ORDINATION SERVICE CHRISTMAS TURKEYS

WAS HELD IN QUEEN STREET METHODIST CHURCH.

THERE IS GOOD SUPPLY, BUT PRICE UNKNOWN.

A. H. Hinton, Gananoque East, and A. W. Stewart, Wolfe Island, Were Ordained by President of Montreal Conference.

A large congregation gathered in Queen street Methodist church, Wednesday evening, at the special ordination service, conducted by Rev. S. J. Hughes, M. A., of Kemptville, president of the Montreal Methodist conference. Those who were ordained were: A. H. Hinton, Gananoque, east, and A. W. Stewart, Wolfe Island.

It was a union service of the four city Methodist churches, and many of the district ministers and laymen were present. After the singing of the opening hymn, Rev. J. Webster, pastor of Brock St. church, offered prayer, after which Rev. E. Richardson Kelly, of Lansdowne, secretary of the conference, read the scripture lesson.

The sermon was preached by the president of the conference, from the text, St. Matt. XX, 28. But it shall not be so among you, but whoever will be great among you, let him be your minister. The solemnity of the call to the ministry was impressed upon all. During his discourse the preacher said the gospel of service fell strangely upon the ears of men of Christ's day. The conditions that existed had a great deal to do with this. The rulers were tyrannical, the poor were oppressed, the teachers selfish and without bearing, and the scribes and rabbis went so far as to call the mob crowd. Even Christ's own disciples understood so little of the nature of His kingdom, and his purpose concerning them, that they disputed among themselves as to which should have precedence and the places of honor. And is not this very often true to-day, and church members quarrel over petty grievances.

It must have pained the Lord a great deal to see this. But their eyes were still closed, and Christ performed that great act of humility, the washing of the feet in the upper room. The young men who were to be ordained were taking upon themselves a life of lowly, humble service. While God could be faithfully served in numerous other ways, the Christian physician, the Christian nurse, and the Christian mother, all serving God as truly as the minister.

And, as for success, the man who gives body and soul, and all that is in him, for God's service, will surely succeed, the pastor in the city only having more opportunities than his brother laborer on a country circuit. The Christian laymen of wealth has a magnificent opportunity. Brethren are not called to only preach, read, prepare sermons and travel, but to serve humanity whenever opportunity affords.

In closing the preacher said there was no doubt of the reward. It does not matter where a man serves, if he dedicates his life to God's service, to serve humanity, his reward is sure.

The ordination office followed the sermon, those taking part, besides the president and secretary of the conference, being: Rev. T. W. Neal, chairman of the Kingston district; Revs. Dr. Ryckman, S. S. S. Smith, J. Webster, F. E. Robinson, William Craig, J. Boardhouse, W. K. Shortt, of this city; Rev. T. C. Cassidy, Cataract; and Rev. J. A. McConnell, Parisburg.

ARE YOUR HANDS CHAPPED?

Zam-Buk Will Cure Them—A Lady Much Pleased.

The particular danger of chapped hands and cold cracks (apart altogether from the pain) is that the cold is likely to penetrate and set up inflammation, itching, or blood-poison. Directly the skin is broken by a cut, graze, or scratch, or chafed and cracked by the action of the cold winds and water, the one necessary precaution is to apply Zam-Buk freely.

The pure herbal juices from which Zam-Buk is prepared are so perfectly combined and refined that the immediate effect of these Zam-Buk dressings is soothing, antiseptic, and healing. Pain and inflammation are allayed, disease germs expelled from the wound or sore, and the latter is quickly healed.

Zam-Buk is not only a powerful healer and skin purifier; it is strongly antiseptic and germicidal, and so forms the ideal protection for the skin against disease germs.

It quickly heals cold cracks, chaps, chilblains, colic, eczema, etc.

Mrs. O. M. Phou, Neuchatel, Alta., writes: "I must tell you how pleased I am with Zam-Buk. My husband had an old frost bite on his foot for many years, and had tried almost every known remedy without any effect, but the first application of Zam-Buk seemed to help him so much that he persevered and the sore is now cured. We would not be without Zam-Buk in the house."

Zam-Buk is also a sure cure for piles, eczema, ulcers, abscesses, scalp sores, blood-poison, bad leg, eruptions, etc. Its purely herbal composition makes it the ideal balm for babies and young children. All druggists and stores sell Zam-Buk, 50c. box, or post free from Zam-Buk Co., Toronto, for price. Try also Zam-Buk Soap, 25c. tablet.

A DOUBLE BEREAVEMENT.

Dr. S. S. Smith, Mrs. Rosevear's Brother, Passes Away.

On Wednesday evening, a telegram was received by Mrs. Rosevear, Queen street, announcing the death of her brother, Dr. S. S. Smith, of Emporium, Pa. The doctor spent a part of the past summer in Kingston, and was well known and had many friends here. Mrs. Rosevear has been doubly bereaved, her husband dying recently, and now her brother has passed away. The funeral will take place at Emporium, on Sunday.

ABERNETHY'S

IN MARINE CIRCLES

FAIR WEATHER FOR THE MARINERS AT LAST.

Several Grain Vessels Discharged and Lightered at This Port—Steamer Alexandria Held up by Strike In Montreal—Marine Notes Around Harbor.

The weather man has favored the mariners the past couple of days, and as a result, the vessels have been able to make their trips without delay. The weather is still quite rough on the lake, but still the vessels can navigate. Several steamers have discharged and lightered grain during the past couple of days, and the men at the head of the transportation companies are happy, for they have certainly had their share of trouble within the past few weeks.

The steamer Alexandria was at Folger's wharf, last night, from Montreal, and discharged freight. This is her last trip of the season. The Alexandria had a most successful season, handling more freight this year than for some years past. The vessel was held up at Montreal on her last trip with the strike of the freight-handlers. The schooner Abbie L. Andrews arrived in port, Thursday morning, from Oswego, with a cargo of coal for Sowards.

The steamer Renville, grain laden, from Fort William, arrived in port, Thursday morning, and is discharging grain at Richardson's elevator.

The steamer Sowards arrived Wednesday night, from Oswego, with coal for Sowards. The weather was rough for her to bring along the schooner Maize, but the latter is expected to make the trip over the lake to-day.

M. E. Co's elevator, Steamer Glenmount, grain laden, from Fort William, is due to arrive on Friday morning, to discharge a cargo of wheat; tug Thomson arrived from Montreal, with two light barges and oil barge No. 6, and will clear for Montreal, with two grain barges; tug Bartlett arrived from Montreal, and cleared for Montreal, with three grain barges; tug Brownson arrived from Montreal, with three light barges, to load grain for Montreal.

The steambarge Waterily went into Davis' dry dock, to undergo some slight repairs.

The slop Laura D. arrived at Fishery's brewery, Portmouth, from Bay ports, with a cargo of barley.

The weather was quite rough on Thursday, so much so that the waves were thrown over the wharf at the foot of Johnson street. The schooner, Andrews, came over from Oswego with a cargo of coal and had quite a rough voyage. Marine men declare they have never known the rough weather to last so long in a season before.

The steamer Dalhousie City, is in the Kingston dry-dock, having a rolling keel put on.

The steamer Aletha, was expected down from Bay ports today.

The steamer Dundurn, was expected up from Montreal today with freight. The freight service will soon be wound up now. Marine insurance expires the last day of November, and the underwriters will not take the risk after that, so they hustle to finish their trips before the first of the month.

Unloading Coal.

James Sowards, local coal dealer, is successfully operating the McMeier whirling steam scoop for unloading coal. The machine is being operated on the schooner, Mary Ann Lydon, and, while not altogether new in this city, this is the first time it has been successfully operated from a schooner. The steam barge, Jeska, was unloaded today, and her three hundred tons were transferred in six hundred minutes. On account of the Jeska being so shallow, and her hatches so small, only the half-ton scoop could be used. If the ton scoop could have been used, her cargo would have been unloaded in half the time. Eighteen tons can be unloaded with a three-ton scoop in ten hours, in almost half the time hand shovellers could accomplish the task.

The steambarge Jeska, will clear tonight for Oswego.

DAN CUPID TO BLAME

FOR A WATERTOWN COUPLE RUNNING AWAY.

Miss Mabel Briceland Was Married in Cleveland to Thomas Kinney—"We are Married and Happy at Last," Wrote Bride to a Friend in This City—Her Mother Notified.

"We are married and happy at last."

These few words, written on a picture post card, sent from Cleveland, Ohio, and received by a friend in this city, has cleared up the mysterious disappearance of Miss Mabel Briceland, stenographer, of Watertown, N.Y., and Thomas Kinney, of the same place. The couple, it will be remembered, disappeared from Watertown, a week ago Tuesday night, and search was made for them in Kingston, as it was believed that they had come across the border. However, they eloped and went to Cleveland, where the happy knot was tied.

The bride also wrote her mother, telling her of her marriage, and will return to Watertown, in the course of a few days.

The bride is well known to several Kingstonians, and has visited in this vicinity. Miss Briceland was employed as a stenographer for Weldon & Weldon, and Kinney had been employed as a chauffeur.

The couple, so it is understood, have been keeping company for some little time, but there was some family objection to the wedding, and this led to the runaway match.

Danderine

Makes your hair grow long, heavy and luxuriant and we can prove it

Get a 25 Cent Bottle Now and Forever Stop Felling Hair, Itching Scalp and Dandruff

Hair Becomes Soft, Fluffy, Lustrous and Abundant After a Danderine Hair Cleanse

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

Immediately after applying a little Danderine all dandruff will disappear, all itching of the scalp will cease and there will be no more loose or falling hair.

If you wish to double the beauty of your hair in ten minutes, surely try this—moisten a comb with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil—in a few moments your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair beauty.

If you care for beautiful, soft hair and lots of it, surely get a 25 cent bottle of Knowledge's Danderine from any drug store or toilet counter—A real surprise awaits you.

NICE HAIR FOR ALL

Once Dandruff the Dandruff Germ and Hair Grows Luxuriantly.

Anyone can have nice hair if he or she has not dandruff, which causes brittle, dry hair, falling hair and baldness. To cure dandruff it is necessary to kill the germ that causes it, and that is just what Newbro's Herpicide does. Cornelius Grew, Colfax, Wash., says:

"One bottle of Newbro's Herpicide completely cured me of dandruff, which was very thick, and it has stopped my hair from falling out. It makes hair soft and glossy, as silk, delightful odor, and refreshing hair dressing. It prompts the hair to grow abundantly, and kills the dandruff germ."

Sold by leading druggists. Send 10c. in stamps for sample to the Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. Jas. H. McLeod and the Best Drug Store, special agents.
