TO AID IN DEFENCE OF THE McNAMARAS.

American Federation of Labor Met at Atlanta, Ga.—Salaried Officials Are to Give One Week's Pay.

Atlanta, Ga., Nov. 23.—By a vote of 196 to 7, the convention of the American Federation of Labor, yesterday, requested all salaried officers of the federation and affiliated unions to give one week's pay to the McNamara defence fund.

President Gompers estimates about \$60,000 will thus be added to the fund, now reported to be \$240,000.

Another action aimed to help the McNamaras was the adoption of a resolution, framed by President Gompers himself, endorsing the candidacy of Job Harriman, the socialist candidate, for mayor of Los Angeles, and calling upon wage-workers all over the country to give such moral and financial support to Harriman's campaign as lay within their power.

Leaders in the convention headed the proposition to have the body make a direct appropriation of \$50,000 for the McNamara fund. A sum greater than that by \$10,000 will be raised by the voluntary subscription of labor officials, if all respond to the appeal. Several speeches denunciatory of the prosecutors of the McNamaras were made during the day, one Los Angeles delegate, making the statement that \$5,000,000 would be spent if necessary to secure their conviction.

The convention refused, by eighty to thirty-four, to adopt a resolution proposed by the postal clerks opposing one-cent letter postage.

The last hour was taken up with the presentation of souvenir gifts to the federal delegates. Each of the two visitors from Great Britain was tendered handsome silver sets and the delegate from Canada was given a diamond ring.

### A LIVELY RUNAWAY.

A Collision on King Street, But Little Damage Done.

A lively runaway occurred, Friday morning, at 11:30 o'clock, which caused a good deal of excitement in the lower part of the city. A horse and buggy belonging to Winthrop Sears, "Healthfield," was standing at the foot of Queen street, and, becoming frightened, dashed up Queen, turned right, down Clarence, and along in King street. Just in front of the Whig building the frightened animal came in contact with Melkovey & Birch's delivery wagon. One of the shafts caught at the back of the wagon, and with the force of the collision the harness snapped, leaving the buggy behind, and the animal dashed along King street. At the corner of Brock street he slipped and fell, but regained his feet, and stopped in front of Henderson's grocery. He apparently knew the place well, for he stopped at the place well.

The animal was not hurt in the fall, and the only damage done was a broken cross bar of the shafts and some broken harness. Fortunately the wagon, which the runaway came in contact with, was heavily loaded, preventing damage to the driver and the other horse.

**Woman's Suffrage.**  
London, Nov. 24.—Lloyd-George attended, last night, a meeting of the members of parliament which favoured the inclusion of women in the government's coming manhood suffrage bill. He urged that the members present campaign in the country in support of such an amendment before the bill is introduced in parliament. He contended that the attitude of parliament would depend largely on the expressed opinion of the country. Lloyd-George promised that he would participate in such a campaign and expressed the belief that several other members of the cabinet would do likewise.

### MAY BE COMMISSION

TO LOOK INTO FAILURE OF THE FARMERS' BANK.

Bank's Dealings Concealed in Inquiry and Born of Fraud on Part of the Governmental Departments.

Ottawa, Nov. 24.—Representing hundreds of unfortunate shareholders and depositors, all over Ontario, a strong deputation waited on the government, this morning, asking for governmental relief for both classes of creditors.

Rev. George C. Gilmour, president of the Depositors' Relief Association, said that the bank's dealings had been conceived in iniquity and born of fraud and gross negligence on the part of the government's finance and bank inspection departments. The chief argument put up was that the issue of the certificate of the Farmers' bank was illegal under the bank act, therefore the government should immediately recompense the depositors and relieve the shareholders of double liability.

Hon. W. T. White, minister of finance, made his first official answer to a deputation, saying this was a most distressing case and he promised careful consideration by the cabinet. The delegates left, confident that a commission would be appointed.

### BREAD BILL IN SENATE.

Mr. Casgrain Would Regulate Weight of Loaf.

Ottawa, Nov. 25.—A proposal which will attract some attention was made to the senate in the form of a bill to regulate the size of the baker's loaf. The bill was introduced by Senator Casgrain and provides that no person shall make or sell bread in Canada, except in loaves weighing six pounds, or in loaves of one-half or one-quarter that weight, but that small bread may be offered for sale in any weight, not exceeding twelve ounces. The bill requires every person selling bread to have suitable scales convenient and to weigh bread whenever requested to do so by any purchaser. Twenty-five dollars is specified as the penalty.

### BIG RECEPTION

Of Archbishop-elect Spratt and Mgr. Stagni, Papal Delegate.

A meeting of the Committee of St. Mary's congregation appointed to make arrangements for the reception of the Archbishop-elect and the Papal Delegate, met in the Archbishop's Palace on Wednesday evening.

The different sub-committees appointed at the last meeting submitted their reports and the arrangements are now pretty well completed. The reception to these dignitaries will be tendered on Wednesday, Nov. 29th.

The clergy of the diocese, headed by the administrator, will arrive in the city prior to the coming of the Archbishop-elect, who will arrive by the fast train from the west reaching the city about 1:45 P.M. where he will be received by the clergy and members of the various Catholic societies, together with the members of the congregation. A procession will be immediately formed and proceed to the cathedral where addresses will be presented by the clergy and laity responded to by the Archbishop. After the ceremonies are over the clergy and laity will again proceed to the depot to meet the Papal Delegate Mgr. Stagni, who will arrive in the city about four P.M. and be escorted to the cathedral by procession. On the arrival at the cathedral the Archbishop-elect on behalf of himself, the clergy and people, extend a welcome to the representative of His Holiness the Pope and Mgr. Stagni will reply thereto.

The following Catholic Societies will take part in the parade:

Knights of Columbus.  
Ancient Order of Hibernians.  
Catholic Order of Foresters.  
Catholic Mutual Benefit Association.  
Young Irishmen's Catholic Benevolent Association.

These societies will meet at their respective halls at one P.M. sharp and will at once march to the Grand Trunk Station where the procession will be formed. Following the societies in the procession will be the members of the congregation who are not affiliated with any of the organizations. Then will come the clergy in arranges. There will be two bands in the procession, the Battery Band and Fourteenth P. W. O. Rifles Band. None of the societies will wear their badges but uniform badges will be worn by the members of all the societies and members of the congregation. The route of the procession will be from Grand Trunk Station along Ontario to Brock, up Brock to Wellington, along Wellington to Johnson and up Johnson St to the cathedral. It is expected that a large number of visitors will arrive in the city both on the day of the reception and on the day of the consecration Nov. 30th.

**SELL IN DAKOTA.**  
Manitoba Farmers Realize More Money For Wheat.

Winnipeg, Man., Nov. 24.—Your correspondent this week, investigating market conditions along the international boundary line between Manitoba and North Dakota, finds the American situation more favorable in every respect, including price, grade, and car supply. Immense quantities of Canadian wheat are being sold in bond at North Dakota points. Coarse grains are not sold in bond, but farmers find they can haul to American points, pay the duty, and still do better than the Canadian prices.

Ben Manning, a farmer living southeast of Mather, Man., hauled five hundred bushels of barley to the American market, paid the duty, and cleared eighteen cents a bushel over the Canadian price.

Charles Masters, a neighboring farmer, paid \$61 duty on four loads, and still realized \$15 over the Canadian prices.

These instances are typical and by no means exceptional. Hundreds of farmers, many of whom through party allegiance, or terrified by the bogey manufactured for the occasion, voted against reciprocity, are today selling their crops in North Dakota.

Today No. 1 wheat is selling in Minneapolis six cents higher than the price quoted here. Although Minneapolis No. 1 northern grade of wheat is only equal to Manitoba's No. 3, No. 2 Manitoba northern is seven cents below Minneapolis; No. 3, eight cents.

In oats, Minneapolis prices are four cents higher. Barley is four cents higher in Minneapolis than here, and flax 17 cents. These conditions, together with the car shortage, which shows no signs of breaking up, has made the northern farmers of Manitoba envious of their southern Manitoba brothers, who have better advantages. In all parts of the country farmers loaded cars of wheat about the first of the month, and they were still standing on the sidings this week. As a result, the farmers are discontented. They think the companies should give a freight service of exceptional excellence at this time of the year.

**To Sort Out "Good" and "Bad."**  
London, Nov. 24.—The London local government board has undertaken to sort out the worthy from the unworthy among the city's enormous army of poor. The board's estimate that there are nearly two million persons in London suffering from unemployment, of whom 100,000 are either "unemployable," or professional beggars, gives an idea of the magnitude of the task. The "black list" at the board's office already contains 10,000 names, and John Burns, president of the board, admits that the work has scarcely begun.

**A Big Contract Let.**  
Ottawa, Nov. 24.—Hon. Mr. Monk, minister of public works, to-day authorized the letting of a contract to erect a new immigration building at Quebec to cost \$348,000, and which will be the largest of its kind ever attempted in Canada.
