Range produces sure results.

You can depend that time spent preparing tasty dishes has not been wasted and the many labor-saving conveniences it possesses will out your work in half.

Take the Illuminated Oven Door for instance. Through it you can observe the progress of cooking without opening the oven door and cooling the oven and filling the kitchen with the odor of cooking. Then there's the Patented Damper. With it you can keep the heat under perfect control, direct it to any part of the range you desire, and heat as many parts of it as you wish at the same time.

A Happy Thought Range means more results and less trouble. Drop in the next time you are passing and see one.

More than a quarter of a million "Happy Thoughts" are in daily use in Canada.

## THE FAIR AT ARDEN

### WAS A SUCCESSFUL EVENT ON TUESDAY.

#### The Most Beautiful Women of the District Selected—A Dinner Given by St. Paul's Church Congregation.

The little village of Arden, surrounded by fine lakes and many mountains, was the scene on Tuesday last in honor of the annual exhibition held by the Kennebec Agricultural Society. Owing to the delightful weather the fair was a great success.

The exhibits were the chief items of interest, as no available race track could be found in or out of the fair grounds. Therefore the trials of speed could be held, and with the exception of a boys' practice baseball game no games were played.

The display of fruit and vegetables was about as usual, but the exhibit of sheep and horses was unusually fine.

Many of the young people enjoyed themselves in a dance given in conjunction with the fair, while their elders were chiefly occupied in discussing the live subjects of the day. Deserving of mention was the musical programme. The day was ushered in by the "Local Chimes," whose melodious strains floated from a chorus of cowbells in a nearby pasture, while selection were given throughout the day by local talent on pianos, violin and harp.

A most interesting part of the programme was the beauty judging. The judges, Messrs. M. Avery, ex-M.P., Dr. Bell and T. Duffy had some difficulty in finding the prize winners as the specimens of feminine beauty refused to be lined up, thus necessitating a tour of the grounds to pick out the "rustic queens." However after some consideration and much hesitation the Standard for one year) were awarded to Mrs. William Deyo, Perth Road, and Miss Minnie Connors, Harlowe. Miss Connors also won the prize for the best lady's driving horse.

The officers who capably managed the fair were: President, William McGregor; first vice-president, L. L. Price; second vice-president, A. Thompson; secretary, D. A. Osborne; directors, Messrs. J. Price, W. Johnston, Thomas Halley, W. Sea, W. Miller, W. Barr, S. Alexander and W. Barker.

Judges—Horses, Dr. Bell, Kingston, and T. Duffy, Maberly, Cattle, A. Smith, Parnham, and R. Laidley, Maberly, Sheep and swine, J. Harrison, Tamworth, and H. Drew, Long Lake. Poultry, grain, dairy products, vegetable and fruit, D. Cronk and A. Charlton, Long Lake. Domestic manufacture, fine arts and ladies' work, Mrs. D. Cronk and Mrs. H. Drew, Long Lake.

An excellent dinner given by the congregation of St. Paul's church, in connection with the fair, was well patronized and was much appreciated by a hungry crowd of people. About \$200 was realized from the dinner.

Those who assisted and made this undertaking a grand success were Rev. F. B. Hornby and Mrs. Hornby, Mrs. Y. Kirk, Mrs. C. Dettlor, Mrs. R. Green, Mrs. M. Williams, Mrs. B. A. Newton, Mrs. C. Williams, Mrs. H. Green, Miss Williams, Miss B. Dettlor and Messrs. M. Williams, P. Williams, G. Kirk, B. R. Newton and E. Gendron.

##### Myers' Cave News.

Myers' Cave, Sept. 30.—Some farmers have their potatoes dug and report a poor crop. Corn was a good crop in this locality, judging from the number of huskings that have taken place. Messrs. D. Spicer and W. Loucks are thrashing in this neighborhood. R. Penk, of the G.T.R. audit office, Montreal, is rusticating at the Cave, the guest of Mrs. J. C. Mitchell. Mrs. Edgar Bishop, Harlowe, spent Thursday last at Lake View. Mr. and Mrs. T. Storey, Cloyne, visited friends in and around the Cave on Wednesday last. John Curtis made a business trip to Arden last week. Mr. and Mrs. D. Gray spent Sunday last at Lake View, the guests of Mrs. Gray's parents. Alexander Delyea is at home for a few days, the mine where he worked being closed for repairs to the machinery. R. Penk and J. C. Mitchell spent an evening at the Cave, the guests of Mr. and Mrs. T. D. Perry. Mrs. W. Benny is still confined to her bed, no change having taken place in her condition. W. Young, Cloyne, passed through here on Friday afternoon. Mrs. I. Delyea and son, Temple, called on friends in and around Lake View on Friday evening.

##### Notes From Erinsville.

Erinsville, Oct. 3.—Sidney York, only son of James York, died very suddenly this morning. He had not been well for some time. A cancerous growth in his neck was the cause of his death. Miss Cassie Kelly, of Watertown, N.Y., returned home, Monday. She was the guest of Miss M. A. Lynch while there. The marriage of Miss Nellie Kilovan and J. C. Brouil was solemnized at the Roman Catholic church this morning, at eight o'clock. Mrs. C. Drungool spent Saturday and Sunday in Kingston. Mr. and Mrs. H. Flagher, Belleville, spent the past week at Michael Byrnes'. The marriage of Miss Annie Moore and George Kelly took place on Wednesday morning. H. Young and staff of Masonry are busy finishing John O'Neill's new house. Nicholas Phelan has gone to Rochester, N.Y., to spend the winter with his son, William. Mr. and Mrs. Waffle (nee Miss Harriet York) returned to Black River, N.Y., this morning, after spending three weeks with friends here. Misses Margaret O'Brien, Estella Lynch and Mary Harrison have gone to Ottawa to attend the normal college. Mrs. E. Mohan, Sharpton, was the guest of her sister, Mrs. William Hopkins, for the past two weeks. Miss Marguerite Evans has taken charge of a school at Sydenham. Master Stuart Gillen has gone to Nanpoco to attend the Collegiate Institute.

## A Lazy Liver

Upsets the Whole System.  
Dr. Morse's Indian Root Pills  
Put Things Right Again.

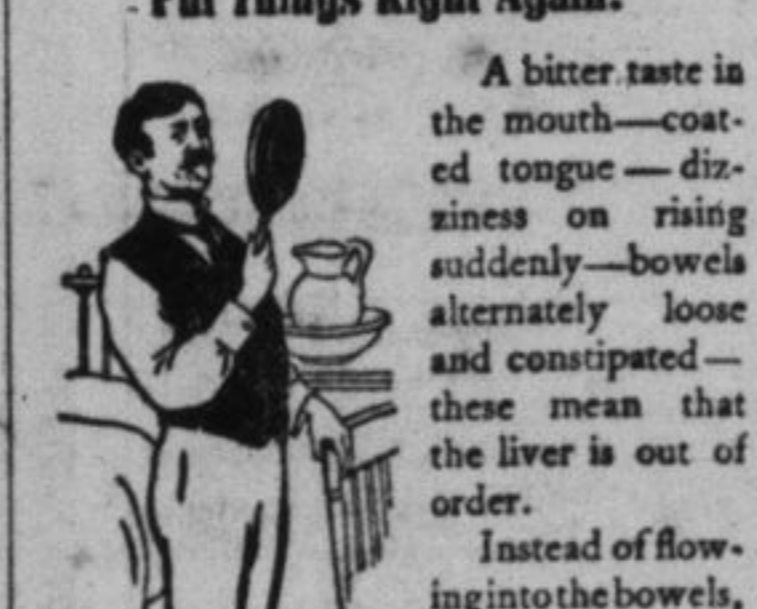

A bitter taste in the mouth—coated tongue—dizziness on rising suddenly—bowels alternately loose and constipated—these mean that the liver is out of order.

Instead of flowing into the bowels, to regulate them and aid digestion, the bile has been going all through the system, upsetting digestion, leaving the bowels constipated, and making the sufferer perfectly miserable. This is biliousness.

The quick, safe and certain cure is Dr. Morse's Indian Root Pills. They clear out the clogged-up system, stir up the lazy liver, cleanse the stomach and bowels and purify the blood. The bile returns to its normal course, the food is again digested properly and all the disagreeable symptoms vanish.

Doctors prescribe Dr. Morse's Indian Root Pills and they are known throughout the world as a proven cure for all digestive troubles. They are equally effective in strengthening weak kidneys and curing rheumatism.

His liver is in a sluggish state.

The marriage of Miss Bertha E. Burritt and Lawrence G. Tallman took place at Burritt's Rapids, on Wednesday last. The bride is a daughter of Edward Burritt, of Burritt's Rapids, and is a graduate nurse of the Royal Victoria hospital, Montreal. The groom is a son of F. A. Tallman, of Merysville.

David Ray, of Brockville, entertained Leonard Leigh and wife, and Anthony Belfoy, at his home on Friday, after they had gone, he missed twenty dollars, and he had the trio arrested.

## BLACK KNIGHT STOVE POLISH

It used to be that the dirtiest and hardest work a woman had to do about the house was polishing the stove. "Black Knight" Stove Polish has made it so work and no muss at all.

"Black Knight" is a smooth paste, that is spread easily with a cloth or brush and shines like a black diamond after a few gentle rubs.

It cleans as it polishes—keeps the stove fresh and bright, with almost as little trouble as polishing one's shoes.

So, buy a big can of "Black Knight" at your dealer's, or sent postpaid on receipt of price.

## GURNEY-OXFORD RANGE

These three cooks differ widely in ability and experience, but all are agreed that the prime essential in good cooking is the stove on which to cook, and all concede that every stove necessarily is met in a

For no matter how much or how little cooking is done, no matter what the experience, these three are certain to give every kitchen a treat. Whether the cook be a professional chef or the young bride with only "just" so please, the stove must furnish three essential—see finish and control of heat, even heating facilities, and a grate that gives plenty of air to the fire with a saving of fuel and convenience in handling.

For these three problems—on which all cooks are agreed—the GURNEY-OXFORD RANGE has three answers, three good reasons why.

THE OXFORD ECONOMIZER is a small lever for the steady maintenance of heat. Essential for use only on Gurney-Oxford. It effects a remarkable saving in fuel as well as labor. Nothing can go up the chimney but smoke and odor.

The Divided Flue Strip distributes the heat evenly, front as well as back of oven, thus securing against failure in baking. There is no better test of practical stove work than this oven control.

Are you always dreading? The Gurney-Oxford Reversible Crown saves dirt and labor; one-half turn and the ashes are out, while the interlocking teeth grind the hardest clinker.

There are plenty of other "reasons" for the advantage of the Gurney-Oxford, as a call on us will convince you. Come in and see our varied line, and we will demonstrate all these features to your entire satisfaction.
