

PREMIER BORDEN'S CABINET

Col. Sam. Hughes Landed the Position of Minister of Militia.

Many Toronto Conservatives are Angry Over the Appointment of W. T. White as Minister of Finance--The Quebec Conservatives are Dissatisfied With Appointment of Nationalists.

Ottawa, Oct. 10.—The new cabinet was announced by Premier Borden on Monday evening, as follows: R. L. Borden, premier, and president of the council; Martin Burrell, minister of agriculture; Dr. J. D. Reid, minister of education.

HON. ROBERT L. BORDEN, Premier and president of the council.

W. T. White, minister of finance; Hon. J. A. Hazen, minister of inland revenue; Hon. R. Rogers, minister of the interior; Hon. C. J. Doherty, minister of justice; T. W. Crothers, minister of labor; Hon. J. H. Hazen, minister of marine and fisheries; Col. Sam. Hughes, minister of militia; L. P. Palliser, postmaster-general; F. D. Monk, minister of public works; Hon. Frank Cochrane, minister of railways and canals; Dr. W. J. Roche, secretary of state; Hon. George Foster, minister of trade and commerce; A. E. Kemp, George Perley and Senator J. A. Loughheed, ministers without portfolio.

grace by the rank and file of the Borden following in Toronto. They blame the Whitney government, particularly Sir James Whitney, Hon. W. J. Hauma and Hon. Frank Cochrane for the move, and threaten reprisals in Toronto. It was declared to-day that Hon. Dr. Pyne and Hon. J. J. Foy would have to fight for their seats in East and South Toronto respectively at the coming provincial elections. Other conservatives who do not like it particularly think the opposition will soon peter out.

The Quebec Trouble.
Montreal, Oct. 10.—The Quebec trouble is said to be between the conservatives and the nationalists. The conservatives claim that both Mr. Monk and Mr. Pelletier are in the nationalist party, and that one of them should make way for T. Chase Cragrain, who would represent the French conservatives. Mr. Nantel had the backing of the nationalists for a place.

There are No Outstanding Temporary Loans or Other Floating Debts—Things Should be Easy for Mr. Fielding's Successor.

Ottawa, Oct. 10.—Hon. Mr. Fielding, in retiring from the position of minister of finance, leaves to his successors in office a splendid situation as respects the financial affairs of the dominion. He leaves an overflowing treasury and a balance sheet for the six months of the fiscal year which provides his successor with the material for a most prosperous budget. There are no outstanding temporary loans or other floating debts. There is no funded debt to mature for some months to come. Prosperous as were the finances of the last fiscal year, those of the current year up to the present time are better still.
The expenditure of the six months chargeable to consolidated fund is in excess of the corresponding period of last year by about \$800,000. But on the other side of the account the revenue shows an increase of nearly \$2,000,000 over that of the corresponding period a year ago. There is a material reduction, too, in the expenditure on the capital account.
The next result of the six months' operations is that the dominion treasury is better off than at the same date last year to the extent of about eight and a half million dollars. The whole operations of last year, the increase of net debt was only three and three-quarter millions of dollars. For the current year, even if there is no further improvement during the next six months, the minister of finance will be able to provide for every expenditure of every kind, whether chargeable to capital or income, and have a substantial balance to go to the reduction of the public debt. With this prosperous condition of finance and with the dominion credit at its highest standing, Mr. Fielding hands over the department of finance to his successor under conditions which should make things exceptionally easy, so far as money matters go, for the new minister.

NO BARGAIN WITH KING.

Lord Haldane Says His Majesty Took Constitutional Course.

London, Oct. 10.—Viscount Haldane, speaking at Aberdeen in Scotland, last night, referred to the speech, delivered on Saturday at Haddington by Mr. Balfour, in which the latter referred to the "Felon below" contained in Mr. Asquith's "traitorous advice."

Lord Haldane said: "We made no bargain. It would be very unbecoming to make a bargain with the crown. He did not ask any pledge of the king. We only said that we must have an understanding as to the real issue which was being submitted to the nation. The king took the only course which a constitutional monarch could take, and that was to say, 'What the country decides that will I accept.'"

WANTS \$129,000,000.

Washington, Oct. 10.—It will cost in round numbers \$129,000,000 to maintain the United States navy and provide for suitable increase during the next fiscal year, according to the estimates just completed by Secretary Meyer. This includes a provision for two super-dreadnoughts probably of about the size of the projected Nevada and Oklahoma, and a number of auxiliaries.

THE FIRST ARMY CORPS OF ITALY AT TRIPOLI

It Has Thrown Up Earthworks and is Secure Against Onslaught.

Rome, Oct. 10.—News has been received of the first army corps of Italy's forces, of occupation, which arrived safely at Tripoli, and landed at Tobruk without material resistance. They have thrown up earthworks and made their position apparently secure against any inland army of Turks which may make an onslaught. Thirty thousand more troops are now on the Mediterranean on their way to Tripoli.

LULU GLASER ASKS DIVORCE.

Charges That Her Husband, Ralph C. Herz, Was Cruel to Her.

Chicago, Oct. 13. Mrs. Lulu Glaser Herz, who is known to theatre-goers as Lulu Glaser, light opera and musical comedy star, is suing her husband, Ralph C. Herz, comedian, for divorce in the superior court. Cruelty is the charge contained in the bill. They were married in New York city on May 23rd, 1907, and have been separated since November 10th, 1910. The bill says that on November 12th, 1907, Herz grasped his wife around the neck and choked her until she "was black and blue." He threw her against a door, causing painful injuries, on the day they separated, it is charged.

Hamilton Rugby Man Dead.

Hamilton, Oct. 10.—Adam Zimmerman, ex-M.P., collector of customs, received word of the death of his son, Herbert Geddes Zimmerman, in Colorado. He was caught in a bad snowstorm and took shelter in a hut in which he lighted a fire. It is supposed that he was suffocated by the smoke from his fire. Mr. Zimmerman was well known in football circles, and played with the Tigers in 1902. From 1903 to 1908 he was at McGill University and played on its back division. He graduated as a mining engineer in 1908.

A Probable Suicide.

Ottawa, Oct. 10.—The coroner's jury inquiring into the death of T. Frederick Fraser, formerly light commissioner of the marine department, decided that the deceased died from cyanide poisoning, probably self-administered. There was nothing in the evidence to support the theory of foul play, or the sensational stories sent out from Ottawa on the affair.

Will be Pitchers' Battles.

New York, Oct. 10.—"Clarity" Mathewson, star pitcher of the New York Giants, has put in a day or two at Shibe Park looking over the Philadelphia Athletics, with whom the Giants play for the world's championship, commencing Saturday. Mathewson made a note of all the weak points of the Athletics players. He says the games will be a pitchers' battle throughout.

BITTER FEELING

In Toronto Over Selection of Finance Minister.

ALLIANCE OF BORDEN

WITH THE NATIONALISTS IS VERY APPARENT

By the Appointment of Three of Them to the Cabinet—Western Ontario Cities Are Shouting "Hogtown" at Toronto.

Toronto, Oct. 10.—This morning it is all comment on elections. In this city there is a mistaking the fact that the old conservatives are still bitter about appointment of W. T. White as minister of finance. A seat must be found for him. It is thought here that he will run in Halton, where he was born, and that David Henderson, the sitting member, will be elevated to the senate. Halton is next door to Toronto, and there is a serious proposition on the part of some angry Tories here to run over and beat him, if they can in his by-election.

Hamilton and London, who both supported Borden strongly, are rather disappointed at being overlooked, and declare to-day that Toronto is more than ever entitled to be called hogtown, having elected four cabinet seats for itself, namely, Cochrane, White, Foster and Monk, and letting the rest of the popular Western Ontario go unrepresented in the supreme council of the dominion.

The Toronto Star says editorially, to-day, that the alliance between Premier Borden and the nationalists is apparent in the formation of the cabinet. Monk, Nantel, and Pelletier, all three nationalists, are taken into the cabinet. To Mr. Monk goes the spending department of public works. The fact of these appointments is so significant as to require no comment. It remains to be seen whether the nationalist programme of referendum will be carried out or whether Mr. Borden will adopt and extend the policy of his predecessor. "The country is so strong and prosperous, however," concludes the Star, "that a few errors in cabinet-making will not be

BARBER GETS GOOD TIP.

Lennox, Mass., Oct. 10.—J. Pierpont Morgan felt so chipped after "Bernie" Duclou had tilted his barber chair "best right and dabbed a bit of talcum on the financier's countenance, that he broke into a smile, picked a yellow backed \$20 bill from his pocket and handed it to Duclou, saying in a cheery voice: "Keep the change; it is the best shave I've had in a year."

Cabinet's Religious Standing.

Ottawa, Oct. 10.—Anglicans in the cabinet are Borden, Hazen, Perley, Rogers, Roche, Burrell and Loughheed. Methodists are Cochrane, Crothers, Kemp, White Hughes and Reid. Roman Catholics are Monk, Pelletier, Nantel, and Doherty. Foster is a Baptist.
It is understood that Hon. Frank Cochrane will run in East Algoma.

Forget Could Not Accept.

Montreal, Oct. 10.—A seat in the cabinet was offered to Rodolphe Forget, of Montreal, who declined it for the time being, as the granting of a certificate to La Banque Internationale, in which he has a large interest, will come under consideration by the government.

New Cabinet Sworn.

Ottawa, Oct. 10.—Promptly at midday, seven cabs containing the new cabinet ministers, drove up to Rideau House and were sworn in by the governor-general. The ceremony was notable for democratic simplicity. Some of the members did not even wear plug hats or frock coats, as was over in a few minutes.

A GREAT CIVIL WAR COMING IN CHINA

Native Christian Chinese Form Nucleus of Armed Revolution, Says Noted Chinaman.

Boston, Mass., Oct. 10.—W. K. Chung, dean of Canton, China, Christian College, and president of the Canton Board of Trade, declares that his country is about to be engulfed in a civil war greater than any since the dawn of civilization.

He says that 200,000 native Christian Chinese and thousands of students graduated from Chinese colleges and universities of Europe and America, will form the nucleus that will give the revolution birth. The government is going to be overthrown and the people are going to conquer. It is going to be an armed revolution and is coming very soon. It will have the support of practically all the Chinese engaged in trade in other countries of the world.

SMUGGLING SCENTED.

Canadian Border being Watched by Special Agents.

Washington, D. C., Oct. 10.—Another conspiracy to smuggle goods from Canada is scented by the special service agents of the customs service, in the arrest of an express messenger at Pembina, N. D., reported to Chief Wilkie. The man, whose name was not disclosed in the report, was arraigned before a United States commissioner at Grand Forks today, charged with smuggling and assisting in smuggling. The Canadian border is being closely watched by the special agents to detect smugglers.
