WHAT I WENT THROUGH

Before taking Lydia E. Pinkham's Vegetable Compound.

Natick, Mass.—"I cannot express what I went through during the change of my life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold, I had creepy sensations, and I could not sleep nights. I was finally told by two physicians that I also had a tumor. I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it had worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish my letter."—MRS. NATHAN E. GREATON, 61 N. Main Street, Natick, Mass.

The Change of Life is the most critical period of a woman's existence. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

THE HALLS OF QUEEN'S

THEOLOGY LECTURES BEGIN EARLIER THIS SEASON.

The Journal to be issued on the 21st—The Freshmen's Reception Likely to be Held on Nov. 1st.

The association football team did well on Saturday. The combination this season looks decidedly strong and will undoubtedly give a good account of itself in the coming contests. Tremble, McArde, Bismontette and McKenzie still play brilliant, steady ball, while several of the freshmen will likely find a place on the college line. Fisher, in goal, handles himself well. Ledwith at half, looks to be out of his position; Ball and Lewis are both valuable men who will improve with the season's practice and training.

The Journal staff, which this season is eminently efficient, hopes to present the first issue of the college publication on the 21st inst. No student can afford to be without the Journal.

It is anticipated that the annual reception to freshmen, tendered by the members of the Y.W. and Y.M.C.A. will be held in Grant hall on the evening of Wednesday, November 1st.

A re-arrangement of the theological time table, which will be universally appreciated by the students, has taken place. In future, in this department at the university, there will be no lectures on Monday, and the classes which were heretofore held on the second day of the week will be conducted Saturday morning. This will enable the men to visit neighboring mission fields throughout the college session. Lectures in theology will commence on Thursday of this week. This is two weeks earlier than usual, consequently spring examinations will be put on in the fore part of April.

The representatives of the Levana Society who attended the student conference in Muskoka last summer, will make report at the next meeting on Wednesday afternoon.

The first practice of the Choral Society will be held in convocation hall Tuesday evening.

The intercollegiate branch meet will be held in Montreal on the 30th inst. Queen's will send a strong team.

Miss Jennie Dunlop, who for several seasons conducted the choir post of fee at Queen's, will be greatly missed this season. Miss Dunlop has taken up residence in Montreal.

To-night the senate and professional staff at Queen's will do honor to Prof. Nathan Dupin, who has retired from active enterprise at the university. A complimentary dinner will be tendered in Grant hall.

A Forger Arrives.

Sheriff J. Cruickshank and John Byrne arrived in the city on Monday afternoon from Toronto, with George Dove, who will serve three years in the penitentiary. He forged a marriage certificate, using the name of Rev. C. D. Johnston, a former Kingston Methodist pastor. He had a wife in Toronto, when he secured a certificate to wed another.

Do not offer a reward for a lost opportunity, but create another one.

Free To Pile Victims

Next Morning Worst Cases Wonder Why They Never Before Tried The Remarkable Pyramid Pile Cure.

It is Free.

By making a free trial of the Wonderful Pyramid Pile Cure you are sure of being right. Nothing is more disappointing than to invest in something that don't do the work. AT THE GRAND OPERA HOUSE.

"The Squaw Man" Was Produced on Monday.

"The Squaw Man," produced here two years ago, with William Faversham in the title role, played a return engagement here last evening. George V. Gill, as "Jim" Carston, who leaves England under a cloud, to save his cousin, the Earl of Kerswill from disgrace, was worthy of the applause given him. His reconciliation to Lady Diana, widow of the Earl of Kerswill, who discovers that he left England and bore disgrace for her sake, brought the drama to a worthy end.

Bits of humor throughout the performance livened things up in the right places, and made the rendition of the drama very entertaining. "Big Bill," the forman of Carston's ranch, was a splendid type of the large-hearted western cowboy, and was well received. His bluff, hearty manner, pleased all. The other members of the company played their parts well, and the company was well balanced. Little "Hal" Carston's son captivated all by his winsome manner.

The settings were all good. The first act was laid at Maudsley Towers, the English home of the Kerswills, and the remaining three scenes were at Carston's ranch in Wyoming.

Imperial Russian Ballet.

Local music lovers and theatre-goers, are congratulating themselves on the good fortune that is theirs in the approaching brief visitation of the All-Star Imperial Russian Ballet. This most brilliant aggregation of Russia's chorographic artistry was brought to America largely through the influence of the directors of the Metropolitan Opera House, New York. It is sent across the country by special arrangement with these directors. Vittorio Podesti of the Metropolitan Opera Company, conducts the full symphony orchestra with the ballet, which includes all Russia's greatest stars, such as Geltzer, Sejowa, Koralli, Lopoukova, Zamboli (French visiting star), Alexander Volinine, and the statesman Mikol Mordkin, who is also the ballet's artistic director. They will present the romping comedietta, "Coppelia," at the Grand on Wednesday, Oct. 18th.

"The Bachelor's Baby."

If you want to laugh and be proud of it, laugh and not blush, and laugh intelligently and unrestrainedly and continually, "The Bachelor's Baby," with Francis Wilson as the star, and which he wrote for himself, can be highly recommended. At least the comedy-farce brings the endorsement of an eight month's run from New York, where at the Criterion theatre it met with unstinted praise and also from every city where the play has been presented. "The Bachelor's Baby," has as its fundamental idea the intruding of a baby into a bachelor's life. The story strives to portray the influence for the good which this baby has upon the bachelor. At the Grand on Thursday, Oct. 19th.

TWO WEDDINGS IN THE WEST.

Two Former Kingstonsians Were Participants in Each.

A quiet wedding took place at Holy Trinity church, Pine Lake, Alberta, when Miss Ellen Louise Smith was united in marriage to E. J. Murray, Miss Smith is well known in Kingston, having lived with her aunt, Mrs. Edgata Smith, Princess street, for years. She also attended the Collegiate Institute and graduated from there and went out west to teach school. Mr. Murray is a civil engineer and a graduate McGill University. He is now in charge of the C.P.R. in that district. The ceremony was performed by Rev. Alexander Curry, Mr. and Mrs. Murray will take up residence in Alberta.

Welded at Sioux Falls, S.D.

The Daily Argus-Leader, of Sioux Falls, South Dakota, contains this account of the wedding of a former Kingston young man:

Saturday morning at six o'clock, October 7th, occurred the marriage of Miss Diana Piteher, daughter of Mr. and Mrs. Frank Piteher, to John Ludlow, formerly of Kingston, Canada.

On account of a recent bereavement in the family of the groom the wedding was as simple as possible, witnessed only by immediate relatives. The ceremony was performed by Rev. Ernest Hall, pastor of the Swedish Baptist church, and was followed by a three course breakfast.

The bride wore a beautiful wedding gown of white silk crepe with pearl trimmings and carried a shower bouquet of white roses and lilies of the valley.

Miss Piteher came to Sioux Falls with her parents when a mere child and has since made this city her home. She is a graduate of the Sioux Falls high school and for some time has been stenographer in the real estate office of Clark & Piteher Co.

The groom has lived in Sioux Falls for the past four years and has built up a successful business with the Manufacturing Jewelry company, of which he is owner.

Mr. and Mrs. Ludlow will be at home to their friends at 1167 South Minnesota avenue where the groom has purchased a home and has it furnished ready for his bride.

Algonquin National Park.

The high altitude of the Algonquin National Park of Ontario, is one of the attractions, and has much to do with the benefit derived from a visit to it. The elevation above sea level at Algonquin Park Station, the objective point on the railway, is 1,700 feet. There is tonic quality to the air, which must be experienced to be understood. With prevailing winds from the north and the west, the air is purified by its journey over millions of square miles of forest land, much of which is pine and balsam. "The Highland Inn" offers exceptionally good accommodation to visitors and any season of the year is a good time to visit this territory. The Inn is open all the year round. Handsome publication and all information free on application to J. Quinlan, district passenger agent, Montreal.

The death occurred at Easton's Cottage, on October 7th, of Malcolm McMartin.

Look at this Grate Bar!

The reasons for its saving of fuel and simplicity of operation are surely worth a minute of your time.

THAT'S the King grate bar. And in every sense it's a great bar. For, no other grate unites the simplicity, convenience and ease of operation with the same substantial fuel economy. Not a bolt or split pin anywhere to require cold-chisel-and-hammer treatment. Working independently of each other, it takes but a moment and a pair of hands to remove or replace them. In shaking or dumping, the operation can be so regulated that clinkers or large coal cannot clog the grates or partially burnt or fresh coal drop below. The fire in the boiler is dumped by simply reversing the shaker.

KING BOILER & RADIATORS

Another point of special interest: The shaker, instead of being a separate part of the grate, is joined to and forms a complete part with the grate. No need for fumbling in the dark when you want to use it; no need to remove it when through to avoid stumbling over it. It's always in position, but never in the way. The connecting rod of the King being placed at the side, instead of the draft centre, allows the draft to be completely and evenly distributed over the whole grate surface, causing perfect combustion and the abstraction of every unit of heat energy from the fuel.

WRITE FOR BOOKLET

A post card will bring you a copy of "Comfortable Homes." It goes into the subject of heating and heating methods thoroughly and gives you a clear insight into heating values. Not technical, nor "dry," but plain, helpful, sensible and practical. Simply address—
