APPLICATIONS OPENED

BUT APPOINTMENT OF ENGINEER WAS DEFERRED.

Twenty-three Applications Were Received for the Vacant Position—May Make Recommendations on Thursday.

The questions of the appointment of a city engineer, came before the members of the board of works, at the first regular meeting of the board since the summer vacation, on Monday afternoon, but no definite action was taken. Applications for the position were opened and discussed, but no decision was arrived at. A sub-committee was appointed to look into some details regarding the applications, and another meeting will be held on Thursday afternoon, and at that meeting, there is a possibility of a recommendation being made for the city council on Monday next, regarding who will be chosen to fill the position of engineer.

Altogether, there were twenty-three applications received for the appointment, from different places in Canada, and two applications came from across the border, showing that Kingston is regarded as a most favorable place of residence, when there is a vacant position.

There were three local applications, from the assistant engineer, R. J. McClelland, E. R. Beckwith and George C. Wright. The assistant engineer offers his services for \$1,200 a year. The salary asked for by the applicants ranges all the way up to \$3,000. The former city engineer received \$1,000.

The outside applicants include the following, all of whom claim to have had considerable experience in engineering work: John L. Thomas, Westmount; E. P. Clarkson, Peterboro; H. D. Brown, Toronto; Nellis Ferguson, Stratford; John M. Hunter, Montreal; H. J. Ross, Toronto; Arthur S. Carson, Montreal; Frank Chappell, Oshawa; George Reaks, Sydney, N.S.; R. L. Squire, Ottawa; H. B. Armstrong, Toronto; A. Witham, Toronto; George F. Mallon, Chicago; W. F. Grant, Toronto; David McLeod, of Ithaca, N.Y.; Henry S. Tause, with C.N.R., at Cobourg; R. H. Murray, North Toronto; H. E. Rutledge, Montreal; Ray R. Knight, Toronto; J. J. Wilson, Moosejaw.

The board has practically no other business, outside the matter of appointing an engineer.

Ald. Harrison made application on behalf of himself and W. Gilbert, of Napanee, to have city open up a street from Centre to Beverley streets, to meet the requirements when the property in that section is built upon. The matter was referred to the chairman, Alds. Bailey and Carson, and assistant engineer to report up on.

The chairman, Ald. Rigney, presided, and the other members present were: Alds. Toye, Carson, Baisey and Harrison.

KINGSTON LACKS ICE

LOCAL DEALERS HAVE EXHAUSTED THEIR SUPPLY.

The Forecast Made a Week Ago Has Come True—Householders Will Miss the Article—Ice Cream Parlors May Have to Close Down.

"The ice supply is done." This is the cheerless message that the men are imparting to the householders of this city, as well as the ice cream manufacturer, for the ice in the city has been used a great deal faster than the dealers anticipated in the spring when they were putting in their supply. An article in these columns a few days ago quoted a local ice man as saying that the supply could not last more than a few days and now comes the statement that it is gone altogether.

This will not only affect the householders, who use the commodity to keep their butter, meat and vegetables cool, but it will affect the hotels who can scarcely do business without it. The ice cream man will suffer perhaps the most severely for ice is the mainstay of his business. Soft drinks will have to be given the go-by now for they do not taste good when warm. The druggists who have been conducting an ice-cream business during the winter season will not mind this turn of affairs much for they intended closing this part of their business in a few days anyway and some of them have already closed. The out and out ice-cream parlor will be seriously impaired unless a way can be found to meet the contingency.

Other years when the supply ran short the dealers here were in the habit of importing it from other places, such as Toronto and Ottawa, besides places in the Parry Sound district, but evidently the dealers in these parts have the same problem to face, for upon inquiry on the part of the local dealers it has been made plain that there is no ice to spare there either, or else someone has prophesied the state of affairs and has cornered all the ice in the market.

MARINE TIDINGS.

Grain Carriers Are on Way to This Port.

The steamer Neepawa passed up, on Tuesday.

The steamer Sowards cleared for Charlotte.

The steamer Regina passed up, also the steamer Wahoonah.

The steamer Missisquoi was in port, from Antwerp, yesterday.

The schooner St. Louis cleared for Charlotte with a cargo of fish.

The steamer Waterbury passed up on her way from Montreal on Monday.

The steamer Buena Vista arrived from Bideau points, Monday night, and will clear again on Wednesday morning.

The steamer Alexandria passed down on her way to Montreal, Monday night, with a very heavy cargo of freight.

The steamer Plummer, grain-laden, from Fort William, lightered her cargo at the Turret Cape, the Turret-Chief and the Gordon. The steamer amount is due to arrive on Thursday, from Fort William, to discharge grain.

Three grain carriers are due to arrive at the M. T. company's elevator on Wednesday, from Fort William, to discharge. The steamers to discharge are the Turret-Chief, the Turret-Chief and the Gordon. The steamer amount is due to arrive on Thursday, from Fort William, to discharge grain.

Write for list of slightly used upright and square pianos at bargain prices. Nordheimer Piano Co., Ltd., Toronto.

James W. McKee, Belleville, has accepted the position of foreman of the forging department for the Rathbun company, Deseronto, as they have very large orders for the C.N.R.

You are assured of fair dealing and courteous treatment when purchasing a piano from the Nordheimer Piano Co., Ltd. Kingston warehouses, Kirkpatrick's art rooms.

A. I. Geen a Belleville druggist, is one of the oldest merchants, having on Monday completed the fortieth year of his life as a business man in that city.

Charles H. Holgate and Miss Maggie Emerson, students of Thurlow township, were quietly married on Wednesday.

NO MISERY FROM STOMACH.

Gas, Dyspepsia, Sourness and Indigestion Go In Five Minutes.

Every year regularly more than a million stomach sufferers in the United States, England, and Canada take Pape's Diapsin, and realize not only immediate but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a 50-cent case of Pape's Diapsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Belief in five minutes from all stomach misery is waiting for you at any drug store.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

ABERNETHY'S

SUNDAY SCHOOL WORK

WAS THE TOPIC OF SEVERAL ADDRESSES.

At the Princess Street Methodist Tea—Elmer Davis Declared That the Politicians Were Just What the People Made Them.

The anniversary services, on Sunday, in connection with the foundation of the Sunday school in Princess Street Methodist church, were followed, on Monday evening, by the usual ten and concert. The tea was served in the schoolroom, and at six o'clock the building was filled with the first sitting. The ladies of the church prepared a bountiful repast.

A few minutes after eight o'clock the gathering was called to order by the pastor, Rev. F. G. Robinson, and the concert was opened by the singing of a hymn and prayer by Rev. W. K. Shortt. Elmer Davis was called to the chair and said he always enjoyed occasions of this sort and had looked forward to attending one of these gatherings at Princess street, but this was the first opportunity he had had. Miss Irena Jenkins and William Mack favored the audience with a duet, entitled, "Love Divine," followed by a solo by C. F. Trimble.

Rev. S. Selley congratulated the people on the success of the entertainment, and was pleased to learn that the Sunday school was one of the best in the city. He said there was no stronger enthusiasm in the Sunday school at the present time. If the Sunday school workers were half as enthusiastic as the political workers in the recent election, the Sunday school would be much farther ahead.

"The man who offers money to another for his vote is a devil incarnate, and the man who accepts money for his vote has no manhood left," said Mr. Selley in concluding his talk. William Mack then rendered a solo in his fine tenor voice. Miss Grace Mitchell, the talented young soprano, delighted the audience with a short selection.

Rev. T. W. Neal, pastor of Sydenham Street Methodist church, spoke briefly and to point on the Sunday school. This institution was doing a good work, but it was a lamentable fact that many went through the Sunday school and the church and yet were found among the wreckage of life. He believed it depended a great deal on the officers and teachers of the school. They must be as near perfect as possible in order to do good work.

Before Rev. John Webster spoke, Miss Irena Jenkins sang delightfully. Mr. Webster spoke interestingly on the work of the Sunday school and the need of workers who are willing to sacrifice something to advance the cause of Christ. After Miss Grace Mitchell had tendered the closing solo, Elmer Davis took issue with the statements made by Rev. Mr. Selley in regard to the political arena, and how it has been corrupted by bribery and other means. He said politicians were just what people made them and that they stood for just what the people wanted them. If they wanted the ideals of the politicians raised, the ideals of the community must be also raised. Rev. Mr. Robinson, pastor of the church, spoke at the close.

HUSBAND LOSES SUIT.

Wife is Declared Sole Owner of Little Farm.

William Burrows, of Kitley township, Leeds, and his wife, Dinah, were wed in 1871. Twenty-one years passed, and the couple decided to buy half a lot that adjoined five acres owned by Mrs. Burrows, and to build thereon a home. They did so, buying in the wife's name, and the husband, who is a carpenter, did most of the work, and supplied most of the material for the house. The husband says he was to receive a half interest when the \$1,100 mortgage was paid off. Instead, after the mortgage was paid off, he found he had to seek quarters elsewhere, as his family had decided to get along without him. He brought suit for his half interest.

His claim is dismissed by Justice Britton, who suggests that if the plaintiff finds he is not wanted at home, he will earn his living apart from his very capable family.

A home wedding occurred on Wednesday at the residence of Mr. and Mrs. Iverson Hatfield, Melrose, when their daughter, Miss Eva Pearl, was married to Stillman E. Haight, of Tyndalanga.

Enjoy the works of the great masters by having a Nordheimer player piano in your home. Write for catalogue. Nordheimer Piano Co., Ltd., Toronto.

BLACK KNIGHT STOVE POLISH

Has the "Black Knight" come to your home? Let him show you the quick and easy way to shine the stoves. "Black Knight" takes all the hard work and dirty work out of stove polishing. It's a paste—so there is no watery mixture to be prepared. Just a few rubs with cloth or brush brings a mirror-like shine that "you can see your face in." And the shine lasts!

Most dealers handle and recommend "Black Knight" Stove Polish. If your dealer cannot supply it, send for a big can—sent postpaid.

MISS MARIE LEONHARD

As "Jocelyn" in "With Edged Tools," at the Grand on Thursday, Oct. 6th.

THE WATER IS VERY LOW.

Local Boat Owners Have a Problem Ahead of Them.

The water in the harbor at the present time is very low, in fact some have said that they cannot remember it having been so low at this time of the year. The absence of motor boats in the harbor is due to one fact and that is they cannot get their boats out of the boathouses. Those who have boats at the different liveryies have found it impossible to get their crafts out, owing to the fact that the stone piers supporting the houses have shown themselves above the water and the space is not wide enough to get the boats clear. Some of the owners have slung their boats in ropes to keep them from banging themselves to pieces on the rocks. The boat owners are hoping that when the wind changes from its present position in the north, which has been driving the water out, that it will rise again sufficiently to allow them to have a few more cruises before the harbor closes over with ice.

Marsh is on Fire.

The marsh in the vicinity of the G.T.R. outer depot is on fire. The fire was started purposely, and is being watched all the time to prevent it from doing damage to any of the dwellings in the vicinity. It is fired in this way every fall to prevent it starting in the night and possibly doing damage to fences or buildings within reach.

Will be Repaired.

A bad piece of work on Upper William street, between Barris and Division streets, will be repaired at once. The walk is minus a couple of planks and has been giving a great deal of trouble. Ald. Harrison brought the matter in the attention of the board of works and it will be attended to.

On Sunday morning Miss Elizabeth Sheppard, a maiden lady, passed away at the residence of her nephew, James Hamilton, near Plainfield. She passed away in her sixty-ninth year and had retired all her life in Thurlow.

A special glycerine soap, good value, 12 for 25c., McLeod's Drug Stores.
