

TALKS WARMLY

Sir Richard Cartwright in the Senate

RAKES THE TORIES

FOR THEIR ATTITUDE ON THE RECIPROcity VOTE.

The Kind of Power They Seek to Insult and Estrange - British Ignorance Depreciating Best Government Ever Helping Empire.

Special to the Whig.

Ottawa, Nov. 22.—Sir Richard Cartwright, the veteran from Kingston, was in excellent form in the senate in his excellent speech for their attitude on the reciprocity vote.

"Do these people know," he went on, "do these slingers of mud recall that the people of the United States are, today, close to a hundred million strong and within twenty-five years will reach a hundred and fifty millions? That is the kind of power that is the sort of nation that these people think it wise and prudent and in the interest of the British empire for us to insult and estrange?"

"There is another class of people," he added, "to whom I would say a word, and they are those ungrateful fools among British public men—and use the word with emphasis—those ungrateful fools who have recently been exulting at the downfall of the only Canadian administration that ever conferred a service upon imperial commerce or ever raised a hand to assist British arms. I know enough of the stolid ignorance of Canada and things Canadian which prevails among too large a section of the British people not to understand how completely ignorant these people are of what they are talking about, but I can tell them this, that if they ever did know anything of Canadian history they would know that they had done their best to depreciate the services of the one government that did any respectable service to the empire within my time and generation at least."

WICKED BOSTON.

Minister Makes Startling Statement Regarding Hub.

Boston, Mass., Nov. 21.—Declaring some New England, and especially Boston, men are worse than the five who staged and feathered Miss Mary Chamberlain at Lincoln Centre, Kas. Rev. Herbert S. Johnson, of Warren Avenue Baptist church, declared from his pulpit that "that of a woman's soul in Boston, the centre of refinement and culture, doesn't amount to that of a ham."

"We say a dastardly thing like tar and feathering a woman couldn't occur in New England," he said. "We are guilty of worse crimes every day. I visited 'licensed hotels' last night. In every one young girls, imported from Canada, to support those dives, were drinking, carousing and song-singing their souls to hell and from 'licensed plans'."

THE THIRD ATTEMPT.

Twice Married, Twice Divorced, They Wed Again.

New York, Nov. 22.—Mr. and Mrs. Michael B. Flaherty, twice wed and twice divorced, were married again on Tuesday, and started on a third honeymoon.

The couple failed to state in the application for a marriage license the dates or places where the divorces were granted, but the bridegroom described himself as a salesman, thirty-seven years old, of Amsterdam. Mrs. Flaherty had resumed her maiden name of Laura H. Smith after the second divorce from Flaherty. An alderman performed the ceremony.

Pure Food Campaign.

New York, Nov. 22.—Eighty alleged violators of the sanitary code in keeping for sale impure food, faced the court of special sessions, yesterday, as the result of a campaign waged by the city health department. The court made short work of the cases. One butcher who sold tainted mutton at 4c a pound, was fined \$100, and similar fines were levied against a baker who used dehydrated eggs and a dairyman who sold milk that was ten per cent. soured. The dairyman was unable to pay his fine, and went to jail for thirty days. There was but one acquittal in all the lists of cases.

Cobalt, Nov. 22.—At a big meeting of miners and other citizens a resolution was unanimously passed, condemning the provincial government for calling the elections when the revised voters' lists of Cobalt, Haileybury, Coleman township and Latchford could not be used, not being revised in sufficient time.

The meeting also called for a deputation from the four municipalities with the three candidates in the provincial fight, to go to Toronto to interview Sir James Whitney, and that he defer the elections for the district. In Coleman township alone eighteen hundred appeals are entered by those who wish to be added to the lists, and there is a similar number in Cobalt and Haileybury.

She laid a charge of bigamy, but while Officer Hedin was obstructed at the door of the factory by workmen who questioned his authority, James slipped out by another door and disappeared. He is probably in Detroit. James was first married some eight years ago, the second wife taking place in Chatham quite recently.

HAY BUYERS LOOK TO CANADA FOR SUPPLIES

Prices in Northern New York Prohibitive—Imports From Across Border Expected.

Watertown, N.Y., Nov. 22.—Hay buyers as well as those who have to sell are much interested in the embargo now on and the fact that the prices for hay are advancing each week. The embargo has been on for several days and no hay is being shipped out of this section for the New York markets.

The buyers are obliged to pay the highest prices in years. One man who was offered \$18.50 a ton for hay in his barn, turned down the offer and demanded \$20. A year ago hay brought about \$12 in this section.

Some of the local buyers have gone to Canada, where hay is bringing about \$12 a ton. Others have gone to Vermont, where there is a good crop and where prices are lower than in Northern New York. Buyers claim that the farmers of this section are placing too great faith in the present market and that the prices will show a slump, with heavy Canadian shipments to New York as soon as the embargo is lifted.

Biggest Masking in America.

Cornwall, Nov. 22.—J. R. Duganette, proprietor of the Algonquin House, Stanley Island, and the King George Hotel, received a message from Dr. Fred. Whiting, New York, that he had won first prize for the largest masking in America in 1911.

Dr. Whiting's fish was caught at Stanley Island and weighed thirty-nine pounds and was sixty inches in length. Several maskings almost as large were also landed at Stanley this summer, and in recent years they have gone as high as forty-four pounds.

Had Good Season.

Pictou, Nov. 22.—The boats of the Ontario and Quebec Navigation Co. are making their last trips to Montreal this week. This has been one of the heaviest falls on record for shipping. This is especially due to the wonderful crops of apples in the country.

APPROPRIATED MONEY TO HIS OWN USE

He Was Convicted and Will Be Sentenced to Prison at Early Date.

New York, Nov. 22.—William J. Cummins, the former Tennessee promoter and recent directing head of the Carnegie Trust company, was found guilty of the theft of \$140,000 from the Nineteenth Ward bank by the jury before which he had been on trial for the past five weeks.

He was remanded to the Tombs prison until Friday, when his counsel will be given the privilege of making such motions as he may decide upon before sentence is pronounced.

Cummins seemed stunned by the verdict.

The state held that Cummins had \$140,000 of the bank's funds checked to himself and that he used it to bolster up the finances of his various industrial companies in the south, which the state attorney referred to as "paper" companies.

The penalty for Cummins' offence is an indeterminate term of from five to ten years as the maximum sentence. Cummins is fifty years old and has a wife and married daughter.

FAVORS PACT

Cardinal Gibbons Believes in Arbitration.

URGES THE COUNTRY

TO SUPPORT PENDING TREATIES WITH FRANCE AND ENGLAND.

Would Like to See a Joint Commission to Investigate All Matters—The Idea Represents the Best Spirit of the Day.

Baltimore, Nov. 22.—"I sincerely hope that the new arbitration treaties negotiated by our national government with Great Britain and France will be ratified by the senate," said Cardinal Gibbons.

"They should receive the support of the whole country. It is of the utmost importance that civilized nations should bind themselves in advance to submit to arbitration all international questions of principle of law and equity, and I can see no reason why there should not be a joint commission to investigate questions of such a character, so that each nation will be in honor bound to submit to arbitration rather than to resort to war. That idea represents the best spirit of the age. It has behind it the endorsement of the Christian world."

MOTHER OF EMPEROR ELOPES WITH ACTOR

Princess Lai, Wife of Prince Regent of China, Takes Fortune in Jewels With Her.

San Francisco, Nov. 22.—Princess Lai, mother of the baby emperor of China, and wife of the prince regent, has eloped with an actor, Yung Zhu Lu, according to Chinese newspapers.

A number of newspapers published in China refer to the "disgrace" that only one, the Min Lu Po, the largest paper published in China, gives the princess' name and an account of the elopement.

The mother of the emperor, the paper says, fell in love with the actor and corresponded with him for some time before the rebellion began. The paper draws the conclusion that the princess believed the actor Manchou was her lover and decided to flee. The princess is said to have taken a fortune with her and to be living in Yung, in Mukden.

An actor and a barber are classed with the lowest castes in China, and hence her say that the elopement of the princess was the greatest disgrace that could come to the Manchou dynasty.

East Grand Forks, Minn., Nov. 22.—Attacked by a wounded moose, Edward Logdard, of this city, saved himself from death only by engaging in a fierce combat with the animal and finally slaying it with a knife.

The moose had fallen to the ground when shot. Running forward Logdard was taken by surprise as the animal suddenly rose and charged him. He raised his knife, but its hammer fell in an empty shell.

The hunter stunned the moose with a blow across the nose with the butt of the gun, dashed between its legs and stabbed it to death. The moose weighed 1,568 pounds.

London, Eng., Nov. 22.—Two hundred and twenty-three women, arrested during the suffragettes' disorders of yesterday, were arraigned in Bow street police station this morning, and one and all proudly pleaded guilty to the charges of disorderly conduct, and were fined or sentenced to imprisonment. The crown prosecutor and magistrates said the prisoners were guilty of conduct disgraceful and irredeemable to English womanhood. The orders were given that their treatment in prison should be the same as common prisoners.

CANADA IS MANACLED.

By Shackles of Tory-Orangist Press Against Laurier.

Montreal, Nov. 22.—"Le Canada," French morning paper, says: "The hostility to the Ne Temere decree in eight provinces of Canada was one of the principal features in the defeat of Sir Wilfrid Laurier on Sept. 11st last. This hostility was exploited by the conservative politicians with such success that they ended by antagonizing all Anglo-Protestant public opinion, not only in Canada but in England as well, against the decree. And we will have to combat a formidable force, we wish to keep intact the integrity of our provincial rights. So how we are manacled by the shackles of the Tory-Orangist press against Laurier and the French-Canadian Catholic!"

WOMEN FAILED

To Break Into the British Commons.

THWARTED BY POLICE

WHO MADE UPWARDS OF 220 ARRESTS.

The Suffragettes Fared Badly in London Streets—A Campaign of Window Smashing by the Militants.

London, Nov. 22.—The suffragettes fared badly at the hands of the police last night. They had threatened to force their way into the house of commons and make a protest on the floor of the house against the prime minister's refusal to pledge the government to a bill giving equal suffrage to both sexes, but they failed even to reach the entrance to parliament.

Thwarted by the police, who made upwards of 220 arrests, the suffragettes resorted to a campaign of window-smashing. Driven from Parliament Square by the police, 1,800 of whom were on duty, the women, accompanied by sympathizers, proceeded through Pall Mall armed with lumps of stones concealed under their coats, and broke the windows in the public offices, the liberal headquarters and the National Liberal Club.

They even extended their operations to the Strand, where windows of the post office, banks and other public concerns suffered from the onslaught.

The militant tactics of the suffragettes followed a statement by Premier Asquith that the government was unable to introduce a bill to enfranchise women, as the cabinet was divided on the question, but would allow an amendment to be introduced in the proposed manhood suffrage bill, leaving it to the house of commons to decide whether women should be given a vote.

The demonstration was not so large as those of last year. The damage to property was greater than eye, however, and the number of arrests established a new record. Cannon Row station in Whitehall was crowded with prisoners, and the police were occupied for hours in making charges against them.

Among those arrested were Mrs. Lawrence, who is joint editor of Vol's for Women; Lady Constance Lytton, sister of Lord Lytton, and the Hon. Mrs. Evelyn Haverfield, daughter of Lieut-Gen. Lord Alvinger.

Bounty Upon Pig-Iron

Asked by Manufacturers of the Borden Ministry.

Ottawa, Nov. 22.—The first demand of the manufacturing interests of the country upon the new government was made this morning when an important delegation of iron and steel manufacturers waited upon the ministers and asked for the granting of a bounty upon pig iron as "a partial compensation for disabilities under which industry is placed through lowering of duties, exemptions and discriminations." The spokesman of the deputation were Messrs. J. H. Plummer, T. J. Drummond, Thomas Cantley, R. Hobson and R. J. Mercer, representing the Dominion Steel corporation, the Nova Scotia Steel company, the Canada Iron Corporation, the Steel Company of Canada, the Deseronto Blast Furnace and the Atikokan Iron company.

It is understood that Mr. Borden promised careful consideration, and also asked for definite information as to the relative cost of production in Canada and in other countries, and also data as to the probable effect upon the development of the country which the proposal involved.

The premier was this morning urged to place an item in the estimates for the coming year for construction of the Georgian Bay canal, but declined to make any definite promise, merely promising careful consideration and reminding his visitors that the government had not yet time to decide upon important questions of policy.

SHOT HIS WIFE DOWN ON A MONTREAL STREET

John Cummings, a Waiter, Arrested, But Denies That He Attacked the Woman.

Montreal, Nov. 22.—John Cummings, who is alleged to have coolly shot down his wife on the street last night, was this morning arraigned in a restaurant, where he was acting as a waiter. Last evening, Mrs. Cummings, who was separated from her husband, was walking home from her work in the Canada Paint company's factory, with a young man, when another man, said to have been Cummings, suddenly pulled out a revolver and shot her down, killing her instantly. He escaped, the crowd which gathered, and walked coolly down a side street.

Taken before Chief Carpenter ten minutes after his apprehension, however, Cummings absolutely denied his guilt, but upon being searched by detectives a 38-calibre revolver was discovered in his hip pocket. All the chambers, with the exception of two, which contained empty cases, were loaded with ball ammunition.

BONAR LAW WINS.

The Result is a Protest Against Home Rule.

London, Eng., Nov. 22.—Under the leadership of Bonar Law, the unionists made a notable gain in South Somerset, when Hon. A. Herbert was elected in the constituency, which had voted Liberal for centuries. The by-election was caused by the resignation of Edward Strachey, the late Liberal member, to the post of justice. This turn-over is regarded as a protest against home rule for Ireland.

THREE NATIONALISTS LEAVE TORY CAUCUS

Some Significant Incidents Connected With the First Government Gathering.

Ottawa, Nov. 22.—F. D. Monk made his appearance at a conservative caucus, yesterday, after an absence of a year. The caucus lasted for two hours, and Mr. Monk remained less than twenty minutes. The exceptional brevity of his visit, after his long exile from caucus, lends further color to Sir Wilfrid Laurier's comments in the house. The action of Mr. Monk in leaving the caucus so early was all the more significant in view of the fact that he was followed in a few moments by Hon. Mr. Nantel. And Mr. Nantel had not been gone for more than a minute when Dr. Paget, another leading nationalist, came out and did not go back. It is understood that early in the caucus some of the straight-line conservatives showed a disposition to resent the nationalist influence in the caucus, especially in regard to the naval question and Mr. Lancaster's bill respecting the ne-temere decree.

ONLY ASKING THEIR RIGHTS.

Says Bruchesi, in Discussing the Ne Temere Decree.
