> Sir James Whitney and Taxation. Sir James Whitney objects to local option in municipal taxation because it will have a checker board effect, other system in the next. That is no reason. On the contrary it is one reason why we should have the change. Probably the most distinguished writer on English politics hirty years ago or so was Walter Ragehot and one of the wisest things he said was that political progress depended on political experiment and that a wise and progressive government was always making political experiments. Sir James Whitney, if he wants to get in the progressive line, must permit of experiments in local

texation and in government by commission of municipalities where it is will desired by the people. Nothing needs experiment so much as our municipal law. For instance, we have a system of roads in this in country that costs millions of dollars A Nice Point.
