

SEAL SKIN GARMENTS

You know Seal skins are yearly becoming harder to procure, owing to the rapidly decreasing herd.

Unless the new Protective Alliance is strictly adhered to, it is only a question of time before they become extinct.

This Season through our London Agent, we have secured a magnificent lot of XXX skins.

A NAUTICAL EVENING

AT THE SALVATION ARMY CITADEL.

A Play Entitled "The Nautical Pilgrim's Progress" Presented and Very Much Enjoyed.

Notwithstanding the wind and rain storm last evening a good sized audience was present at the Salvation Army Citadel to witness the "Great Naval Demonstration" or "The Nautical Pilgrim's Progress." The platform was arranged to represent a full-rigged ship under canvas, and some forty members of the Army were uniformed in naval costume. The scene presented "the deck of the Goshal Ship Christopher," and was really a nautical work of art. The synopsis of the theme was the Gospel ship, the start, ship in sight, the warning, the wreck, launch the lifeboat, the rescue, the rescued, time off and prospects, the storm, the lighthouse, land ahead, at home. The characters were: Capt. Strongheart, Lieut. Wiseman, Bo Sunflower, Capt. Rescuer of the "Hopeless," Stewart Cymboboy, crew, passengers, handy men, etc.

After singing "The Gospel Ship is Sailing," Capt. Turner made a brief address, tracing the characters of the men on the ship and their work in life. The Gospel ship was to rescue the wrecked, although it had to go through many a storm to bring the rescued safe home. The singing was remarkably fine, the different numbers being episodes in the voyage. "The Ship in Sight" was given as a solo by Mrs. Eva Gage; a duet, "The Wreck, Launch the Lifeboat," was sung by Mrs. Rogers and Mrs. Barnes; a solo, "The Rescue," by Mrs. Tedman. Solos were also given by Messrs. Snell and Strongheart, Mrs. Turner, the Snell family, Miss Newman and Mrs. Blake, Mrs. Pickering and Capt. Turner. A fine instrumental selection was given by several members of the company. Miss Wheelock presided at the piano and played the accompaniments. Between the different solos appropriate selections from the Bible were read by different members of the Army. On Monday evening next, by request, the unique service will be repeated.

TO FIT UP HOUSE AND CATERAQUI SCHOOLS

So That They Will Comply With the Requirements of the Health Department—To Put in Steam Heating.

Plans and specifications have been prepared of the improvements that are to be made in Catarauqui and Louise schools to comply with the requirements of the health department. It is proposed to heat the both buildings with hot water, small cellars being dug underneath the schools to admit of the apparatus being put in. In Catarauqui school two sets of lavatories will be introduced on the two floors at the rear of the building. Catarauqui school will be a four-room school instead of a six as at present. In Louise school the lower part of the wing at the back of the building will be used for lavatory purposes. The whole expenses will be in the neighborhood of \$6,000, and it is expected that next year's council will provide for the issuance of debentures to cover the amount.

GAVE THRILLING ACCOUNT

Of Slum Life as Seen in East London.

The illustrated lecture, given in the First Baptist church, Monday evening, by Rev. John Galt, of Picton, was exceedingly interesting. Mr. Galt was for eighteen years a city missionary among the great submerged masses in the slums of East London, and gives at first hand a most thrilling account of how those people live and work and suffer. Dr. Galt handled the stereopticon with splendid effect. The pictures shown were from photographs taken by the lecturer himself, and introduced the audience in a very real way to the character of life in a London slum. In consequence of the wild, stormy night, the audience was small, but those who braved the angry elements to be present felt well repaid for their trouble.

Blew Top off Car.

Men who were working around the outer G.T.R. station, Tuesday forenoon were astonished to see the roof of a freight car forced off. Upon examination it was found that the car was loaded with corn and that the contents of the car had become moistened and fermented. The result was that as the fermentation could not escape fast enough through the cracks and crevices around the door, the only thing left to do was to blow the top off the car.

Bagged a Large Number.

All sorts of reports have been coming in since the hunting season has begun about large hauls of ducks, but 125 ducks bagged in four days by a party of four is the latest story from "Joe" Brophy, proprietor of Long Island Park. "Joe" was not in the party, but the quartette camped on his land, and he vouches for the truth of the story.

New Provincial Secretary.

P. S. Shephard, provincial Y.M.C.A. secretary, with headquarters in Toronto, was in the city Monday inspecting the local building and getting acquainted with the officials here. He met the board of directors at a meeting in the building Monday evening.

Blow Down by Wind.

The windstorm of Monday night blew down fences on Arch street and on King street, near Green, and also part of the fence along the road at the R.M.C. Catarauqui bridge also suffered, part of the railing being swept away. The bicycle shelter at the police station was turned over.

A social and reception is to be held in St. George's hall this evening for the congregation and student friends.

LOCKED HIS MOTHER OUT.

Ontario Street Youngster Created Some Excitement.

"How a mother was locked out of her home by her three-year-old son, with members of the Kingston fire department, to the rescue."

The above would make a suitable heading for a rather amusing incident which occurred on Ontario street on Tuesday morning.

Shortly after eight o'clock the mother referred to went out to do some shopping, and left her little boy, a chubby little chap with a winking smile, to keep house. He looked after the house all right; in fact, he took good care that no person could get into the house.

The little fellow toddled down the stairs to the front door after his mother left, and bolted the door. Of course, he had no idea what he was doing, but that one little act of his caused a great deal of excitement. The door had been locked, but now it was bolted, and could not be opened from the outside.

When his mother arrived on the scene she put the key in the lock, and was very much surprised to find that the door was bolted. The little fellow was on the inside, smiling at her, and she afterwards discovered what he had done. It was then useless to use the key.

The question then was as to how the door could be opened. The youngster was able to bolt the door, but do you think he could unbolt it? No, sir, all the coaxing possible would not do the trick. Matters were at all times in a state of confusion until the firemen from the lower station came to the rescue. They had an idea, and put it into effect. Chief Armstrong and Firemen John Hall and Alfred Tugwood came over with one of their ladders, and put it up to one of the upstairs windows, the only window in the house which had been left unlocked. After getting the window up, Fireman Hall managed to squeeze through, and in short order he made his way to the door and opened it. Even after the fuss was all over the little chap was laughing, and appeared to enjoy the fun immensely.

A RAGTIME DANCE HELD

In Ontario Hall by Louise Rebekah Lodge.

A ragtime dance was held on Monday evening in Ontario Hall by the Louise Rebekah Lodge I.O.O.F. When over a hundred were present. Dancing began at nine o'clock and continued till two in the morning. About midnight refreshments were served. Crosby and O'Connor's orchestra supplied the music. The first prize for the ladies was won by Miss L. Hackett, John McCarney won first for the gentlemen, and A. M. Hingham second.

Rideau Ward Assessment.

The court of revision on Monday afternoon made these allowances in Rideau ward appeals—J. H. Bell, \$200 off; Harriet Conroy, income tax off; Mary Cook, income tax off; M. G. Draper, \$250 off; Rev. R. S. Forner, dog tax off; Mrs. L. E. B. Grey, \$50 off; Joseph Lemmon, \$200 off; James McLaughan, \$200 off; Agnes Spooner, \$200 off; E. Sharpe, \$150 off; W. J. B. White, \$210 off.

cluding the necessary reforestation of suitable crown lands the conservation of our timber resources by the retaining young pine timber; an adequate system of fire ranging to protect crown timber; the sale of crown timber by public auction rather than by private sale or tender; assistance, financially, upon the principal adopted in regard to drainage, to municipalities that desire to purchase and reforest the thousands of acres of waste land now existing and which increase yearly in many portions of the province.

We condemn the alienation by the Whitney government of millions of acres of the public domain by way of land grants to railway corporations.

There should be an enlargement of the powers and reorganization of the Ontario Railway and Municipal Board so as to render it an industrial and effective tribunal in the public interest.

Administration of Justice.

It will be our duty to combat at all times, by legislative enactment and administrative action, such trusts, mergers and other combinations of capital as stifle competition, increase the cost of living and impair political independence.

We will abolish the right of the government to deny access to the courts to those who claim to have suffered wrong or damage through the action of the government or any commission thereunder.

Civil Service Reform.

The spoils and patronage system are inimical to the highest efficiency of the civil service and the best interests of the country. We propose the creation of a civil service commission, and that appointments and promotions in the service shall be by merit after competitive examination.

Electoral Reform.

We will prohibit under adequate penalties all corporations over which the province has jurisdiction from making campaign contributions; require the publication of all campaign contributions to candidates and political organizations; and provide for the appointment of a public prosecutor as in England, whose duty it shall be to intervene in contested elections to see that all who are guilty of electoral fraud or corruption are duly prosecuted.

I shall take an early opportunity of discussing before the electors the policies herein outlined, and I appeal to all who believe in these policies to give to the Liberal candidates throughout the province their cordial support.

Yours respectfully,

NEWTON W. BOWELL.

Fire at Barrieffield.

James Baxter's handsome brick residence, about a mile past Barrieffield, was in danger Tuesday morning when a fire started on the ground floor, from the furnace pipe. The pipe runs up the wall, and is closed in by plaster. It was necessary to chop a hole in the wall to extinguish the blaze, which had the high wind got a chance at it, it would have gutted it in a short time. The damage will not be heavy.

The Late Theodore Martin.

The funeral of the late Theodore Martin took place from the residence of his grandmother, Mrs. Wilsonton, Colborne street, on Tuesday morning to Catarauqui cemetery. The funeral was private, and was conducted by Rev. S. Sellers. The pallbearers were F. K. MacLeod, E. W. Charlton, R. A. Elliott, George Wright, Arthur Thompson and Leslie Meek.

Trouble With Poles.

The wind Monday night played havoc with the electric light poles in the outtown district. Some poles on Alfred street were blown down early in the evening, and men were sent up to fix them up. They had to make another trip Tuesday morning.
