### Think it Over— Then Act.

Don't pay rent interminably.  
When you reach old age if  
you could have all these years by  
saving all these years by  
owning a home of your own,  
existence would have a differ-  
ent meaning than it will if you  
continue to pay rent.

The sooner you begin the  
less you will have to regret.

We stand with outstretched  
hands ready to help you if you  
are willing to do your part. It  
is one of our missions in life  
to help you to make the first  
step.

The first step is to come in

us. You can make an appointment

### HOPE THEY'LL WIN

CADETS HAVE LEFT FOR THE  
MONTREAL FIELD.

And They Hope to Do Up the Mont-  
real Aggregation—Queen's Men  
Interested in Many Matters.

The Royal Military College rugby  
team left, at noon, Friday, for Montreal,  
where, on Saturday, they will  
battle with the intermediate and junior  
teams of the M.A.A.A. in the  
semi-finals for the dominion champion-  
ship. According to the weather pro-  
babilities, at the present time, it will  
be a very sloppy field; unless the weather  
becomes colder and freezes to-  
night. The slush which fell to-day was  
so wet that rain, for it would leak  
away, while the soft snow formed a  
blanket.

The junior game between R.M.C. II  
and M.A.A.A. III, will take place in  
the morning, probably at eleven  
o'clock, while the intermediate game  
will be played in the afternoon.

The cadets went down to Montreal  
prepared to fight, and fight hard, for  
everything they expect to get to-  
morrow. The week's respite, which  
they got through the inability of the  
officials in charge of the games to get  
the grounds, has given them time to  
get their signals in perfect condition,  
so that the team-work now is like a  
piece of well-oiled machinery. The  
teams which won the Intercollegiate  
championships from Varsity should be  
able to hold their own against Mont-  
real, especially with Gwynne on the  
intermediates. Carruthers' kicking, it  
is expected, will keep the intermediates  
well up in the scoring line, as it did  
against Varsity.

Should R.M.C. I win from Montreal,  
they will meet Hamilton Rough Riders  
here for the dominion championship,  
Saturday, December 2d.

Capt. Gwynne, when seen, said he  
thought both teams should be able to  
hold their own, and he was confident  
that the twenty-eight men to represent  
the cadets would do their best.

**Will Defend Elliott.**  
The Ottawa Journal says: The O.  
tawa club will take a strong stand in  
the case of "Eddie" Elliott, whom  
the governors of the league are talk-  
ing of expelling for alleged bad con-  
duct in the Argo-Ottawa game. "The  
governors are not the final court,"  
said Frederick Chittick, "and if they  
take action we will take the matter  
to the executive of the league. The  
executive can overrule the governors.  
These men have been talked up to  
taking this action by the Toronto  
papers, who seem to have a pick on  
Elliott, and that is why they are  
thinking of expelling the big wing  
man. If they try anything on us we  
will stir things up."

**Ken Hams Called On.**  
"Ken" Williams, the well-known  
Kingston rugby player, who played  
last with Argonauts, during his sojourn  
in Toronto, and who is now a  
resident of Montreal again, received  
an urgent telegram, yesterday, asking  
him to at once report for practice  
in Toronto. He left fast night.

**Barrie Club Met.**

A meeting of Queen's Harriers Club  
was held at the athletic room at the  
gymnasium, Thursday afternoon. It  
held another joint meeting with the  
Track Club in the evening, but, to  
day, nothing could be learned of the  
movements of either club.

**Couldn't Get a Quorum.**

The revising of a schedule is evidently  
a pretty dry thing to get an executive  
together to pass upon it, and the  
result of the meeting of the Sunday  
School A.A.A., called for Thursday  
evening, had to be postponed for  
another week, owing to three absences.

**Sporting Notes.**

Queen's senior basketball team had  
a practice to-day.

The first of the inter-year practices  
was held, to-day, when arts '14 had a  
fast workout.

The City Hockey League is to hold  
its first meeting two weeks from to-  
day, for election of officers.

Glenburnie and Cataract Hockey  
Clubs have held their meetings. It is  
time for Bath Road to get busy now.

"Paddy" Moran, the well-known  
rugbyist, is back in town for a short  
visit. Why didn't you come six weeks  
ago? "Paddy"?

Rugby will be wound up for this  
year in another week, the game for the  
intermediate dominion championship  
being the last. Then there will be a  
full of a month before hockey starts.

**Tributes for the Dead.**

the late Joseph Lemon, which took  
place on Monday afternoon, were his

### Club is Rehearsing.

The Young Irishmen's Dramatic Club  
has commenced rehearsals under the  
able direction of James Purcell, for  
annual production on St. Patrick's  
day. This year the play produced will  
be "Shamrocks."

### To be Tried Monday.

James Campbell, arrested a few  
days ago for stabbing Arthur John-  
son, in the county jail. His case  
will come up before G. H. Hunter,  
J.P., in the court chambers on Mon-  
day morning, at ten o'clock.

### The Reason Why.

We have the business because we have  
the values. To-morrow we sell our  
regular 40c. Ceylon teas, three pounds  
for \$1. This tea you will find difficult  
to match, for less than 50c. per pound.

### Fire Escapes For Factories.

A number of the local factories are  
now falling into the example set  
by the hotels in placing fire  
escapes on their buildings. The  
Wormith Piano company is placing  
escapes on its factory at the foot of  
Princess street.

### Will Deliver Addresses.

Rev. Donald Macgillivray, regarded  
as one of the greatest authorities on  
the literature and life of China, who has  
been engaged in missionary work in  
the province of Honan, China, will  
preach at Queen's Sunday afternoon,  
and during the following week will de-  
liver a series of addresses.

### Milkman in Trouble.

As a result of an investigation,  
which is being made to-day, a charge  
may be laid against another milk-  
man charging him with having put  
water in his milk. Just recently  
Justice of the Peace George Hunter  
imposed a fine of \$40 on a milk-  
man who was found guilty of such  
an offence.

### Want Paper Box.

People living on Brock street, near  
Sydenham street, have been clamoring  
for some time past for a paper box  
at this corner. It has been pointed out  
that the postal box is not sufficient  
for the need of that community  
and that the people will present a  
petition to the government, asking  
that their wish might be granted.

### The Mayor in Trouble.

Major Graham had an experience on  
Friday morning, which might have  
proved fatal. He was coming down  
Clarence street in his automobile, and  
was approaching the corner of Ontario  
street, when he noticed the street car  
coming along. He tried to turn out  
Ontario street, but the hind wheels  
skidded on the muddy and slippery  
pavement, and the automobile almost  
turned over.

### Three Parole Prisoners.

Three men who were allowed out of  
the penitentiary on parole have been  
in trouble during the past few weeks.  
It will be remembered that a young man  
found guilty of stealing a horse in Barriefield,  
and given two years in the penitentiary, was a parole  
man. Justice of the Peace Hunter  
had to deal with a similar case, and  
now the other case is that of the  
man arrested for using a knife.

New figs.  
New dates.  
Fancy ripe pineapples.  
Mango grapes.  
Tokyo grapes.

### Police Court Cases.

A representative of a silverware  
manufacturing concern was summoned to  
police court, charged with selling  
without a license, but the case was  
dropped, as it was shown that the sil-  
verware was manufactured in Canada,  
and the company had a right to sell.  
Some time was taken up in the hearing  
of a case in which the ownership  
of some tools had to be established,  
and the court made a settlement be-  
tween the parties interested.

### COMMUNION OF SAINTS.

Verses by Rev. John Mackie, D.D.,  
Formerly of Kingston.

From his native Scotland, Rev. John  
Mackie, D.D., writes the following  
verses to his former congregation of St.  
Andrew's church, to which he ministered  
for the past twenty-six years:

You there: me here!

Three thousand miles of rolling waves  
between!

Yet are—Christ's faithful people ever  
near.

Still voices heard and veiled faces  
seen.

Not time or space, or mighty waters  
bar.

The sweet communion of those one in  
Him.

Close to His loving heart, though sun-  
dered far,

They have a vision neither weak nor  
dim.

A nearness in a calm and holy sphere,

Though there; though here.

Such hand clasps hand,

And spirits bleed in kinship true and  
sweet;

And song in soul we wend a pilgrim  
band.

Till in God's home, in joyful rest we  
meet.

Thus faith, and hope and love, a  
three-fold cord,

Bind us and keep us one in all our  
ways.

Bind us and keep us one in our dear  
Lord.

Both here and there. To him be end-  
less praise,

Here in the changing, and the change-  
less land.

Hand clasping hand.

### GAVE GLOOMY PICTURE

OF SYDENHAM HIGH SCHOOL  
IN CONDITIONS.

Smith Elliott said the Attendance is  
Decreasing—The Ontario Educa-  
tional System is Very Large to  
Blame.

Smith Elliott, chairman of the Sy-  
denham high school board, had a very  
pessimistic picture to present to the  
Frontenac council at its Friday  
morning session, regarding that  
school. His remarks were drawn out  
during a discussion upon the addition  
being added to that institution. Mr.  
Elliott confessed that he felt really  
sorry that he had been one of the  
trustees who had asked for the en-  
largement of the school building, for  
the attendance in the various forms  
increased as it had this term, the  
sydenham high school would no longer  
be needed. A very small building  
could suffice to contain the schol-  
ars. He had gone through the vari-  
ous forms and found a decrease in  
numbers. In the fourth form there were  
only two pupils, where last year  
there were twelve. A number of pupils  
of several forms had gone out to  
each.

What was reason of this condition?  
Mr. Elliott asked. His answer was  
that the educational department of  
his province was at fault in setting  
such a high standard of examination.  
Last summer the number of students  
who passed the entrance examination  
was very small. Perhaps the educational  
department of his province was at fault in setting  
such a high standard of examination.  
He said that the examination was  
not advanced just as rapidly as he  
could have liked, but the contractor  
was doing the best he could to have  
on the work.

Smith Elliott, chairman of the Sy-  
denham high school board, remarked  
that the construction of the school  
building seemed to be wholly in the  
hands of the county council's building  
committee. The school board, which  
should have all to do with the building
