

### Household Banking Accounts

An account at The Bank of Toronto in which to keep the housekeeping money may prove very convenient to you, as it has to others.

If you wish it, the account may be opened in the names of two persons, either of whom may withdraw money.

### BANK OF TORONTO

INCORPORATED 1855.

ASSETS OVER \$50,000,000

KINGSTON BRANCH  
107 PRINCESS ST.

GEORGE B. McKAY,  
Manager.

### WHAT IS THE UNIVERSAL TEA BALL TEAPOT?

It is the only Teapot which you can make a perfect cup of tea.

### HOW TO USE IT—NOTHING SIMPLER.

Place tea in the tea ball, draw up and down two or three times in freshly boiled water, and secure ball in top of cover, which is held by small lock in chain. The result is perfect tea, which you can get in no other way. We have them in two different styles.

\$3.50 to \$4.00.

### W. A. Mitchell HARDWARE 85 AND 87 PRINCESS ST.

William Grant, agent for the Temiskaming & Northern Ontario railways, at Temagami, is in the city visiting friends.

## TO PROBE THE STORY

### THAT CONVICT CONFESSED TO DOUBLE MURDER.

Dennis Babcock, of Sharbot Lake, in City to Try and Investigate Report Concerning Mysterious Case—Disappearance of Two Young Men Eight Years Ago.

In order to try and probe a story, to the effect that a prisoner in the penitentiary had confessed to a double murder, one of the victims being his son, Dennis Babcock, who lives about two miles from Sharbot Lake, came to the city on Wednesday, and to a representative of the Whig station that he would endeavor to get an interview with the prisoner if possible. He intended taking up the case with a local lawyer.

The rumor is one which was sent abroad in the vicinity of Sharbot Lake a few days ago, but according to what can be learned from the authorities there is no truth in the report that such a confession had been made.

About eight or nine years ago two young men, Norris Babcock, a son of Dennis Babcock, and his companion, another man, named James Martin, mysteriously disappeared from their home, near Sharbot Lake. They had been fishing, and as no trace could be found of them, it was believed that they had been drowned, and that their bodies had been lost. A man named Bedore, so it was alleged, had made a confession, pleading guilty to murdering the two young men and burying their bodies. When Mr. Babcock got hold of this report, he at once became interested, and this was his errand in the city, on Wednesday. One report had it that the bodies had been buried in Creek swamp. Norris Babcock was the only son of Dennis Babcock. The latter has been worried a great deal since this report came out about the confession and will leave no stone unturned to ferret out the truth of the matter and endeavor to find the bodies if possible. The prisoner mentioned is serving a term for attempted man-slaughter.

## HAIR PRESERVATION

Nothing can grow hair when the roots are destroyed, and those who wish to preserve and promote beautiful, healthy hair should bear this in mind.

Parisian Sage is a reliable guaranteed hair restorer and cures all scalp diseases, prevents hair from falling out and creates a rich luxuriant growth of hair, a glory to woman and the pride of man.

A pleasant hair dressing—ladies like Parisian Sage, and your druggist, J. B. McLeod, guarantees every bottle that he sells at 50c. and stands ready to refund your money if it fails to do its work. See that the girl with the Auburn Hair is on each package.

## PROBLEM OF THE CITY

### CONSIDERED AT THE ECUMENICAL CONFERENCE.

Religion Finds in the City Its Test—If it Fails to Meet the Needs it is Criminally Indifferent.

Toronto, Oct. 11.—It was the problem of the city, which was the thought of Rev. Dr. Frank Mason North's address at this afternoon's session of the Ecumenical conference. He urged re-adjustment of church work in urban centres. He did not think the city the final embodiment of evil the culmination of the adversary's plan or campaign against humanity.

"The statesmanship of church," said Rev. Dr. North, who comes from New York, "which cannot bear the ceaseless tread of feet of the ever-growing multitude upon the streets of the cities of the world, is criminally indifferent or hopelessly stupid. The social problems of the world are condensed in the life of a city. Religion finds in the city its test and trial. The Methodist new approach to the people in the cities of Great Britain has given heart to the church in every land. The social purpose finds a ranking place in the progress of our missions in pagan lands."

The business committee of the conference, today, submitted a proposal to appoint an ecumenical Methodist commission to continue the ecumenical relations of the various branches of Methodism that results of the conferences may be observed. It is proposed that the commission be composed of 100 members, five from the eastern section and fifty from the west. Sir Robert Perks urged that the influence of the Methodist church should be concentrated by the establishment of such a commission. Joint action in such countries as Russia and Spain in days gone by might have saved church members from cruel persecution. The discussion will be resumed later.

### STILL MORE TRUANTS.

### Bad State of Affairs Revealed in One Case.

Further complaints have been made to the police, about truancy. To-day, the police were engaged in looking up some homes and endeavoring to get the lads back at their studies.

A very sad state of affairs was revealed in one case a few days ago. A report was sent to the police that a certain lad was not attending school. Constable Arnel was given the case, and he went to the home to investigate.

With tears in her eyes, the mother informed the police constable, that she had been compelled to keep the boy at home to help her in the work, as she had a husband who would not help her to support her five children. Surely this was a sad case. Later the husband was in the police court, accused of non-support. His love for whiskey had been the cause of all the trouble, and he was placed on the "prohibited list," to see if it would help. As long as the father keeps at work and provides for his family, the lad will be able to attend school.

### A Wonderful Discovery.

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poisoning! Not one species of microbe has been found that Zam-Buk does not kill!

Then again, As soon as Zam-Buk is applied to a sore or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk, they care nothing for the science of the living. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again, As soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath skin's surface are so stimulated, that healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally eats out the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day Mr. Marsh, of 101 Belorimier avenue, Montreal, called upon the Zam-Buk company and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and in a few months it cured him. To-day, over three years after his cure of a disease he had for twenty-five years—he is still cured, and has had no trace of any return of the eczema! All druggists sell Zam-Buk at 50c. box, or we will send free trial box if you send this advertisement and a 1c. stamp (to pay return postage). Address Zam-Buk Co., Toronto.

### Military Men Still Unpaid.

The officers and men of the permanent force have as yet not received all their pay. A short time ago they received a small sum, but nothing like what was coming to them. They are anxiously waiting for the government to get settled, and pay up. It is pretty hard for the men to be without their pay for so long a time.

### A Parlor Social.

A very enjoyable parlor social was given at the home of Mr. and Mrs. J. Lemmon, Montreal street, by the young people of Brock street Methodist church, Tuesday evening. There were about thirty young people present.

### Apple Picker Broke Neck.

Ingersoll, Oct. 10.—James Sutherland, aged sixty-five, a successful farmer of East Missouri, slipped while picking apples, breaking his neck. He was unmarried.

### Amateur Developing.

Bring your exposed films to us for developing and printing. Will be done promptly, and well. Mahood's Drug Store.

## QUEEN'S WILL ASSIST

### IN THE WELCOME TO THE DUKE OF CONNAUGHT

Before They Proceed to the Ottawa College Oval to Play the Schedule Senior Rugby Game on Saturday Afternoon.

An Ottawa despatch to the Whig says: Arrangements are to be made when the Kingstons visiting here Saturday to play football, will be enabled to participate in the welcome to the Duke and Duchess of Connaught, on parliament hill. It is expected over 30,000 will be there to formally welcome the first prince of the royal blood to be governor-general of the dominion.

If the Ottawa College football players display next Saturday afternoon when they meet the Queen's fourteen, in the opening of the inter-collegiate in Ottawa, the form which they showed at yesterday afternoon's practice, they should register their first win in two seasons. All the senior players were in line, with the exception of Frank Hoffmann and Sylvester Gully. "Jack" Robillard, the promising half of the second team was switched to the seniors yesterday in Cornellier's place, and it is quite likely that he will play against Queen's.

Arrangements have been completed in order that the college and Queen's teams may assist in welcoming the Duke of Connaught. They will dress preparatory to the game and go from the station to the grounds, play at the oval, starting at three o'clock. Dr. Chabot, M. P., who is a graduate of Ottawa University, will accompany the boys and kick off the ball.

As usual, one of the big features of the afternoon will be the performance of the college rooters club in charge of Joe Simard, who promises to let loose some new yells and songs.

## STONES ARE PROMISED FOR CHAMPLAIN PARK

### They Are From Gateway of Champlain's Birthplace in Brogues, France.

Special to the Whig.

Ottawa, Oct. 11.—Sir Sandford Fleming, chancellor of Queen's University, has received word from President Finlay, of the College of the city of New York, that he will make a gift of the Champlain stones, provided there is a guarantee that an appropriate resting place can be found for them. Laterly the stone material, which formed a gateway or entrance to the birthplace of Champlain at Brogues, France, found their way to New York. A statue of Champlain is to be erected here and it is likely the New York officials will make a gift of the stones to form the base. Sir Sandford Fleming is suggesting an immense park here to be known as Champlain park, in which it would be placed.

### MARINE TIDINGS.

### Grain Carriers Are on Way to This Port.

The steamer Keyport was at the drydock yesterday, on her way to Montreal.

The steamship, Sowards, cleared for Oswego, with the schooner Maize in tow.

The steamer Iroquois, discharging grain at Richardson's elevator, cleared for the Welland canal.

The sloops Maggie L. and Granger, from bay ports, are unloading grain at Richardson's elevator.

The government steamer, Scout, was in port Wednesday morning. The vessel is at work in this district.

Capt. Jeremiah Hurley went to Belleville, to take charge of the schooner Dundee, for the remainder of the season.

The steamer Renville came over from Cape Vincent, where she discharged a cargo of pulp, and will undergo repairs at the government drydock.

At Swift's wharf—Steamer Aloha was down from bay ports today; the schooner, Bertie Calkins, was expected today from Oswego with coal; steamer Dundurn was due to pass today to discharge freight; steamer Belvidere down from lake ports today.

M. T. Co's. elevator—Steamer Fairmount, from Fort William, discharged 70,000 bushels of wheat, and cleared for Fort William with barge Quebec, in tow, the latter from Port Dalhousie; the tug Emerson cleared for Montreal with two coal and one grain barge; steamer Turret Court, grain-laden, from Montreal, is due to arrive tonight to discharge; steamer Glenmount will arrive during the day from Fort William and discharge 70,500 bushels of wheat.

### To Practise in Odessa.

Dr. Horace C. Mabee, a graduate of Queen's in 1910 and of the Ontario Medical Council in 1911, is now senior house surgeon of St. John's hospital, Brooklyn, N.Y. On February 1st next he will have completed his term of sixteen months there and take up practice with his father, Dr. J. E. Mabee, in Odessa.

### Bridge Question Again.

The board of trade, at its meeting, on Tuesday night, again had the old-time question of the Catarqui bridge up for discussion, and it was referred to the marine committee of the board for action.

### "English to Let Lanoline." Gibson's.

"English to Let Lanoline." Gibson's.

### Business Wound Up.

The executive of the Sunday School A. A. A. met for a short time in the Y.M.C.A. parlors on Tuesday evening to complete arrangements for the banquet to be held Thursday evening in the Queen street Methodist church. Reports from the different committees were given and the meeting adjourned shortly after nine o'clock to meet next Tuesday evening, when officers will be elected.
