

ITALY HAS CHARGED TURKEY

With Not Obeying the International Rules of Warfare on the Sea.

Turkey Wrongfully Seized Italian Merchant Vessels--The Occupation of Tripoli--Will Not Be An Accomplished Fact Till Turkish Resistance in the Interior Ends.

Rome, Oct. 9.—Official circles while realizing the anxiety of foreign countries to see the Turco-Italian conflict ended, and the possibility of complications avoided, wish to wait public opinion abroad that, while the Italian fleet has taken possession of Tripoli and Cyrenaica, the occupation cannot be considered an accomplished fact in the sense that it renders possible that intervention by the powers, which Italy in due time will welcome but which at the present moment would be inopportune.

Before anything of the kind occurs, the Italian troops must land and in reality occupy not only the coast but also the interior of the province in order to make sure that any remaining resistance of Turkey shall be overcome.

This much has already been agreed upon between Italy and the powers, and the sentiments set forth in the foregoing, are not intended for other powers, with which Italy is in perfect accord, but simply to quiet public opinion and dampen the ardor of certain sections of the press.

It is reported that vice-admiral the Duke of Abruzzi, considering that the acute stage of the war has passed, has submitted to the king a plan to organize a scientific expedition into the interior of Tripoli.

He proposes to study the flora, fauna, and water courses, and proceeding south, through Central Africa, eventually entering a country as yet unexplored or little known.

It is charged that Turkey is not obeying the international rules of warfare. Italy has released all the Turkish steamers which were seized in Italian harbors when war was declared, or arriving soon afterwards,

KARL GREY'S LAST SERVICE

He Selected Two of the Hymns and the Anthem.

Ottawa, Oct. 9.—As yesterday was the last Sunday which Earl Grey will spend in Canada, at least in the capacity of governor-general, a special late service was held in All Saints' Anglican church, when the Rev. A. T. Mackay preached an appropriate sermon. Earl Grey selected two of the hymns to be sung, namely: "O God Our Help in Ages Past," and Kipling's "Recessional," as well as the anthems, "God is a Spirit," and "Hark, Hark My Soul." Premier Borden, who is a member of this church, attended the service.

French Heels Inventor Dead.

New York, Oct. 9.—Robert Ewing Smiley, known as the inventor of French heels for women's shoes, is dead at the age of one hundred years. Mr. Smiley was born in St. Sylvester, Que., on July 12th, 1811, of Scotch extraction. He came to the United States when he was twenty-one. He learned the shoe business in Quebec and continued it in Boston.

WIPED OFF THE MAP BY RIVER FLOODS

Black River Falls, With 2,000 Inhabitants, Has Little Left Standing.

Black River Falls, Wis., Oct. 7.—This town of 2,000 inhabitants has been almost blotted from the map of Wisconsin by the flood water of Black River. Only a few of the sixty-one business buildings have escaped the fury of the raging waters, and they seem doomed. Within a few hours this rich centre of a prosperous farming region will have little to boast of except that its history was the scene of a catastrophe.

What is known as Lower town, that part of the town lying west of the river to-day, was a place of misery. There most of the residents lived. Following a night of anxiety and suffering, they fully realize that no food is available.

Many homes have been demolished and frequently several families share food which would not be enough for one man. Every grocery and market is swept away by the deluge. Provisions will come from the outside soon, but transportation is impeded by the washouts.

Two dozen dwellings have been swept away and unless there is a sudden change in the current, many more will disappear into the torrent which still roars in what once was the heart of the city.

So far as can be ascertained there has been no loss of life.

Communication with towns down the Black River is impossible, but it is believed that some of them have been carried away, possibly entailing loss of life.

Everything on the four business streets, comprising the heart of the town, has been swept away. The Northwestern railroad bridge over the Black river at that point is still standing, but is swaying as though the heavy spans were supported only by cables. Train service is cut off at Black River Falls, and no persons are even allowed to cross afoot.

At Hatfield, ten miles above Black River Falls the river had to-day cut a new channel. The main channel has moved over 500 feet to what was dry land. At the dam the pressure has ceased and the waters have fallen far below the crest. The main part of the dam is still standing. The power house two miles down from Hatfield was flooded.

IMPERIAL PREFERENCE LOST TO BRITAIN

England Will Awake to Find That Canada and Other Dominions Have Instituted System of Tariffs.

Haddington, Scotland, Oct. 9.—A. J. Balfour, the British premier, has accepted the veto bill has aroused him to imperial preference. The Canadian decision extended far beyond the borders of Canada, and must have beneficial results for the empire at large. The decision of Canada shows how impossible it is to maintain the present system of things.

"Our colonies are not believers in the system spoken of as free trade. Unless this country meets the situation we will have Canada, Australia, New Zealand, and other great communities making their separate commercial tariffs with other countries. This country will awake some fine morning to find that these great communities, loyal as they are, have instituted a system of tariffs in which we will find ourselves at a disadvantage. Such a state of affairs would have a fatal effect upon the unity of the British empire."

Mr. Balfour declared that a system of commercial defence was as necessary as any other defence, but he did not propose any plan. He specified home rule and disestablishment as constituting "the second act of the liberals' attempted revolution." The conservative party must not, he said, leave the constitution in the mud where the liberals had put it, but must rebuild and strengthen the second chamber with a representative element.

SOME GOOD RECOMMENDATIONS

Made by the Grand Jury at the Toronto Sessions.

Toronto, Oct. 9.—The grand jury in making recommendations here to-day, asked that the law be changed so that spanking may be tried on prisoners frequently convicted of petty crimes, such as intoxication and petty theft, made by female, and that men convicted of assaults on children be operated on to make second offences impossible.

CLINTON CONVICTS NEARLY WIN FREEDOM

Dig Tunnel But Give Up Job Because Dirt Could Not Be Ridden.

Danemora, N.Y., Oct. 9.—The officials at Clinton prison have discovered a tunnel under the laundry, excavated half way to a sewer, through which it was planned to make a delivery. The tunnel has been in existence three years and scores of convicts knew of it, yet they had managed to keep it a secret until after Col. Scott became head of the prison department of the state and ordered a careful investigation of every prisoner under his jurisdiction.

At Clinton prison this investigation has been under way for several weeks. The discovery of the tunnel led to an immediate search of every convict in the prison. From them were taken two waggons loads of implements, including knives, stilettos, hammers, monkey wrenches, iron bars, black-jack, rolling pins, fish poles—used for passing things from one cell to another—hundreds of knives and forks, iron weights, pieces of iron weighing several pounds, sandbags, etc.

The laundry tunnel, it was learned, was started by "Whitey" Roberts and George Wilks. It was designed to effect a general prison delivery, but owing to the difficulty of disposing of the dirt taken from it, was given up a year ago.

Royalists have invaded all of North Portugal.

LARGE MISSION OFFERINGS.

As Result of Laymen's Missionary Movement.

Toronto, Oct. 9.—The increases in missionary offerings in Canada under the impulse of the Laymen's Missionary Movement during the past three years, were reported as follows: Church of England in Canada, from \$252,910 to \$354,128; Baptist church, from \$207,697 to \$279,158; Congregational, from \$22,548 to \$41,500; Church of the Disciples, from \$9,057 to \$9,349; Evangelical Association, from \$7,696 to \$13,142; Lutheran church, from \$9,633 to \$15,462; Methodist church, from \$69,409 to \$749,677; Presbyterian church, from \$466,419 to \$738,279.

The total increase was from \$1,492,660 to \$2,199,020, or nearly fifty per cent.

FINE OF ONE CENT.

Lacrosse, Wis., Oct. 9.—Judge Keesee, Mountain Lands, who established a record for fines imposed when he exacted more than \$29,000,000 of the Standard Oil company, made a new record.

In conclusion of a day's trial in the United States district court, Wm. Trudenfeld, a Milwaukee travelling man, being found guilty of sending bills in a transparent envelope to A. T. Jenkins, a merchant of the same city, the court imposed a fine of one cent.

FOUR MEN WERE KILLED IN DYNAMITE EXPLOSION

Under 66th Street New York--Two Superintendents Have Been Arrested

New York, Oct. 9.—Four Italian workmen were killed and six others more or less injured early this morning in a dynamite explosion sixty feet under Sixty-Sixth street, where a deep shaft was being sunk for a water system. A dynamite stick, left unexploded from last night, caused the accident. The victims were blown to pieces. Two superintendents have been arrested.

TRIED TO BE CAREFUL, FELL TO HIS DEATH

A New York Man Didn't Want to Disturb His Sick Wife.

New York, Oct. 9.—When P. A. Carvill reached his home on the top floor of an uptown apartment house, he found the door locked. Unwilling to disturb his sick wife or her five-day-old baby Carvill tried to reach the fire escape and enter the flat by a window.

Going to the roof he started to lower himself over the cornice. He slipped and fell six stories, being instantly killed.

No one dared tell Mrs. Carvill, whose position is critical, but she was informed that her husband was in the hospital, hurt by a fall.

BORDEN HAS NOT ANNOUNCED

The Names of The Men Who Will Compose His Cabinet

The Announcement is Expected Early Monday Evening-- Earl Grey Will Swear in the New Ministers-- Toronto World Says Col. Sam Hughes May be Minister of Militia

Ottawa, Oct. 9.—An anxious crowd of newspaper men and politicians hung around Premier Borden all morning with the hope of getting some official inkling of the cabinet but it availed nothing. Premier Borden himself was as tight as a clam. He smiled sympathetically at the thrifty ones seeking information, but that was all. His secretary, after a o'clock gave it out that there would be no announcement before five o'clock, and possibly not then. He also hinted that it would contain some surprises.

Toronto World's Guess.

Toronto, Oct. 9.—The World says: The Borden cabinet will not be sworn in till noon on Tuesday. Earl Grey afterwards leaving by special train for Montreal to catch his boat.

The ministry is yet uncompleted, but while this is so there are a number of men who are regarded as certain selections. These include:

Nova Scotia—R. L. Borden.
New Brunswick—Hon. J. D. Hazen.
Quebec—Doherty, Perley, Pelletier Monk.
Ontario—Cochrane, Foster, White, Broder, Hughes.
Manitoba—Rogers, Roche.
British Columbia—Goodeve.
Col. Sam Hughes will, it is expected, take the militia portfolio, and W. T. White, of Toronto, is a certainty as minister of finance. Mr. White is in Ottawa to-day.

There is still some doubt as to Quebec, though when the delegation from that province left Ottawa Saturday the World was informed that Rodolphe Forget would go in without portfolio, instead of Wilfrid Naudet. The portfolios have not been allotted.

Col. Sam's Chances Brighter.

Ottawa, Oct. 9.—Col. Sam Hughes' chances of landing the portfolio of militia, seemed brighter this afternoon. The opposition to the appointment of W. T. White, as minister of finance, has brought a strong delegation of old line conservatives here, to-day, from Toronto, and Western Ontario to make a fuss about it. This, it is believed, has caused Premier Borden's delay in naming his cabinet.

W. T. White's possible entry into Borden's cabinet will be as spectacular as any that has occurred in Canada. It is not many years since Mr. White was on the staff of a Toronto newspaper. He served in the assessment department under R. J. Fleming, and studied law. When he was about to begin practice he received an offer of the management of the National Trust company, then organizing, which he accepted. He is still a young man and was never in politics until this election.

A NEW SIR JOHN A. LETTER.

Les Rochers, St. Patrick, Riviere du Loup, July 30, 1890.

PRIVATE.

My Dear Sir:

In answer to your esteemed note of this day I desire to say that I am fully assured that the Parliament of Canada will be ready to take off all the customs duty on coal, ores, and lumber, imported from the United States, whenever Congress makes these articles free of duty.

The Canadian government has already authorized Sir Julian Pauncefote to state to the American government that they will be prepared to take off the export duty on logs whenever Canadian lumber is admitted into the United States at a reduced rate of \$1.50 per thousand board measure.

You are at liberty to show this to such members of congress or the government as you please. It should not, for obvious reasons, be published in the press or quoted in congress.

In the U.S. Tariff Act provision might be made for the making of the above-mentioned articles free whenever and so soon as they are made free by the Canadian parliament. I remain, my dear sir,

Faithfully yours,
(Signed) JOHN A. MACDONALD.

S. J. Ritchie, Esq.

AN OCEAN TO OCEAN FIGHT AGAINST THE NE TEMERE DECREE

Toronto, Oct. 9.—With the church courts of every denominational body in Canada committed to a policy of opposition towards the Ne Temere decree, a new and powerful movement has been started by the Evangelical Alliance of Canada at a meeting held in Toronto. Every leading church of Canadian Protestantism was represented. Ten thousand documents will be issued at once setting forth a case against the decree. A public educational campaign by means of a large mass meeting will be at once inaugurated. Finally a monster petition bearing millions of names will be taken by a deputation to the Borden government, and a demand will be made that the marriage laws of Canada will be placed beyond church interference.

Some of the delegates present were, Dr. N. W. Hoyles, dean of the Osgoode Hall law school, Rev. Dr. Canon Plumptre, Rev. W. H. Sinks, D.D., Rev. Dr. Taylor, Rev. E. D. Sileo, and others representing all leading Protestant organizations. The meeting was unanimous upon every important point of procedure.

A campaign was mapped out which will be unparalleled in the religious history of Canada.

It is expected the petition will be of such a moderate one and so accurate in its form that Roman Catholics will also be glad to endorse the request. These petitions, which will include millions of names, will be taken to Ottawa, probably by a big deputation, and formally presented to parliament, with a request for action.

Premier Borden and his cabinet will, in effect, be asked to set aside the Ne Temere decree as an invasion of the rights of the Canadian parliament and those of certain of the provinces. Petitions will also be laid before every provincial government in the dominion. As British Columbia and Prince Edward Island control their own marriage laws and retain the privilege of granting divorces, separate requests will be made of them. The government of Ontario will be asked to take steps at the earliest possible moment to have the court of appeal determine the extent and jurisdiction of the province and of the parliament of Canada on the subject of marriage laws.
