CLEARING UP THINGS

AFTER COMPLETING THE FIVE BLOCKS OF PAVEMENT.

Getting Not as Rapid in the Cool Weather.—The Company is Liable to a Penalty of \$180 for Overtime.

Men who have been working on the paved roads were busy, on Thursday, collecting odds and ends and clearing up things after the completion of the asphalt block paving. Owing to the colder weather, the blocks do not set as well as they do in warm weather and it will be probably ten days before Wellington street will be opened for traffic.

The company is liable to thirty-six days' penalty, at the rate of \$5 a day, or \$180. It was specified in the contract that the work should be finished on September 24th. Seven Sundays and a holiday intervened. Work was started on July 24th. The company will claim some allowance from the city on account of being laid up by the arch of the corner of Clarence street, about the end of July. The work would have been completed sooner if the company had been allowed to go ahead and open more roadway while it was waiting on a consignment of bricks.

PRESENTED WITH ROOSTER.

Police Constable Arnel Was Given a Fine Bird.

'Who owns the rooster and who is the mysterious man who left it at the police station?' This is the question of the hour at police headquarters. At 3 a.m. the big door at the police station was opened by some unknown man who threw a fine rooster into the middle of the court. Mr. Arnel, the mysterious man disappeared just as soon as he made this announcement and even the lively sentinels of the force could not get out in time to stop him.

Very often stray dogs are taken to the police station, but a rooster is rather out of the ordinary. However, Mr. Rooster made himself right at home and did some fine crowing that was sufficient to keep the guardians of the law awake for the rest of the night.

The supply of cheese is getting limited, the offering on the board being very small.

CHILDREN'S JUDGE.

Appointed Commissioner to Constitute Juvenile Court.

Rev. John Edward Starr, Allandale, and formerly of Kingston, has been appointed by the Ontario government a commissioner with the powers of a police magistrate to constitute a court especially authorized to deal with juvenile delinquents for Toronto.

Another Garage Opinion. A local doctor, when being spoken to by the Whig with regard to the danger pedestrians run of being injured by automobiles and vehicles backing out of garages and gateways, said he could understand how accidents could happen from garages opening directly onto the street, but most of the private garages are situated so that any person has ample notice of the moving car.

Police Were Called. Late last night the police had a call to a restaurant on Wellington street, where a couple of young men were acting in a disorderly manner.

The presence of the bluecoats on the scene was sufficient to put the young fellows on their good behavior and no arrests were made.

J. L. Grant, of the Ontario Securities company, Toronto, is in town for a few days.

Sherman White, of Toronto, arrived in the city Thursday morning.

BAZAAR AT ST. MARK'S

In Aid of the Rectory Fund Realized \$150.

A successful bazaar was held in the township hall, (arrived), Wednesday afternoon and evening, in aid of the rectory fund of St. Mark's church. The members of the Ladies' Guild are to be congratulated upon the success of their labors, the sum of \$150 being realized. The guild was assisted by a number of young ladies from the city and a large number of city people attended.

The hall was prettily decorated with potted plants, ferns and cut flowers. The various tables were tastefully decorated and arranged to be presentable. The scene of much interest. Miss Gladys Ruttab and Miss Nesbitt, of New York, were the mysterious authorities of the future, and told some very original fortunes. Salisbury brothers' orchestra supplied the music during the evening, and Miss Nesbitt sang a solo, which was very much enjoyed. The only damper on the affair was the illness of Rev. F. H. McGee, the much-esteemed rector of the parish, who is leaving to accept a curacy at the cathedral, Montreal. He was unable to be present. Tea was served in the hall at six o'clock. The ribbon quilt was won by Miss G. Bell.

Those who had charge of the booths were: Tea table, Mrs. (L.O.) Birchall Wood, Mrs. (Prof.) Butler, Mrs. Sedgwick, Miss Helen and Madge Crowe, Miss Pense, Miss Gordon and Miss Nutray; fancy work table, Mrs. W. J. Murray, Mrs. John Baxter; vegetable and fruit table, Mrs. James Aulton; tobacco, candy table, Mrs. W. Ruttab, Miss K. Baxter; pork and bean table, Misses Bertha Pugh and Irene Stanton; pop corn and peanut table, Misses Rena Knapp and Agnes Stanton; home-made cake table, Mrs. J. Jordan, Miss Elliott; home-made bread, bun and jelly table, Mrs. Gibbet, Mrs. Moore, Miss G. Medley; cream table, Mrs. James Baxter, Miss Alice Hamilton.

JUDGMENT WAS RESERVED

in the Lawsuit Held at Centerville, Wednesday.

Judge Madden reserved judgment in the law suit heard at Centerville, of J. Whalen vs. W. J. Geddes, Whalson, Enterprise, sold to Dr. Geddes, of Irene Stanton, pop corn and peanut table, Misses Rena Knapp and Agnes Stanton; home-made cake table, Mrs. J. Jordan, Miss Elliott; home-made bread, bun and jelly table, Mrs. Gibbet, Mrs. Moore, Miss G. Medley; cream table, Mrs. James Baxter, Miss Alice Hamilton.

WILL NEVER HAVE PURE WATER

Under the Present System, According to Prof. Connell.

Prof. W. T. Connell, bacteriologist, at Queen's University, in discussing the present water system in the city, said that so long as the present system prevailed the city's water would never be pure. At the present time there is a certain amount of chlorine in the water, although it is not noticeable, and some will have to be in the supply all the time. The inlet, the professor declares, is not at the right place, and so long as it remains there, the city will never have a pure water supply.

WORST OF STORM OVER

VESSELS TIED UP ARE NOW ABLE TO GET AWAY.

Storm at Oswego Was the Worst Experienced in Many Years—Death of Capt. Robert McMaugh—Marine Notes of Interest.

There is always the calm after the storm, it came today, and mariners are happy. The storm which has been raging for forty-eight hours or more, tied up practically everything. Several boats were able to clear today.

Word received from Oswego this morning, was to the effect that the storm there the past two days was the worst ever experienced. The waves came clear over the wharf, and every vessel had to tie up. A telephone message from Oswego, this forenoon, stated that the weather had cleared off. The steamer Windsor and the large Kingston, both on their way, cleared on Thursday morning. The Windsor will discharge at Montreal, and the large Kingston will discharge at Prescott.

Marine men have certainly had a heap of trouble looking after the vessels. Some of the tugs coming up from Montreal have been tied up for many hours.

Capt. Robert McMaugh, a former walking-machinist, died in California on Wednesday. He resided in Toronto, but was well known at this port, having been engaged on different vessels. His brother, Capt. James McMaugh, of St. Catharines, is also well known in this city. Deceased went to California, for the benefit of his health. He was a prominent marine man, and was known all over the lakes. He was a Mason.

The steambarge John Randall arrived from Rideau canal ports with barley for Richardson's elevator, and will load grain for Rideau canal ports.

The schooner Abbie L. Andrews cleared for Oswego yesterday afternoon.

The schooner Ford River is at Richardson's elevator, loading feed.

M.T. Co's elevator: Steamer Turrot arrived from Fort William, and is discharging 65,000 bushels of wheat; steamer Turrot Chief, from Fort William, is due to arrive tonight, to discharge steamer Mapiston, grain laden, is due to arrive to-morrow, also the steamer Acadia, to lighter; tug Bronson cleared, light, for Cornwall canal, and will return with light barges.

The schooner Acadia was taken to Wolfe Island, on Wednesday afternoon, and is now discharging its cargo. It is not expected that the boat is seriously injured by the storm.

At Swift's wharf: Steamer Dundurn stopped, on her way down, last night, and discharged freight; steamer City of Ottawa went west after leaving off freight; steamer Beaville is due to push down to-night; steamer Aletha was down from bay ports to-day.

The steamer Holcomb, in charge of the tug Hinkley, was not at the Cercle elevator waiting to get into the dry dock. The two were waiting till the wind ceased and then cleared for the west.

Y.M.C.A. Extension Work.

E. F. Trimble is in Gananoque arranging with the F.O.F. for the forming of a class for physical instruction. This is a new activity of the local Y.M.C.A. and is receiving much encouragement.

The membership campaign among the juniors and intermediates at the 'Y' is creating much interest. First place is being eagerly sought. The blues are still leading.

Want Garbage System.

Kingston is not the only place which has been having a great deal of trouble with a garbage system. In London, Ont., the council has been endeavoring to get a good system, and the members have decided to have the ratemakers vote on a by-law to spend the sum of \$50,000 for a proper garbage system.
