methodist churches of the city. She said she took up missionary work among the Chinese pupils of the church's branch Sunday school.

There she met Charlie Song seven years ago; he was intelligent and seemed particularly anxious to be taught religion, and, incidentally, English. She fell in love with him, and listened more readily to his importunities to marry him, because, she said, she hoped to accompany him to China, and with his aid to find a larger field for his missionary work. The Rev. G. H. Dowkott, 90 Madison street, this city, married her to Song in 1905, Mrs. Song said.

Song had professed Christianity and for several months they travelled together doing missionary work. Then Song opened a tea store in Newark, he quickly reverted to paganism, his wife said, and made a slave of her to be disposed of as he saw fit.

ITALY HAS DECLARED WAR

The Fighting Squadrons of the Two Nations Are at Tripoli.

Italian Cabinet Had Protracted Session But Agreed on War --People of Both Countries are Opposed to Conflict Which May Shake the Moslem World.

Rome, Sept. 29.—Italy declared war on Turkey this afternoon after a protracted session of the cabinet.

Battle May Have Begun.

Rome, Sept. 29.—The state of war between Turkey and Italy commenced at 2.30 o'clock this afternoon, the declaration giving as the reason that Turkey has failed to meet the demands contained in Italy's ultimatum. It is believed here that the minister of marine has wireless the Italian fleet to act immediately, and if this is true a big naval battle may have commenced already. Italy has issued reassurance for the safety of Italian and other European residents of Tripoli.

The View in London.

London, Sept. 29.—Following the announcement of the declaration of

government of Turkey had abandoned Tripoli and Cyrene. These regions should be admitted to the benefits of the progress realized by other parts of the Mediterranean and Africa.

"This transformation, which is imposed by the general exigencies of civilization, constitutes for Italy a vital interest of the first order, by reason of the slight instance separating these countries from the coast of Italy. Notwithstanding the attitude taken by the government of Italy, which has always accorded its loyal support to the imperial government in the different political question of recent times, notwithstanding the moderation and patience shown by the government of Italy, its services concerning Tripoli have been badly received by the imperial government, but more than that all enterprise on the part of Italians in the regions mentioned has been systematically opposed and unjustifiably crushed."

Would Shake Moslem World.

London, Sept. 29.—The Rt. Hon. Amour Ali, member of the judicial committee of the Privy Council, and a noted authority on Mohammedan law, writes to the Times, pointing out the gravity for Great Britain of an Italian invasion of Tripoli. He says: "A hundred million Mussulmans acknowledge the British way, and the fury and hatred which such a war and unwarrantable act of aggression would be sure to give rise to will react in every part of the Moslem world, Egypt and the whole of northern Africa will be immediately affected, and the work of conciliation and the progress of good-will will be thrown back by centuries.

"I appeal to every lover of peace and good-will to protest with all his power, before it is too late, against this flagrant breach of all the canons of international morality on the part of a nominally Christian country."

Powers Won't Interfere.

Constantinople, Sept. 29.—There is bitter disappointment here over the reply received from several Powers to Turkey's appeal that they intervene between Italy and the Porte in the matter of the occupation of Tripoli. Turkey is prepared to concede almost every possible condition in order to save her face, and preserve her territorial integrity, but Italy's demands are regarded here as extreme.

To Fight for Italy.

Ottawa, Sept. 29.—Twenty-five Italians from here leave, to-day, for Montreal, to sail immediately for Italy, to fight for their country. This was prior to the declaration of war. There will be many from all parts of Canada at once return to Italy. Big funds will also be raised.

CHINESE PREMIER RESIGNS.

Yuan Shi Kai, Who May Succeed, is Popular. Peking, China, Sept. 29.—The premier, Prince Ching, whose resignation before the reassembling of the Tzouheng Yu, on October 22nd, is a foregone conclusion, has recommended to the

regent as his successor, Yuan Shi Kai, formerly a grand councillor and member of the board of foreign affairs, as the ablest man available.

If the regent appoints Yuan Shi Kai to the premiership, it will indicate, it is considered here, that the palace is alarmed at the state of affairs throughout the country, and is determined to pocket its pride and recall to office a Chinese who has the confidence of the people.

AN OFFICIAL RESIGNS.

Mr. Sutherland, Land Agent at Calgary, Will Retire.

Calgary, Sept. 29.—J. R. Sutherland, dominion government land agent, has sent his resignation to the department of the interior. He took such an action, believing that Mr. Bennett would carry out the threat he is said to have made on election night, to clear out the offices at Calgary, and "fire" every official who took any part in politics.

GREENSHIELDS BEHIND PLOTS.

According to the Statement of David Russell.

Montreal, Sept. 29.—David Russell was cross-examined at a considerable length, this morning, as to his relations with women when his suit for two hundred thousand dollars against the Pinkerton detective agency, was being tried. According to Russell's own statements, J. N. Greenshields, with whom he was having a legal dispute about western lands, was behind the plots hatched against him.

The designs for the new gold coinage to be issued shortly have been announced.

SIR JAMES W. BENNETT offered the premiership of justice by Leader Borden.

is connected. But there is such close friendship between Sir Wilfrid and Lemaire that it is likely that the latter will follow his chief. Nothing has been decided yet as to the private secretary of the new premier, A. E. Blount, secretary to the leader of the opposition since 1896, has done yeoman service for Mr. Borden, and is believed to be slated for promotion, in which case a new man will have to be brought in.

But the transfer of the leaders' rooms will represent but a trifle in the general shake-up which will take place in the commons building. Room 16, opposite the commons chamber, will be handed over to the conservatives, and the liberals will have to be content with the smaller and worse ventilated rooms. That, of course, is part of the fortunes of war, and will be accepted with equanimity.

Another effect of the change of regime will be the practical remodeling of the staff of sessional clerks and messengers. These are all party ap-

A BIG ROBBERY DISCLOSED AT HAMILTON

A Night Clerk Who Was Tied Up--Enquiry is Being Made.

Hamilton, Sept. 29.—When the drivers and the manager of the Canadian Express company arrived at the office this morning they found the night clerk bound, hand and foot, lying on three coats, and somewhere between eight and ten thousand dollars missing from packages that had been left there last night. The night clerk said that at about three o'clock masked robbers entered the building, held him up at the point of a revolver, then tied him up and made away with the cash. They did not gag him, however, and nobody heard him cry out. The night clerk, whose name is withheld, has been identified with the detectives and company officials all morning.

George Kennagh, the agent, was placed under arrest at noon. He was only in the employment of the company a short time.
