IN SPORTING CIRCLES

QUEEN'S FRESHMEN BEAT SOPHOMORES AT RUGBY.

The Score Was 21 to 1—City Basketball League—Sunday School A. A. Forming a Rifle League.

Arts '15 rugby team plainly demonstrated to year '14 that they were able to hold their own when it comes to playing rugby, whether they are freshmen or not. They won from the second year men at the lower campus Tuesday afternoon by the one-sided score of 21-1. The game was very funny and the students belonging to the different years ranged themselves on each side of the field to root for their respective teams. Two science teams battle on the gridiron this afternoon.

Will Go After Cup.

It is now being said that a city basketball league will have to be organized if there are two teams in the league. Moore's garage are holders of the cup from last year and as wholesalers have avowed their intention of going after the trophy, the automobile men will have to defend it.

To Play in Montreal.

The dominion intermediate rugby championship games have been arranged. Royal Military College, winners of the Intercollegiate Union, will play Montreal winners of the Quebec League, in Montreal, next Saturday, and the winners of the game will play the Hamilton Rough Riders on the 25th.

Sporting Notes.

A hockey league for the S.S.A.A.A. is assured.

The intercollegiate basketball schedule will be drawn up soon. Swimming classes begin at Queen's today and are for beginners only. Portsmouth people are figuring up a rink for the village this winter. Queen's soccer team has an exhibition game arranged for to-day with R.C.H.A.

Queen's rugby club meets this afternoon to wind up business for the season. For Queen's to have won the rifle shoot from the other colleges of the dominion is a feat to be proud of. Managers of basketball teams are scouting for good material that they may get it entered in time to be eligible.

Members of the Mercantile basketball league are considering the formation of a hockey league if a rink is available. The Bath Road Beavers meet tonight to organize, instead of Tuesday night, as was mentioned in yesterday's paper.

Queen's rugby team this year was fifteen pounds heavier to a man all around than any other college they played against.

Although considerable distance from the city, St. John's Sunday school is much interested in the basketball league and has two teams entered. The formation of a rifle association in connection with the Sunday school A.A.A. is going along. Application to headquarters at Ottawa has been made for permission to form one.

WORK OF THE Y.M.C.A.

Swimming Campaign for the Boys of the Schools.

The Ladies' Auxiliary of the Y.M.C.A. is to have a treat at its regular meeting on Friday afternoon. T. W. Cole, for some years general secretary of the provincial Y.M.C.A. work, will give an address on the work of the association as he sees it to-day. Some years ago Mr. Cole conducted a successful financial campaign in this city.

The Y.M.C.A. is arranging for a special swimming campaign for the boys of the schools who are twelve years or over. The board of education is heartily endorsing the scheme, and co-operating in the matter of arranging schedule and other details. The campaign will commence next week, and will be conducted for about four weeks, when it is hoped a great number of boys will have learned to swim. The Y.M.C.A. is making no charge whatever for this work, and a first-class man has given his services as instructor.

The Y.M.C.A. will endeavor to hold physical classes at Portsmouth for the benefit of the young men there who cannot come to the city for the regular classes.

ON "PROHIBITED LIST"

Michael Hogan was Fined by the Magistrate.

Michael Hogan is a member of the "prohibited list," but he does not keep on the "water wagon." Tuesday he slipped off, and as a result, he found himself before Magistrate Farrell, Wednesday morning, on a charge of being drunk. He pleaded guilty, and as usual the magistrate placed him under oath, to find out where he had secured the liquor.

"Well, now, I'll tell you the truth," said Hogan. "I got it from some men who were working out near Collin's Bay. Now that's the truth, your worship."

"Tell me the names of the men," said the magistrate.

"I couldn't do that," replied Michael. "As I do not know their names. They were strangers to me."

The story was not good enough for the magistrate, however, and a fine of \$10 and costs was imposed. Hogan has been before the court on several occasions.

Another Election Registration.

The writ for the election of a member for Kingston in the legislative assembly was received, Wednesday, by J. B. Walker, K.C., returning officer. Manhood suffrage registration will commence on Friday, November 24th. Judge Price will be chairman of the board of registrars. The ex-officio registrars are Judge Price, J. M. Farrell, J. B. Walker and T. M. Asselton.

CITY AND VICINITY.

Bought by H. W. Richardson.

The Crumley dry goods store, on Princess street, has been sold to H. W. Richardson. A number of others were seeking to purchase the store. The stock will be sold by auction today, in Toronto.

Barrieffield Card Party.

A card party was held at the home of William Connell, Barrieffield, Monday evening, when a number of city people were present. The prizes took the form of ducks, and some of the boys were heavily laden on their way home.

Number of Votes Required.

It will require 1,735 votes to carry the hotel-by-law to-morrow. That is equal to two-thirds of the total vote. However, if less than one-fifth of the total number of property holders vote against the measure, that is to say 24, then three-fourths of the total vote will suffice to carry the law, or 4,343 votes.

Wharf Needs Repairs.

Parts of the Wolfe Island ferry wharf are loosed upon as being very unsafe. The concrete put in at one corner about a year ago to try and strengthen it is shattering, but a mere shell. Some of these days it will go dropping into the water. The clay that was underneath the concrete has all been washed away.

Removal of Market Tolls.

The city property committee has yet to consider the question of abolition of market tolls from the produce market, as requested by the Kenton county council, last spring, in return for the action of the county in freeing all its roads of tolls. The city would drop \$1,000 a year by abolishing the tolls, but farmers say that the markets would be larger if free.

City Hall Looks Well.

The city hall interior looks fine, after being repainted and decorated. Fifty and thirty-two candle power electric lights have been placed in the panels of the ceiling, but the central chandelier is to be left in place, so as to give gas light in case of accident to the electrical plant. The frames containing portraits of the mayors are to be retained, but it is not likely that the hall will be ready for use till after December 1st.

"A Night Out."

"A Night Out" at the Grand, tonight is described as a pleasant, social comedy, frequently relieved by little half-satirical touches of observations on life. It is just the sort of play that all theatergoers who found joy in "The Rejuvenation of Aunt Mary" will welcome. "A Night Out" is devoid of political or matrimonial intrigue—it is simply a wholesome comedy admirably acted and vastly amusing.

Miss Robson plays Grammie, a merry, charming old soul whose south is being brought back by the love and the larks of two lively grandsons. Their mother is of such a Puritanical turn of mind that their pleasures have to be surreptitiously enjoyed at Grammie's expense and her secret delight. One night she persuades them to show her the brilliancy of the Gay White way. Their adventure ends disastrously, for the restaurant which they visit is raided during the evening and their escape is accomplished with difficulty. On reaching home they are all confronted with what seems to be a series of tragedies, the unravelling of which forms the remainder of the plot. Miss Robson makes Grammie a lovable, generous, quick-witted woman whose hold on life is still strong. Miss Robson's comedy is always unforced and her charm potent.

Kingston's Famous Fur Store.

WINTER WANTS FOR "WEE TOTS."

MISSIONS IN CHINA

THRILLINGLY DESCRIBED BY REV. MONTAGU BEAUCHAMP.

One of the Famous "Cambridge Seven" Who Dedicated Life and Money to Chinese Mission Work.

A fairly large audience, considering the condition of the weather, gathered in St. George's hall, Tuesday evening, to listen to a lecture on China given by Rev. Montagu Beauchamp, B.A., of Trinity College, Cambridge University, and one of the famous "Cambridge Seven," who went out to China from England over twenty years ago. Mr. Beauchamp gave a thrilling account of the work of God in China, especially in connection with the China Inland Mission, which is inter-denominational and which was founded by the late Rev. Hudson Taylor, the famous medical missionary to that country. The story alone of Dr. Hudson Taylor's life, which can be read in a little booklet, costing fifteen cents and entitled "A Retrospect," is a most interesting and fascinating account of the spiritual life of Mr. Taylor, and his associates and of the conquests for Christ they were the means of accomplishing; their personal devotion to the Master they served; their dependence upon God and upon God alone for help and for blessing and guidance ought to be read by everyone desirous of spiritual improvement.

These missionaries never ask for money. They aim at doing their work faithfully and they commit all their care and assets to God. It reads like a romance to hear from the lips of Mr. Beauchamp that their needs are always abundantly supplied and their cares removed by Him in whom they trust.

A clergyman said this morning that he could have wished that everyone in Kingston, whether professing or calling himself a Christian could have heard Mr. Beauchamp last night telling his story of the mission from the time of small things when it was begun by Hudson Taylor up to the present time when he felt that the Chinese from the simplest laborers to the richest inhabitant of that great land would become in his vision a brother with a soul to save and he felt sure that there would be a desire in his heart which only the holy spirit could help him to retranslate into an active attempt to evangelize the yellow man and to save for Christ a country now torn by internal strife and civil war.

THE BRIDGE TOO WEAK

To Carry the Weight of the County Road Roller.

The county road committee is having quite a time in getting the road in the township of Pittsburg completed. The road apparatus has all been taken down with the exception of the steam roller, and it has to remain on this side of the line on account of the Cataract bridge being unsafe, for it to pass over. The roller weighs ten tons and that is too much for the bridge to carry. The engineer in charge of the roller would not even attempt to risk the machine on it, for fear he and the machine would go into the water. It is very likely that it will be loaded on a scow and taken over to the I.C.M.E. wharf and unloaded there. If a scow cannot be engaged, the steamer Wolfe Islander will likely be secured. There was some talk of taking the roller down the Kingston Mills way, but there is a bridge there to cross. Ten tons on a swing bridge is an awful weight.

This roller that the county bought this spring has done fine work all season. All interested in the road building are all well pleased with the way things have gone along this season. Next season it is hoped will be even better in regard to county road-building.

RECEPTION AT ST. JAMES'

Was Held for students on Tuesday Evening.

A reception was held by the Young Men's Club and the girls' branch of the W. A. for students in the school-room of St. James' church, Tuesday evening. Disagreeable as the weather was, there was a goodly number present, and a very pleasant time was spent.

Mrs. T. W. Savary, Mrs. Francis King and Mrs. J. R. Forster received at the door. Rev. T. W. Savary gave a hearty address of welcome, and Francis King also spoke.

An interesting feature of the programme was the contest on professors' names, prizes being awarded to the winners. The musical programme consisted of: Piano solos, Misses J. Ewart, K. Matthews, M. Day; songs, Miss I. Bureau and J. R. Forster. Refreshments were served during the evening.
