THE COUNTY COUNCIL
DISCUSSES—SYDENHAM HIGH SCHOOL MATTERS.

And Has a Little Wrangle Over Inspector Reid's Suit for Additional Expenses—Educational Committee Will Make Settlement.

The November session of the county council opened on Tuesday afternoon in the council chamber of the court house. In attendance were: Warden Miller and Councillors Calvin, Salmon, Reid, Godkin, Donaldson, Foley, Cronk, Stewart, Hamilton, Rogers, Kennedy, Bakken, Taylor, Truscott, Thomson and Fawcett.

These communications were received: W. J. Wilson clerk of Lennox and Addington, council, asking that a date be fixed for a meeting of representatives of that council and of Frontenac, regarding Inspector Reid's salary and expense claim, and to consider other business.

Kingston General Hospital governors and Children's Aid agent, asking for appointments with the council.

An adjournment was made until ten o'clock, Wednesday morning, when further communications were read.

The Sisters of Charity, House of Providence, asked for an annual grant for clothing of inmates from Frontenac.

The forestry branch of the interior department, Ottawa, asked for the area of swamp and other non-agricultural lands in Frontenac, as it is considering the question of reforestation in certain parts of the country.

Ontario Good Roads Association, asked that the Frontenac council appoint representatives to join a big deputation to wait upon the Dominion government, regarding a grant for good roads, as soon as possible after the Ontario elections.

The secretaries of Picton and Perth high schools, wrote to notify the council that these two schools were open to pupils from Frontenac county.

W. F. Nickle, county solicitor, reported that in his opinion Wolfe Island was not necessarily bound to be connected with any high school district, nor could that township be held liable for any portion of the cost of the enlargement of the Sydenham high school which comes under the name of "permanent improvements." Mr. Nickle also advised that Wolfe Island could not collect any refund from the county.

Thursday was fixed as the day for receiving various charitable deputations which wished grants.

A discussion took place upon the advisability of the whole council going out on Thursday afternoon to Sydenham to examine the work being done on the high school addition. Councillor Kennedy moved that the trip be made. Councillors Hamilton and Cronk did not think it was worth while to make the trip. Councillor Stewart said there was a building committee and it should be heard from. Councillor Kennedy thought the council should leave the matter to this committee.

Councillor Stewart stated that the contractors were now working on the third storey. So far \$3,050 had been drawn by the contractors.

Councillor Kennedy pointed out that it was very advisable for the council to see the extension. It had placed a limit of \$8,000 on the cost of the building, whereas the contract was \$8,800, without furnishings. It looks as though the high school trustees would come back for \$2,000 more. Councillor Kennedy further pointed out that the attendance at the Sydenham high school had fallen off. There were only two pupils in the fourth form.

It was decided to await a report from the building committee before a vote was made to Sydenham.

Councillor Stewart asked for information concerning the recent case of School Inspector M. R. Reid vs. the county councils of Frontenac, and Lennox and Addington, for \$302 additional travelling expenses. The warden and Councillor Donaldson, reported that Judge Price had left the matter to the two councils for settlement. If the councils could not agree then the judge would give judgment.

Councillor Stewart said that Inspector Reid did not reside in his inspectorate as the law required. He journeyed to his home in Sydenham for every week-end. If he lived in his inspectorate, he would find that his expenses would be less.

Quite a wrangle occurred as to whether the educational or a special committee should be sent to Nanapan to confer with Lennox and Addington representatives as to a settlement with Inspector Reid. Warden Miller and Councillors Cronk and Donaldson held that the educational committee should be sent, as it was an educational issue. Councillors Thomson

and Kennedy did not agree, holding it to be a mere financial arrangement. Councillor Thomson proposed that Councillors Donaldson, Stewart and Calvin be sent.

Warden Miller intimated that the judge had recommended that the matter be first referred to the educational committee of the two councils. If they could not settle the matter, then it should go to the courts.

On motion of Councillors Truscott and Shannon, the matter was referred to the educational committee to meet the same committee of the Lennox and Addington council.

The council adjourned till 10 a.m. Thursday, to give the committees a chance to do their work.

AT COOKE'S CHURCH.
The Ladies' Aid Held a Tea and Concert.

The tea and concert held on Tuesday evening, under the auspices of the Ladies' Aid of Cooke's church, was most successful event, and much enjoyed by the many who were present. The event was held in the lecture hall and upwards of three hundred people were present.

The ladies of the church had charge of the tea, and are deserving of great praise for the fine spread they provided. The ladies at Cooke's have always had a fine record in this line, but on Tuesday evening they excelled themselves. The arrangements were perfect, and the menu of the best. As result of the efforts put forth by the ladies the sum of \$60 was realized, which will be given over to the church organ fund.

After tea there was a most enjoyable programme of music rendered. Mayor Graham was the chairman of the evening, and introduced the programme, which included the following numbers: Piano duet, Miss L. Walker and Miss Johnson; vocal solo, Mr. Beesford; recitation, Miss Riglow; piano solo, Miss E. Newman; vocal solo, Miss Davies; recitation, Miss Mayell; violin solo, Miss Johnson; vocal solo, Miss Jessie Reid; recitation, Mr. Johnson, Queen's student; vocal solo, Mr. McCallum. The programme proved a most delightful treat.

GRAND OPERA HOUSE.
McEwen, the Hypnotist, Again Draws a Big Audience.

The Grand Opera House last evening was filled with an audience to witness the second performance of the great McEwen, magician, hypnotist and mind-reader. The performance opened with the awakening of the young man who had been in a hypnotic sleep during the afternoon. The subject seemed to have enjoyed his sleep, for he seemed loath to be brought back to real life.

Miss Edwina Hartley gave three numbers, "In the Eternal City," "Sa Saran Roma" (an Italian waltz), and being recalled gave "Nora Malone."

The professor, before going on with his hypnotic work, announced that he would give the value of prizes to his best subjects during the week. A class of twelve were on the stage and went through the different phases of hypnotic sleep.

The professor will show how he can remove handcuffs and manacles from himself, no matter how tight and secure, to-night, in connection with the new programme.

A young lady was placed in a hypnotic sleep this afternoon in a Princess street store and will be awakened to-night on the stage.

WORK IS TO BEGIN
On the Royal Military College Wharves Next Week.

Gowan and Whitney, of Brockville, have the contract for the construction of new wharves and a large boat-house at the Royal Military College. The wharves will be built in front of the dormitories, and the work will start next week. The contract figure is in the neighborhood of \$20,000.

Organized for Session.
A very successful social evening was held by the A.Y.P.A. of St. George's cathedral, in the hall, on Tuesday evening, a bright programme of choruses, piano solos by Prof. Gummer, Louis Marchand and R. R. F. Harvey, songs by Miss Whitehead and Miss Beardsall and George Gillespie, a reading by Dean Bidwell and an address by Canon Starr, was rendered. The work for the winter was planned and the following are the officers: Honorary president, Mrs. Bidwell; past president, Miss Laura Ryder; president, Prof. Noel Gill; vice-president, Miss Brownfield and George Gillespie; secretary-treasurer, Miss Olkhe.

Former Kingstonian Dead.
Word was received in the city of the death, at Oil City, Pa., of a former Kingstonian, in the person of Mrs. Sarah Jane Cameron, aged sixty-four years, wife of Angus Cameron. Deceased was born in Kingston in 1848, and her marriage also took place in this city. She was a woman of sterling character, and beloved by all her acquaintances. At Oil City she was identified with the First Baptist church. In addition to her husband she is survived by one son, Wilkam H., of Toledo.

SCIENCE WON GAME
AND THUS SECURED THE COLLEGE CHAMPIONSHIP.

It Was Quite an Exciting Game—The Purpose of the Interfaculty Games Has Been Served.

The final inter-faculty game, Tuesday afternoon, between Science and Arts for the rugby championship of the university, was won by husky science, and when the referee's whistle sounded and they were pronounced victors, the yell of "Science Hall Forever" was given loudly, the score was 13 to 3, and the game was a well played exhibition of the university sport. All honor to the science men for having won it.

St. John's Basketball Club.
St. John's basketball club met on Tuesday evening and the captains of the two teams were elected. St. John's will make a brave effort to make a fair showing.

Athletic Association Meets.
The S.S.A.A.A. executive is to meet Thursday evening in the Y.M.C.A. building for the consideration of important business. The new schedule will be presented for adoption and plans for a hockey league will be discussed.

Sporting Notes.
Queen's track club meets this afternoon for election of officers.

The last of the inter-year and inter-collegiate rugby games are over at Queen's and beside furnishing a lot of fun they have served the purpose intended, that of bringing out raw material which otherwise would not have had a chance to develop.

A new treasurer of the Frontenac Hockey Club will have to be elected at the first meeting. D. J. Dowseley, who looked after the funds, is now in Toronto, but his heart is in the Frontenacs. There is a surplus in the bank now of about \$320.

Who will manage the Junior Frontenacs should there be a team? Some have said that Sutherland could handle the two teams, but that is too much for one man to do. What about "Senator" Powell?

After the first meeting of the Frontenac Hockey Club, "Jim" Sutherland will be a busy man getting things into shape for the coming season. There is a lot of work in connection with the management of a team.

STOREHOUSE WAS ROBBED.
A Clergy Street Building Was Entered.

Some time early on Wednesday morning, some person or persons, broke into the building next to James Kobbs' butcher shop, on Clergy street, recently occupied by the mattress factory, but now used as a storehouse. Entrance was gained through a window at the rear, about two and a half feet square, at the top of the building, and the thieves took a quantity of condensed military stores, clothing, rope, etc., was stolen. From wheel marks in the lane, evidently a wagon was used. As far as is known, no trace has been found of the missing stores.

Kingston was certainly on her good behavior on Tuesday. There were no arrests, or summonses issued, and as a result, there was no session of the police court, on Wednesday morning, and Magistrate Farrell had an off day.

The Portsmouth philosopher says: "For goodness sake have a light in the city hall tower so citizens can see the time. There should be a light early in the evening." The philosopher is right. The clock has been in darkness for several nights during the early part of the evening.

Home From the West.

James McAmmon, has returned home from an extended trip to the North-West. He says there is a great boom out in the west in the way of selling property, and that the different towns and cities are making good progress, but that Kingston is a K.K. for him, and he made sure to get a return ticket. He went by way of Chicago and St. Paul, and spent a few days in these places. Mr. McAmmon's health was much improved as a result of the trip.

Some men endeavor to gain recognition by the use often of the letter "B." Being willing helps some, but it is getting busy that counts.

It's an ill-timed watch that causes a man to miss his train.

Tired Feet?

You can not blame the man, or you can not blame the woman whose feet ache, who has tired muscles and nerves, who is fatigued after a few hours walk.

The cause is a weak or broken down instep, also known as "flat-foot."

The rheumatism, aches, pains, distorted-looking shoe, and the cramped toes, are all results of a weak instep or broken down arch.

Sometimes the perfect lines of the foot are destroyed and sometimes they are not, but the victim suffers all the year round.

SCHOLL'S FOOT-EASER
EASES THE FEET

TRADE MARK REGISTERED

Wear the Scholl's "Foot-Easer" and get instant relief to these painful foot ailments, and rest to the tired body. The "Foot-Easer" is a scientific support to the arch or instep. It is made of two German Silver springs, leather covered. Light, comfortable and self-adjusting to all feet. It works in the regular size shoe and can be changed from one pair to another.

No matter what your occupation is—no matter what style shoe you wear, if you want to enjoy your walks and want to forget about your feet, come in and be fitted to a pair of Scholl's "Foot-Easers." A trial will demonstrate our famous money back if not satisfied.

QUITE LIVELY TIME

In One of the City Schools on Tuesday.

According to the reports going the rounds, to-day, there was quite a lively time in the old Collegiate Institute, on Tuesday, where a class is at study, under a temporary teacher. It all came about when the teacher wanted to use the strap on a lad, for what she termed impudence on the part of the lad. She succeeded in keeping the discipline of the room, and used the strap on the boy a couple of times so it is claimed, but the lad fought bitterly, and in addition to pulling a gold chain off the teacher's neck, he also tore her clothing.

The lad claims that he was not impudent, and it was reported, to-day that the case might be brought to the attention of the school board. The lad who figured in the case is a non-resident, and has been paying a fee to attend the school.
