15 YEARS A DYSPEPTIC

Forced to Live on Stale Bread and Porridge.

"FRUIT-A-TIVES" CURED HIM

AVONDALE, N. B., October 15th. "I have been a great sufferer from Indigestion for fifteen years. I was forced to deny myself all such hearty foods as beans, meats, potatoes and could not drink tea or coffee. For the past two years, I lived on porridge, stale bread, etc. I had treatment from two doctors, and tried nearly every kind of medicine, but got worse." Finally I saw a testimonial of "Fruit-a-tives" and concluded to give them a trial. I took nearly four boxes of "Fruit-a-tives" and they have made me feel like a new man. I can eat all kinds of hearty foods without suffering, and am no longer constipated."

LEMUEL A. W. BROWN.

Many people look on "Fruit-a-tives" as a miraculous medicine. It has indeed performed what have seemed like miraculous cures in hundreds of cases of Chronic Indigestion, Dyspepsia, Constipation and Biliousness.

"Fruit-a-tives" is the only medicine in the world made of fresh fruit juices and valuable tonics. 50c. a box, 6 for \$2.50, or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

Recital at Kilbirnie.

Kilbirnie, Oct. 9.—An interesting meeting to many parents and their friends of Pittsburg was the recital given in St. John's Manso on Monday evening, Oct. 2nd, by the pupils of Miss Emma A. Reede, piano and vocal music instructor. Many of these pupils began their musical studies under Miss Reede and the recital evidenced to their many friends the good progress that had been made and the success of Miss Reede as a music teacher. The interest of the recital was increased by the rendering of violin selections by Miss Myrtle McIver, of St. Thomas, and a vocal selection by Miss Reede.

Miss Wilma Melvor, of St. Thomas, and Miss Helen R. Rochester, of Renfrew, are the guests of Miss Emma A. Reede, Kilbirnie.

LUMBER MILLS TO CLOSE.

Radical Changes Decided on by Lumbermen's Association.

Calgary, Oct. 10.—Far-reaching changes were decided on at the conference held in Calgary by the Coast Mountain Lumbermen's Association. It was decided that they should close down a large number of their mills this coming season, and in some of the mountain mills not a wheel will turn until 1913. Horses are to be sold off, camps will be abandoned, and generally the lumbermen will mark time for about a year.

The trade for the past year has been somewhat annoyed by the encroachment of the American mills. It was decided at the meeting on Saturday that the association would meet all cuts that the Americans might make and put them out of business at all costs. In the meantime an effort will be made to have the government put a duty on American lumber that will give protection in the rough lines of lumber in which Canadians have to meet the keenest competition at present.

As a result of placing the lumber from one office alone there will be nearly two hundred travellers out of employment.

FALL FAIRS WANT INSURANCE.

More Than Fifty Societies Have Applied Under New Regulations.

Toronto, Oct. 10.—Fifty agricultural societies throughout the province already have applied for insurance under which fall fairs are insured against rain. At the last session of the legislature, \$70,000 was voted, and the government contributed \$5,000 a year to provide for insurance. By paying a premium each year, the fall fair associations are entitled to receive one per cent. of the average receipts for three years in case rain reduces or prevents attendance at the fairs.

DAMAGE TO APPLE CROP.

Between 25 and 30 Per Cent. Will be a Total Loss.

Toronto, Oct. 10.—Recent storms in the province have resulted in the destruction of from twenty-five to thirty per cent. of the apple crop, according to reports received by Percy W. Hodgetts, director of the fruit branch of the Ontario department of agriculture. Greenings suffered more than any other variety, especially in the Georgian Bay district, where from forty-five to fifty per cent. of the crop will be a failure.

WHISKEY FROM BANANAS.

New Process Said to be Cheap and of Delicious Odor.

Parris, Oct. 10.—The Siecle announces that it has advised that two Frenchmen at Saigon, Cochin China, have at last succeeded in making pure whiskey from bananas. For the new process they claim two qualities which will appeal to all whiskey drinkers, cheapness and a delicious odor.

London Man Appointed.

London, Ont., Oct. 10.—A. H. Carroll, of this city, has been appointed general organizer for the United Garment Workers of Canada. His headquarters will be in London, but his territory will embrace the entire dominion.

Yes, others make good flour, but it was left to us to make "King's Quality," manufactured by the Maple Leaf Milling Co.

Sprinkle a little in the Lavatory and see how quickly Stains and Odors vanish.
