THE HALLS OF QUEEN'S BOARD OF HEALTH

THE CHORAL SOCIETY AND THE DRAMATIC CLUB MEET.

Students Are Preparing for Annual Rush—Many Students Are Still Registering—The Last Will Not Be Here Until Christmas.

A meeting of the Choral Society of Queen's University, was held Monday afternoon in the old arts building, for the purpose of reorganizing for the coming season. This splendid body of musicians is well-known for the excellent work they do, and for the numerous fine concerts which have been given in winter months. It is expected that the society this season will be the equivalent of the best that has produced in other seasons.

The dramatic club also meets for the first time at the same hour as the choral society. The character of the entertainments given by this club marks it as one of the organizations in connection with the university, as one being well worth the patronage and assistance anyone can give. The club is looking forward to just as successful a season as last year.

Quite a number of the science students were out Monday afternoon doing a little survey work. The weather was very fine and the science men took advantage of it to get a little practical work in with the technical

The students of the different faculties are displaying a spirit of unrest, which experience in other years has taught the older heads nearly always means mischief. The mischief referred to is none other than the annual rush, which strike terror to many, at the same time giving them a great deal of enjoyment. The students always go to a great deal of expense to make the annual rush a much-talked-of affair, and they have commenced to work quietly already.

Students still continue to arrive from different quarters of Canada and there are still many to hear from. Teachers will not all be here until the frost has come, as the schools in the west are open as long as the weather will permit. It is probable that a great many of them will not be here until well on towards Christmas.

The soccer team still continues to get in a good practice every day on the lower campus. The rugby teams have abandoned the campus now and go to the athletic field, so that the association men have plenty of time to indulge in their much-beloved sport.

A number of sprinters had a good work-out in the gymnasium on Monday afternoon. The gallery is so arranged that a good circular track is afforded and the men composing the track team will continue to practice there until proper accommodation is furnished at the athletic field.

REGULATES BAD STOMACHS.

Dyspepsia, Gas, Indigestion and All Stomach Misery Goes in Five Minutes.

If what you just ate is souring on our stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapiesin costs only 50c, and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these 50c cases, then you will understand why Dyspepsia trouble of all kinds must go, and why Diapiesin always relieves sour, out-of-order stomachs or indigestion in five minutes. Diapiesin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most is, that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapiesin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gas, or any other stomach misery.

Get some Pape's Diapiesin now, his name, and forever rid yourself of Stomach Trouble and Indigestion.

COULD NOT GET QUORUM FOR SESSION.

Although There Was Important Business Before the Members' Chairman and Medical Health Officer Alone in Attendance—Matters to be Taken Up.

Although the board of health had important business on hand, Chairman McLeod could not get a quorum for a meeting called on Monday afternoon at four o'clock. The chairman and the medical health officer, Dr. A. K. B. Williamson, put in an appearance, but the other members were conspicuous by their absence.

It might be stated, that up-to-date, complaints to the number of about six hundred and fifty have been registered with the police about the garbage system, installed some time ago. That is to say, this number of complaints have been received about the garbage man not calling at the houses. These complaints are handed over to the men who have the contract for the collection, by William McAmmon, the sanitary inspector, and he reports having notified the contractors to go to work. It is just possible that the garbage system will come up before the board for discussion at its next meeting as quite a number of complaints have been received about the way in which the work has been handled.

The board was to have taken up the matter of the epidemic of scarlet fever. It is the opinion of the chairman that there should be a better system of fumigating homes.

Another matter which has to be taken up by the board, is the slip at the foot of Princess street, which has been reported to be in an unsanitary condition, and about which so many complaints have been made. The chairman will endeavor to have a meeting of the board as soon as possible.

GRAND OPERA HOUSE.

"The Arrival of Kitty" is Coming. "The Arrival of Kitty," is a sparkling comedy, replete with merit, but wholesome and clean in every line. It is made up of a series of complications that are gradually worked out with ludicrous effects, and is further enlivened by pretty girls and original, up-to-date musical numbers in every act. The fun centers in the arrival of Kitty Benders, a dashing vaudeville artist, at the fashionable Helvion Hotel, in the Catskill Mountains, the location of which enables the author of the comedy to work in many charming situations. "Kitty" will be at the Grand on Thursday, Oct. 12.

"The Private Secretary." Much interest is being taken in the revival of the famous farce comedy, "The Private Secretary," which will be seen at the Grand on Saturday, Oct. 14th, matinee and night, with C. James Bancroft, the eminent English comedian, in the title role. As the Rev. Robert Spaulding, Mr. Bancroft has delighted more than 2,000 audiences, and, in fact, it was his interpretation of the original play that made it spring into instant favor on the continent. Mr. Bancroft has surrounded himself with a thoroughly competent cast of players and the production is identical with the one that made William Gillette a famous actor over night. There is real fun, hearty healthy laughter, in "The Private Secretary," and its enormous vogue at the present in the large cities, proves that it has the qualities which so few plays have, that of sustaining interest year after year.

RE-ORGANIZATION MEETING

Of the District Visitors of St. George's Cathedral.

The reorganization meeting of the district visitors in connection with St. George's cathedral was held on Monday afternoon. There was a good attendance and the work for the year was drafted. Hearty endorsement was given the scheme for the establishment of a creche which has been proposed by the agent of the Children's Aid Society, J. C. McConachie. The members present felt that such a building was greatly needed.

ABERNETHY'S

TENDER WAS REFUSED

AS IT WAS RECEIVED A DAY TOO LATE.

T. W. Milo Awarded Contract for Painting City Hall Interior—W. J. Savage's Tender Was \$80 Lower.

The city council last evening decided that when a tender was not received at the time designated, it could not be considered. Accordingly, it awarded the contract for painting the interior of the city hall to T. W. Milo, whose tender was \$563, although W. J. Savage tendered for \$471, or \$89 less. The tender of the latter was not received till the day after the time specified.

Ald. Ross, chairman of the property committee, explained that as Mr. Savage's tender was not received in time, it was not a legal tender, and therefore, could not fairly be considered.

Ald. Elliott held that just as soon as Mr. Savage's tender was opened by the committee it became a legal tender, and should be considered. He did not think the time should be drawn so fine in regard to the time of receiving tenders.

Ald. Litton said it was impossible to tell when Mr. Savage's tender was in until it was opened. When it was opened, it was seen that it was dated September 1st, or a day too late.

Ald. Bailey upheld the chairman. He regretted that the city could not take advantage of the lower figure of Mr. Savage.

Ald. Elliott moved in amendment to the committee's recommendation that the tender of Mr. Savage be accepted, as it is \$89 less than Mr. Milo's.

Ald. Hoag pointed out that if on August 31st there had been a quorum of the property committee present at the meeting called, the tender of Mr. Savage would not have been considered, as it was not received on the day of closing.

Ald. Harrison moved in amendment to the amendment that the matter be referred to the city solicitor, and that the contract be awarded in accordance with his legal opinion.

Ald. Litton remarked that none of the tenders need be accepted. The council could very easily refuse Mr. Milo's tender and accept Mr. Savage's. There was no legal question at stake at all.

Ald. Ross said that if the amendment went through, it would mean that henceforth the receiving of a tender at a certain hour would mean nothing. He said that if Ald. Elliott was not biased, he would not take the stand he did.

Ald. Elliott objected to such a change. He was not biased, he declared.

Ald. McCartney looked upon the

question as purely a matter of business. If he could save \$89 to the city he was going to do so.

Mayor Graham declared that if Mr. Milo, he would have voted for the acceptance of his tender.

Ald. Carson suggested calling for new tenders as a way out of the difficulty.

Ald. Elliott's solution was to call for new tenders for both painting the city hall roof and also the interior.

The amendment of Ald. Elliott was lost on this division.

Yeas—Ald. Carson, Couper, Clugston, Elliott, Hart, Kent, McCartney.

Nays—Mayor Graham and Ald. Armstrong, Hanley, Harrison, Hoag, Litton, McCann, Rigney and Ross—9.

Ald. Bailey refused to vote without legal advice.

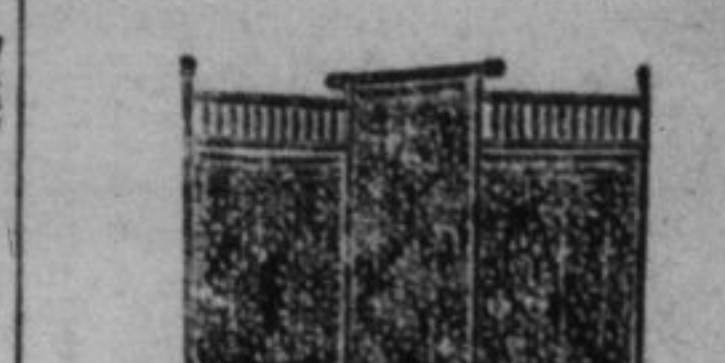

The tender of Mr. Milo was, therefore, accepted.

BOY BURGLAR SENTENCED.

Sent to Industrial School by Magistrate.

In juvenile court, Tuesday morning, Magistrate Farrell sentenced the lad who entered a Wellington street home and stole money, to a term in the industrial school.

As stated in Monday's Whig, the lad pleaded guilty and the magistrate, in view of the fact that the lad had been under arrest on more than one occasion, for a similar offence, considered that a term in the industrial school would be the best thing for him. He is a very wayward lad and his parents have been unable to keep him in check. Some time ago he was caught in the act of ransacking a home on Brock street, and on this occasion was given another chance.

Cape Vincent's Complaint.

Cape Vincent people have protested to the public service commission against the way the New York Central railway treats them. They ask that the company be required to re-instate the train leaving Watertown at 4.55 p.m. as a part of its summer schedule on this branch.

When Nerves Need Fixing

"There's a Reason"

Look back to the cause, for one can never get well until the cause of sickness is removed.

Perhaps it's the drug, caffeine, grown in tea and coffee.

That thing which makes the heart of the tea and coffee drinker flutter and fail; also slowly breaks down the nerves in many people (not all).

If you are one of the many affected by tea and coffee, and really want to get well, suppose you leave off the drink which has caused the trouble, and take on well-made
