

Listless, Backward Children Made Bright and Active by Dr. Morse's Indian Root Pills

Many a growing boy or girl is set down as constitutionally slow, stupid or lazy when it is really a question of inactive bowels, lazy liver or sluggish kidneys. The growing child, with a hearty appetite, certainly cannot long remain healthy and bright if the bowels and the kidneys, are choked up with impurities that should be thrown off promptly. The muddy complexion, dragging limbs and dilated far mental or physical effort show plainly that the child needs Dr. Morse's Indian Root Pills to stir up the liver and kidneys and regulate the bowels. Dr. Morse's Indian Root Pills do this most effectively, cleansing the whole system, purifying the blood, aiding the digestion and giving plenty of life and activity. As upon the education obtained may depend the success in life of your boy or girl—see to it that the general health of the child is such that study is pleasure and not a hardship. Made from roots and herbs by W. H. Comstock Co., Ltd., at Brockville, and sold by all dealers at 25c. a box.

A GREAT DISCOVERY Certain Ingredients That Really Promote Hair Growth When Properly Combined. Restorin is one of the most effective germ destroyers ever discovered by science, and in connection with Thiazol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its natural nourishment and also creates a clean, healthy condition of the scalp, which prevents the development of new germs. Filocipin, although not a coloring matter or dye, is a well-known ingredient for restoring the hair to its natural color, when the loss of hair has been caused by a disease of the scalp. These ingredients in proper combination, with alcohol added as a stimulant and for its well-known penetrating properties, perfect perhaps the most effective remedy that is known for scalp and hair troubles. We have a remedy which is chiefly composed of these ingredients, in combination with other extremely invaluable medicinal agents. We guarantee it to positively cure dandruff and to grow hair, even though the scalp is spots bare of hair. If there is any vitality left in the roots, it will positively cure baldness, or we will refund your money. If it's scalp has a glazed, shiny appearance, it's an indication that baldness is permanent, but in other instances we believe baldness is curable. We want every one afflicted with scalp disease or loss of hair to try Revell's "33" Hair Tonic. If it does not cure your dandruff and grow hair to the satisfaction of the user, we will without question or quibble return every cent paid for it. We print this guarantee on every bottle. It has effected a positive cure in ninety-three per cent of cases where put to a practical test. Revell's "33" Hair Tonic is entirely unlike, and we think, in every particular, better than anything else we know of for the purpose which it is prescribed. We urge you to try this preparation on our entire risk. Certainly you know of no better guarantee for the best of the best. Dr. and Mrs. Young spent Thanksgiving with friends at Forfar and Perth.

Distress From Indigestion Tried in Vain to Get a Cure—All Medicines Failed. Old Trouble Disappeared When the Liver and Bowels Were Set Right by DR. CHASE'S KIDNEY-LIVER PILLS. You cannot make a greater mistake than to think that indigestion is confined to the stomach. It is a disease of the liver and bowels, and it is only by getting these organs healthy and active that you can ever hope to cure chronic indigestion. Here are two cases reported by Mr. Skinner, which tell of continued failure to cure indigestion by dosing the stomach. Both were cured thoroughly by using Dr. Chase's Kidney-Liver Pills. A. C. Skinner, Atlantic street, Harwoodhill, Sydney, C.B., writes: "My wife was troubled with indigestion, and tried all sorts of medicines in vain. Hearing about Dr. Chase's Kidney-Liver Pills, I got her to try them, and to our mutual delight she was cured. We would not think of being without them in the house for use when the liver and bowels become sluggish. I told a friend about them and gave me a box. He had suffered from indigestion for years and tried most everything he could get. Dr. Chase's Kidney-Liver Pills were also successful in his case, and he says they beat any medicine he ever came across." Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c. a box, at all dealers, or Edmondson, Bates & Co., Limited, Toronto.

MOLE-SKIN WRAPS ARE BEAUTIFULLY STRIPPED. Hundreds of tiny skins and hours of patient work go into the making of a wrap of this luxurious sort. The arrangement of the pile in opposite directions produces the striped effect which makes the soft brown tone of the moleskin doubly beautiful because of the lights and shadings in the stripes. This wrap has the narrow lines which are fashionable just now, but at the shoulders the soft moleskin hangs in graceful folds below a deep collar of marten.
