## UNDER CONSIDERATION

### REQUEST OF TEACHERS FOR SALARY INCREASE.

Business of Board of Education Disposed of at Twenty Minute Session—Increase in Public School Pupils' Fees.

The board of education had one of the shortest sessions on record on Thursday night. The business was purely of a routine nature, for the most part, and the slate was cleared off in twenty minutes. But two reports were received from committees, that of the management and finance committee, and they were both passed without discussion. The finance committee submitted a list of accounts to be passed.

The management committee recommended that the recent request of the public school teachers, for an increase in salary, was under consideration.

On the committee's recommendation, a slight increase in the salaries of the public school pupils' fees. The management committee recommended that the request of the directors of the Orphans' Home, to the effect that the school nurse be allowed to visit and inspect the pupils of that institution, be granted.

That no action be taken on the request of G. Anglin, that the board purchase a loose leaf encyclopedia for the Collegiate Institute.

That the tender of Thomas McAuley, for pupils' supplies for the year 1912, being the lowest received, be accepted. The figures are \$1,082. That the public school pupils' fees be increased to make up the increase in the cost of material included in the pupils' supplies, as follows: Five cents per term for the Senior Part I, Part II, and II grades, and ten cents per term for the Junior and Senior III and Junior and Senior I grades.

Your committee has the request of the public school teachers for an increase in salary under consideration. The chairman, W. J. Houston, presided at the meeting, and the other members of the board present were: Trustees Anglin, Chown, Craig, Donaldson, Elliott, Farrell, Henderson, Lyons, Marnee, Meek, McLenn, Rough- ton, Walker, Wallace and Metcalfe.

A. H. D. Colquhoun, deputy minister of education, wrote the board, notifying the members that the provincial government had placed a kindergarten grant of \$107.31 to the credit of the board.

A number of communications were received, and referred to the proper committees.

S. Harold Miller, 215 Division street, wrote a second time, complaining of damage to his property owing to the fact that there was no fence between his property and that sold by him to the board for the new school.

J. L. Whiting, acting for Mr. Miller, also wrote the board, stating that if the matter was not attended to he would take action.

E. F. Trimble, secretary of the Y. M. C. A., notified the board that the swimming class would be open to school children, and asked permission for the boys to attend.

The members of the board approved of the idea and on motion of Trustees Meek and Farrell, a committee was appointed to look after the necessary arrangements. The committee appointed is composed of the chairman of the three committees, with Trustee Meek and Inspector Stewart.

The Y. M. C. A. has an expert who will teach the lads how to swim, and the board regarded the opportunity as a very valuable one.

A letter was received from the Charity Organization Society, recently formed in the city, asking for co-operation from the board in the work.

G. S. Bale, teacher, asked that his increase in salary date from Sept., 1911, instead of Jan., 1912.

Lyman McCallum asked permission for the use of the Collegiate Institute and gymnasium for the annual Collegiate "At Home," to be held on Jan. 5th.

A. A. Jordan's request for supplementary grant will be taken up by committee.

The report of Inspector Stewart for the month of October contained the following statistics: On roll, 2,231; decrease of nine compared with year ago; average daily attendance, 1,337; decrease of 72; total on kindergarten roll, 211; average attendance, 157.

It was pointed out that the decrease in attendance was due to the epidemic of scarlet fever.

Principal Slater, of the Collegiate, reported as follows: On roll, 376; decrease of 32 from same month last year; average attendance 253; decrease 26.

## GRAND OPERA HOUSE.

Grace George Appeared There on Thursday Evening.

Grace George and the strong New York Playhouse company, in the comedy "Just To Get Married," produced at the Grand, Thursday evening, gave the well-filled house a good rendition of the trials of the average society woman in getting married. The comedy, calculated to give a social life was well given, but the heroine in this case, although she had put her hand to the plough, looked back before it was too late. The final act where Miss George proposes to the man whom she has cast off was touching and at the same time laughable.

Miss George, to say the least, was charming, and her winsome manner captivated everyone. Her ready wit and natural humor caused many laughs. The eminent English comedian, Lyn Harding, as "Adam Linkster," the man who was accepted, and then, turning down the girl, was admirably, and received rounds of well-merited applause. Several times both were forced to respond to curtain calls. The remaining members of the company were well balanced.

## Do You Enjoy your Meals?

One of the Most Important Questions to Consider in the Search for Happiness and Health.

The burning question to you is, "Are you getting out of life all the pleasure and the health you are entitled to?" If not, why not?

No matter whether every organ and member of your body is in a sound state of health and strength, if your stomach is in any way disordered, you are not going to be "yourself." You are going to be a worried, out-of-sorts, nervous or sullen individual. Conditions will reflect your condition inside, and people will naturally avoid you.

The world wants to smile and be cheerful, and unless you are cheerful and smile, at least occasionally, you will have few friends, fewer opportunities, no success, and you will go down in defeat—defeated by dyspepsia and a bad stomach.

A good and thorough digestion has a quick, wonderful reaction upon the brain. You must have noticed it many times, for the brain and stomach are as intimately connected as a needle and its thread, one can hardly be used to advantage without the other. If your stomach is slow and lazy in digesting your food, it will produce at once a slow, lazy and cloudy influence upon your brain. Mark it! If your stomach has absolutely quit work and fermentation is poisoning your vitals as a result, surely your brain is going to be sluggish and correspondingly depressed. No one need tell you that.

But why continue to suffer all the miseries and torments that a disordered stomach brings you?

If your stomach cannot digest your food, what will? Where's the relief? Where's the cure? Why? Because, and all stomach troubles arise from indigestion, and because one ingredient of Stuart's Dyspepsia Tablets is able to thoroughly and completely digest 3,000 grains of any kind of food, doesn't it stand to reason that these little Dyspepsia Tablets are going to digest all the food and whatever food you put into your stomach? Science nowadays can digest food without having to use the stomach for it. And Stuart's Dyspepsia Tablets are the result of this scientific discovery. They digest and digest thoroughly and well, anything and everything you eat.

So if your stomach refuses to work, or can't work, and you suffer from eructations, bloot, brash, fermentation, biliousness, sore stomach, heartburn, irritation, indigestion, or dyspepsia of whatever form, just take one or two of Stuart's Dyspepsia Tablets, and see the difference. It doesn't cost you much to prove it. Then you can eat all you want, what you want, whenever you want, if you use these tablets, and you can look the whole world in the face with a smiling eye, and you will have a cheerful spirit, a pleasant face, a vigorous body, and a clear mind, and memory and everything will look and taste delicious to you. That's life.

Get Stuart's Dyspepsia Tablets at any drug store on earth for 50c a box.

Send us your name and address today and will mail you one, and you by mail a sample package free. Address: F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

## IN MARINE CIRCLES

### ANOTHER STORM HAS INTERFERED WITH NAVIGATION.

Small Boats Keep in Port—The Old Steamer Sharples May be Taken to Buffalo or Cleveland to be Sold.

After only one day's calm another storm swept down the lakes and tied up traffic among the smaller boats on Friday. The marine men were thinking that after the fierce storm during the first part of the week they would have a rest for a few days, and they were disappointed when another sprang up during the night. It increased during the forenoon and lashed the water to fury in the harbor. None but the large freighters could move and those warily while the smaller boats were forced to seek shelter. The mariners have been having more than the usual allowance of bad weather lately.

## To Remove Sharples.

The steamer John Sharples, moored at Garden Island, may be taken to Buffalo or Cleveland and an endeavor made to sell her. Her owners think that there may be a better chance to sell her there than here. The boat was abandoned last spring by the underwriters after being wrecked by being caught in the ice. An offer of \$27,500 has been refused, as the owners are holding out for \$40,000. It will cost about \$30,000 to put her in first-class shape. Two tugs would be required to take her up the lake.

## Movements of Vessels.

The marine situation was a great deal better this afternoon but still the weather was very rough. There were several arrivals and departures, however, and this was encouraging.

At Swift's wharf: Steamer Belleville stopped Thursday and left for freight on her way down; steamer Dundurn passed down and reported; steamer Aletha was expected down from bay ports to-day if she could weather the storm.

The steamer Prince Rupert is expected to-day on her way to Tonawanda with pulp from Seven Islands.

M. T. Co.'s elevator: The steamer Turret Court cleared for Belleville to load cement for Fort William; the steamer Turret Chief arrived from Fort William and discharged 114 bushels of oats; the steamer Advance arrived light, from Montreal, and is loading grain for Montreal; the steamer Mapleton, from Fort William, is discharged 78,000 bushels of wheat and will clear for Belleville to load cement for Fort William; the tug arrived from Montreal with three light barges.

The steamer Sowards arrived from Gavego with coal for R. Crawford.

## RECEPTION GIVEN.

To Students and Young People of Cooke's Church.

The annual reception to freshmen and Freshettes of Queen's and young people of Cooke's church was held on Thursday evening. The affair was one of the most successful held in the city, four hundred being present.

The hall of the church has been very much improved and redecorated, and looked very attractive, decked with bunting and Queen's colors. H. W. Newman was the chairman, and made a hearty address of welcome. Those who welcomed all at the door were: Mr. and Mrs. James McCulla, Mrs. W. J. Paul and Miss Lettie Walker.

After the strangers had been introduced, and made to feel at home, a bright programme was given. Those who took part were: Miss E. Orser and A. Beecroft, solos, and Mr. Johnston, readings and French character impersonations. Miss L. Walker and Miss Edith Newman were the accompanists. During the evening refreshments were served.

Those responsible for the success of the evening are: Misses E. Kiel, Jessie Parkhill, F. Fair, L. Scott, L. Smith, Messrs. H. W. Newman, W. Sherbino and M. Arnie.

## TO SELECT CANDIDATE.

County Liberals Will Meet on November 16th.

The liberals of the county of Frontenac will meet on November 16th, for the purpose of selecting a candidate, to contest the seat for the Ontario legislature.

There was a meeting of the executive on Thursday afternoon in the city, and this was decided upon. No names have as yet been mentioned, as to the probable candidate.

It is said that William J. Franklin, of Pittsburg, ex-sartha of Frontenac, will be offered the liberal nomination, and will likely accept it. Mr. Franklin would make a strong candidate.

## WHY REV. D. S. BLACK RESIGNED

He is Going to Take up Studies in Edinburgh.

Toronto Globe.—In the report of the meeting of the Toronto presbytery in the Globe yesterday, a statement was made that Rev. D. S. Black, pastor of Kew Beach Presbyterian church, had resigned owing to "a misunderstanding in the congregation." The Globe is informed that the statement is in error. Rev. Mr. Black is resigning contrary to the expressed wishes of the congregation, as embodied in a strong resolution.

Admiration of his services during the past three years has been voiced in a testimonial bearing the names of ninety-five per cent. of the members of the congregation, and keen regret has been expressed upon his decision—to sever his connection and take up a course of studies at Edinburgh. This high regard for his work and his relation with his people the presbytery emphasized further by a resolution. During his pastorate the membership has almost doubled, and the cause is left in a flourishing condition.

The reason for Mr. Black's resignation, as explained to the Globe, was a criticism by one of the members of the assembly for which a full apology has since been received by the pastor. Repeated efforts have been made by the congregation as a whole to have Mr. Black continue in his charge.

## SCHOOL NURSE'S REPORT.

Presented at Meeting of Board of Education.

Miss Jean McCallum, the school nurse, submitted her report, at the meeting of the board of education on Thursday night, from which the following statistics are given:

Pupils inspected, 1,233; number of instructions given, 1,037; consultations with parents, 109; home visits made, 136; defect in vision, 428; ear disease, 27; defect in breathing, 557; defective teeth, 297; skin disease, 355; unvaccinated, 75; enlarged glands, 35.

## Lost His School Books.

A young school-boy, belonging to Wolfe Island, and attending the Regopolis College, hid his books in a pile of sacks at Swift's wharf, Thursday afternoon, while he went to have some fun with his playmates, and when he went back they were gone.

The books were valued at several dollars and he spent most of Friday hunting for them.

Dutton's is the store for cheap and good wollen garments, sweaters, mitts, overstockings, underwear, gloves, overalls, etc. 209 Princess street.

A TEA AND CONCERT Was Held in Glenvale Presbyterian Church.

In spite of counter attractions, the Presbyterian church at Glenvale, was filled to capacity Thursday evening, when the annual tea and concert was held. The ladies of the church provided a most excellent tea, and after the inner man was satisfied, a programme was given in which Kingstonsians figured prominently. Dr. A. W. Richardson was chairman, and those who assisted in the programme were: Miss Hyland, Westbrook; Miss Grace Mitchell, Miss Stella Moreland; William Mack and ex-Mayor Couper, Kingston. Miss C. Wilder acted as accompanist. Dr. Richardson and the pastor, Rev. Dr. Melness, gave addresses.

# WHICH?

Tea and Coffee Drinking and Shaky Nerves, or POSTUM --Steady Nerves and Comfort? It's Up to You!

Look in pkgs. for the famous little book, 'The Road to Wellville'.

There's a Reason

Canada Postum Cereal Co. Ltd., Windsor, Ontario, Can. 1911.

A young Virginian says: "Having a naturally robust constitution far above the average and not having a nervous temperament, my system was able to resist the inroads made upon it by the use of coffee (tea is just as bad) for some years, but finally the strain began to tell."

"For ten years I have been employed as telegraph operator and typewriter by a railroad in this section and until two years ago I had used coffee continually from the time I was eight years old, nearly twenty years."

"The work of operating the telegraph key is a great strain upon the nerves and after the day's work was over I would feel nervous, irritable, run down and toward the last suffered greatly from insomnia and neuralgia."

"As I never indulged in intoxicating liquors, drugs or tobacco in any form I came to the conclusion that tea and coffee were causing the gradual breaking down of my nervous system and having read an article in the Medical Magazine on the composition of coffee and its toxic effect upon the system, I was fully convinced that coffee was the cause of my trouble."

"Seeing Postum spoken of as not having any of the deteriorating effects of coffee I decided to give up the coffee and give Postum a trial. The result was agreeably surprising."

"After a time my nerves became wonderfully strong. I can do all my work at the telegraph key and typewriter with far greater ease than ever before. My weight has increased thirty-five pounds, my general health keeping pace with it, and I am a new man and a better one." Name given by a Canadian Postum Co., Windsor, Ont.
