WAS SPOILED BY RAIN ON FRI- DISCUSSED BY DEAN ELLIS OF

System is Not Elastic Enough.

Not Work Out as Desired-The

At Carleton Place at the Teachers' The township of Ernesttown fair Association, Dean Ellis of Queen's started in promising to be a signal spoke on "The Educational Needs of success, but ended in a dismal fail- the Province." He flowed smoothly ure. The fair was held Friday on along in quite an original and impresthe grounds just outside of Odessa, sive manner, says the Canadian, but the rain and snow brought things clutching the intellect with his primal to a close shortly after three o'clock, sentences. He pictured a savage sudand by four o'clock the agricultural dealy brought into the light with the hall was stripped of the exhibits and task of providing food, clothing and most of the people were on their way shelter for himself; how possible after the low cunning which had enabled The big ring around the moon on him to secure a precarious existence Thursday evening was a bad sign, but in the forest through which he had a number of people did not take roamed? It was the task of education warning and the result was that they to transform such beings into effective were soaked before they got home. citizens, and he elaborated the system Heavy storm clouds blotted out the of handling minds from the raw estate sky all day and threatened to spoil of infancy to the finished product of verything, but as the rain did not the full-cultured man. The present sysppear to be any closer at noon tem did not work out this destiny han it was in the morning many There was over-waste of energy in ventured forth in open rigs, and all both the high and public schools, and the girls wore their fall finery. Oh, here conservation of forces was a de everybody looked dismal enough about mand of the age. With real culture he had no quarrel. He would not go so the committee in charge of the horse far as to drop Latin and French, but races got things going before the the object of the school should be rain came down heavily, but they seeing that the great bulk of pupils weren't allowed time to finish the leave school for commerce and trade, races and only one heat of the town- to inculcate more of the manual and ship race was held. W. J. Lyons less of the purely scientific. Our edutook first place in this race and Ed-cational system is not elastic enough ON SUNDAY. ward Kayler second.
