

The best Coffee costs but little more than the poor grades. You get the best that money can buy at moderate price when you use

## Seal Brand Coffee

Packed in 1 and 2 pound cans only. 12¢

### EASY RESTS THE HEAD THAT WEARS A KING HAT

"King" Stiffs are flexible and self-conforming just where the hat touches the head.

Ask the man who wears one. All the popular shapes, \$2.50.

HUNT'S, 53 Brock St.

### Special Sale

3 P.M. AND 8 P.M. DAILY.

Don't fail to attend our

### EXTRAORDINARY SALE

The "Tokyo",  
JAPANESE ART DEALERS.  
174 Wellington Street.

## THE ROYAL MANISH SHOES

There are many Young Women who are learning the value of Royal Mannish Shoes. The last and patterns are constructed to give the greatest comfort, and at the same time present a stylish and natty appearance.

We have them in all Leathers.

Sold only by

**REID & CHARLES**

## First Great Millinery Bargain Sale

Of The Season Starts on Wednesday, Oct. 11th, and Will Continue For One Week Only

Owing to Having such a large Stock I am going to give the People of Kingston and Surrounding Country the chance of securing these bargains while the season is in full swing

### Winter Hats

Trimmed and untrimmed, in all the latest styles of Paris, London, and New York, at unheard of reductions.

### Wings, Aigrettes, Flowers and Ribbons

In great variety and of exquisite shades, at prices to suit the smallest purse

### All Children's Hats

Including Beavers, at Half Price

You Must See These Wonderful Bargains to Appreciate Them

See Window Display

**MISS GRACE KILLINS** 178, Wellington Street.

"The Home Of The Beautiful Hats"

## ST. ANDREW'S CHURCH DUTY OF THE CHURCH

HARVEST SERVICES WERE HELD THERE ON SUNDAY.

Rev. Dr. Mackie Preached in the Morning and Rev. W. J. Hanna Spoke in the Evening on Lord's Day, Alliance Work.

The harvest services in St. Andrew's church on Sunday were beautiful and touching; beautiful because of the simplicity of the service and the way the decorations were arranged, and touching because of the fact that they would be the last at which St. Andrew's beloved pastor, Dr. Mackie, would be present.

The harvest decorations were very artistically arranged about the pulpit and choir gallery, showing a bountiful harvest. Rev. Dr. Mackie conducted the morning service and gave a very interesting address.

In the evening the pulpit was occupied by Rev. W. J. Hanna, provincial secretary of the Lord's Day Alliance. He chose as his text Deuteronomy viii: "And the Lord Commanded For Our Good."

Mr. Hanna spoke interestingly on the work of the alliance. Many nations had in a great many ways come to remember that a rest on Sunday was necessary for the body and material improvement. Many had said that the alliance was trying to interfere with the Sunday rights of a people and was trying to saddle on the people something they do not want. That was not the intention of the organization. It was formed for the organization of Sunday as a day of rest and was carrying on a campaign to have the rest day properly observed. He spoke of the fact that the alliance had been instrumental in bringing about a Sunday rest for employees of post offices in the west so they were able to enjoy their day of rest the same as anyone else. In Montreal places of public amusement have been closed, games stopped, selling prohibited and manufactures have been required to close down.

Before concluding the speaker said that if Canada was to hold her place among the nations of the world, she must preserve her day of rest. He referred to the United States and the fact that in the past year 10,000 Christian churches had been closed and a like number might as well close for the good they were. This was due to the fact that the nation to the south us had a growing disregard for the Sabbath. In the United States there were more murders and homicides per million than in any other nation of the civilized world. This was largely due to the fact that there was a growing disregard in that powerful nation for law, and to this and this alone was attributed the lead which the United States had in crime.

During the service Arthur Craig and Miss Mona Knight each rendered a solo and the choir sang the harvest anthem, "Praise The Lord, O Jerusalem."

### Not Worth Shipping.

In the twentieth annual report of the Ontario Bureau of Mines, Prof. M. G. Baker reports on his trip to the Mettagami Valley, where he found fire coal, the usefulness of which he says will be confined to the locality of the deposits.

### Rank of Colonel.

Lieut.-Col. J. H. V. Crowe, commanding of the Royal Military College, has been gazetted to the rank of colonel.

### Strength Comes

Not From What You Eat, But From What You Digest.

A Tablet Digests a Meal—Trial Package Free.

Most people eat most foods without discrimination—it matters little what. Few stop to think what that food does for them. This is the first turn on the road to dyspepsia. Reckless disregard of the proper choice of foods, rapid eating and improper mastication, are the unquestioned causes of all stomach disorders from the slight ache to the malignant cancer.

There is nothing more revolting than a dyspeptic stomach—very vat for putrefaction, sending forth its poison throughout the entire system, depressing the brain, befouling the breath, souring the taste, deadening the muscles, incapacitating the liver and kidneys for their work, distilling the heart, choking the lungs and clogging the bowels.

All of these disagreeable and dangerous conditions are due to the improper digestion of food and the consequent assimilation of poison. What else can be expected? If the food lies in the stomach, and if the system is cans'tated, fermentation is the natural outcome. It shows itself in sour watery risings, belchings, heartburn and painful breathing.

There is only one way to remove this condition. If the stomach refuses to digest your food put something into it that will. Stuart's Dyspepsia Tablets are nothing but digestives. They are not a medicine. They work when the stomach will not.

Each tablet contains enough pepsin, diastase, golden seal and other digestive elements to reduce 3,000 grains of ordinary food to the proper consistency for assimilation into the blood.

Stuart's Dyspepsia Tablets are absolutely pure. There is nothing harmful in them as shown in their endorsement by 40,000 physicians in the United States and Canada.

Ask your family physician his opinion of Stuart's Dyspepsia Tablets and if he is honest toward you he will state positively that they will cure your stomach trouble whatever it may be, unless you have waited too long and have allowed your disease to develop into cancer.

Act to-day and begin to end your suffering. A free trial package will be sent to your address upon request. The 50c. size packages are for sale at your druggist's. F. A. Stuart Co., 130 Stuart Bldg., Marshall, Mich.

### IN CARRYING ON WORK OF MISSIONS.

Address at St. James' Church by D. M. Rose, Secretary Anglican Branch of Laymen's Missionary Movement—Strong Appeal For Support.

A strong appeal for the support of home and foreign missions was made in St. James' church, on Sunday evening, by D. M. Rose, secretary of the Anglican branch of the Laymen's Missionary Movement. Mr. Rose recently took up this branch of work, which was for some time in the hands of Mr. Allen, who is well known in this city. Mr. Allen is now engaged as assistant to Canon Gould in general missionary work.

Mr. Rose referred to the work of the Laymen's Missionary Movement and spoke of the great change in missionary work during the last generation. Business men had taken up the work, and while yet on the mere fringe of the work they were meeting with great success. Business men had banded together, with world-wide vision, and it was the greatest movement ever started. Both the home and foreign field had been examined, and an effort was being made to give every person in the world an opportunity of hearing the gospel. The work of conversion rested with the spirit of God, but it was the duty of men to give everyone the opportunity to accept or refuse this gospel.

The speaker pointed out the great need for more workers. The cost in money to undertake the work was trifling. Every member of the church should recognize his responsibility.

Reference was made to the large number of people who are coming out to Canada from the old country, to make their home here. While it was true, they were coming out to try and better themselves, it must also be remembered that they were coming out upon the invitation extended to them by Canada, as money had been expended in advertising the country. The senior intercollegiate rugby series was opened in Kingston, Saturday afternoon, at Queen's athletic field, when Queen's and the University of Toronto team met in the opening series. The clash resulted in a victory for Queen's by the score of 18 to 6, in a game which was very loose, al-

though fast at times.

Kingstonians were somewhat dis-

pointed to see the first game of the season go to Queen's but many state

that the score at the least should have been 18 to 12.

A touch made by Queen's in the second quarter was not allowed, the ball being called back on an alleged off-side, but the referee was mistaken in his ruling, as he failed to see the play. The game was much more interesting from every point of view than the one a week ago, with Argonauts and the increased efficiency of Queen's team was much apparent by those who witnessed both games.

Queen's was stronger than had been supposed. Where Queen's was weak was on the line. The line was supposed to be strong enough to hold Varsity, but it wasn't.

Time and again when the rabid rooters thought Varsity would be unable to break through for a run they would worm through just where Queen's had least expected it and start off down the field.

The day was very fine and fully 1,200 people gathered at the field. The R.C.I.A. band was situated in the centre of the bleachers and played all through the match. Queen's rooters were never so silent as they were Saturday. They roared all right, but at the wrong time. When the team needed the encouragement they were not getting it. Had the team been awarded the touch as they deserved, the chances are they might have done more, for with things coming their way they would probably have scored again. The field was in good condition, the sun and wind having gone much to put it in fine shape, Queen's supporters will look for their team to do better in Ottawa next Saturday.

Fourth quarter—Queen's had the kick-off, Leckie kicking against the wind to Dale, who picked the ball for ten yards before being downed. On the scrum, Maynard punted to Macdonnell, who muffed, but the ball was recovered by Leckie. McNeil and Leckie each got away with two fifteen yard runs. Queen's lost the ball an instant later, on off-side interference. A few minutes after Varsity regained the ball, Dale kicked over for the first point. A short time after, he went over for the first point. German

had the ball, and he kicked over for the second point.

Fourth quarter—with a very light wind in their favour in this quarter, Queen's notched two points. The first was on a field goal by Ramsay, of Leckie's kick. Second, on a pass from McNeil, scored last point by kicking into touch in goal. Varsity, 18; Queen's, 6.

Erskine was knocked out after regaining the ball when Varsity lost

an off-side interference, and play was stopped for a short time. Maynard punted to Pound, who was forced to touch and later was carried over the line for a safety touch.

After resuming play, Grass went over for the second touch, which Maynard converted. Varsity, 18; Queen's, 6.

Time and again when the rabid

rooters thought Varsity would be

unable to break through for a run

they would worm through just where Queen's had least expected it and start off down the field.
