ENGLAND MAY RECALL BRYCE

Ambassador Will Enter Cabinet If Sir Edward Grey Retires.

Disclosure That Britain and Germany Were on Verge of War Over Morocco the Cause of Opposition.

London, Nov. 25.—The belief prevails in political circles that Sir Edward Grey, secretary for foreign affairs, will retire from the cabinet after his eagerly awaited exposition on foreign relations on Nov. 27th, in the House of Commons, and that James Bryce, ambassador to the United States, will succeed him.

The disclosures regarding the Anglo-German conversations with respect to Morocco and the statements that these two countries were on the verge of war has given the radicals another opening, and now it is developed they are pressing for the retirement of Sir Edward, declaring: "We won't be drawn into war without knowing the reason why."

The radicals favor an Anglo-German understanding and accuse Sir Edward Grey of backing their efforts in this direction, either by his own design or through the influence of anti-German officials in the foreign office. Sir Edward resigned without Haldane, secretary for war, and Reginald McKenna, the home secretary, will likely follow him out of the cabinet.

James Bryce, as Sir Edward's successor, would be supported by the entire party, as he was when the unionists attacked him for the part he took in the negotiations on the subject of reciprocity between Canada and the United States.

By a tacit understanding the unionist leaders support the government's foreign policy, or at least refrain from criticizing it. They, like the moderate liberals, argue: "Why turn a brilliant diplomatic victory into defeat by sacrificing the victor, in order to secure the good will of vanquished Germans?"

The lobby is full of rumors of other troubles besetting the government. It is said in unionist quarters that the cabinet is not able to satisfy John Redmond's home rule demands which have increased through fear of the growing O'Brien strength in Ireland and the laborites are dissatisfied with the findings of the royal commission last August with respect to the railway strike. They blame the cabinet's failure to secure recognition of the unions.

The prime minister, it is true, is under moral obligations to avoid a crisis during the king's absence, but it may be beyond his power to do so.

SIR EDWARD GREY.

The resignation of the foreign secretary almost certainly will be handed to the prime minister should any lack of confidence be shown in his policy during the debate which will follow his statement on Monday.

Sir Edward Grey recently has been the object of continuous attack, not from the opposition but from the extreme "left" element of his own party. The anxiety with which diplomatic negotiations have been carried on has aroused the ire of the radicals, who lately have received some support from the more moderate liberals.

PRIDE NEARLY KILLS HIGH COLLAR WEARER

Man Used to Soft Shirts Chokes When He Dresses Up, With Uncomfortable Result

Georgetown, Del., Nov. 23.—Sacrificing comfort for pride in his personal appearance, Raymond E. Taylor, of Georgetown, was nearly strangled to death when he wore a collar that was too high and too tight.

Pussy has been accustomed to wearing a soft shirt and collar. It was not until he was preparing to make a call that he opened a package of stiff collars. It was only with considerable effort and the use of a button hook that he made the ends of the collar meet.

Starting down he noticed a peculiar feeling and an effort to breathe. Stopping at a dead dog state he asked for relief and could hardly speak while his face had almost turned purple.

The doctor did not notice the tight collar and told the young man that he feared stroke of some kind and urged him to get home and lie down. Tearing the collar off, he nearly fell into the arms of his home, but was soon revived and in a short time had regained his normal condition.

A QUEBEC PRIEST LEAPS TO HIS DEATH

St. Therese Abbe Crushed His Skull in Clearing Oncoming Train

St. Therese, Que., Nov. 25.—Abbe Joseph Arthur Vaillancourt, parish priest of St. Therese, met a sudden death, Friday. He was walking on the C.P.R. tracks, near the viaduct, when the Nominique train came steaming along. Surprised by the train the priest jumped out of the way and falling down the embankment which is about twenty feet steep at that point, he fractured his skull on a huge stone. His body then rolled into the river which borders the line.

The train was stopped and the body of the Rev. Mr. Vaillancourt was dragged out of the water by passengers.

BEES ARE NOT GAME

Men Who Cut Neighbor's Trees Likely to Get "Stung"

Albany, N.Y., Nov. 25.—Bees have not been known to "game" and no license is required to hunt them, says G. V. S. Williams, counsel to the state conservation commission, in replying to a letter from a resident of Orleans county, asking for information regarding the cutting down of "bee trees" or the taking of honey from them. "But," he says, "if you find a 'bee tree' on the lands of your neighbor you must get his consent before cutting down the tree, otherwise you might get 'stung' in an action for trespass."

SCHOOL COURSE IN EATING

Chicago, Nov. 25.—Penny lunches which the school board began to serve a few months ago as an experiment, have developed into a part of the curriculum, in several of the public schools. They have been found to be of great value in making the children more plump and their brains more active.

Before the lunches were instituted, many of the children were backward in their studies. It was found that nearly all of these cases came from families in straitened circumstances. Then the school board began the lunches to see whether food were needed. Within a short time a remarkable improvement was noticed.

At a school in the north side Italian district, yesterday, 292 children had all of these cases come from families in straitened circumstances. Then the school board began the lunches to see whether food were needed. Within a short time a remarkable improvement was noticed.

REDUCED TO ASHES

Fire Spread Rapidly at Convent in Quebec

St. Jerome, Que., Nov. 25.—During the celebration of mass early yesterday morning, fire was discovered in the hospice of Sainte Croix and it spread with such rapidity that by the time of the arrival of the firemen the whole upper part of the structure was a mass of flames. The one hundred religious and young children asleep in the dormitories were, with considerable difficulty, removed from the building to a place of safety. The convent was reduced to ruins.

William Allison, of Hamilton, stowed himself away in a box car consigned to Nelson, B.C., with food and water for the trip. His supply gave out, and he was rescued from the car in a dying condition at New Richmond, Wis., on Friday.

Miss Mildred Sherman Has Been Admitted and Baptised a Catholic.

MISS MILDRED SHERMAN.

New York, Nov. 25.—The ne tenore decree is making itself felt in high places in United States society. Miss Mildred Sherman, the beautiful and wealthy daughter of William Watts Sherman, millionaire, nephew of General Sherman, was, this morning, admitted and baptised a Roman Catholic, in view of her marriage, this afternoon, to Lord Camoys, member of one of the most prominent Roman Catholic families of England.

PRESENTS A STATEMENT

Signed by Accusers Themselves, Denying Misrepresentation.

New York, Nov. 25.—John D. Rockefeller, in a statement given out, pleaded to the charges made by the Merritt brothers before the Stanley Steel Investigating committee, regarding the methods used by Mr. Rockefeller in securing control of the Mesaba ore mines and the Duluth, Missabe & Northern railroad, pointing out that the charges were denied under oath as long ago as 1885 in the litigation over the Lake Superior consolidated iron mines.

He furthermore submits the text of a paper bearing the date of January 22nd, 1897 to which are attached the names of Alfred and Leonard Merritt and "all the other members of the family," declaring themselves satisfied that neither Mr. Rockefeller nor his agents committed fraud or made misrepresentations in the matter in question.

FATHER'S GRIM JOURNEY

Five Days' Trip Through Northern Bush With Corpse.

Cobalt, Nov. 25.—A five-days' trip through the bush over trails covered deep with snow and across muskeg, not yet frozen sufficiently to give good footing, having to trudge around all bodies of water on which the ice was not yet thick enough to make a passage safe this was the experience of Thomas Taylor, who, bearing with him the body of his son who had been drowned, arrived in New Liskeard, from West Shilling Tree, yesterday.

The boy, twenty-one years of age, met his death while alone trying to cross a lake on ice which broke beneath him.

MAY BLOCKADE DARDANELLES

London, Nov. 25.—The Daily Mail's Constantinople correspondent says that the Russian and Austrian ambassadors have informed the Porte that their governments have received notification of Italy's intention to blockade the Dardanelles.

Neutral commerce is seriously threatened by the proposed blockade. It is thought that Italy may even try to force the Dardanelles and dictate terms of peace at Constantinople.

GET SEAPORT

Plan Arranged by the Federal Government.

TO NEED APPROVAL BEFORE BILL CAN BE PUT THROUGH HOUSE.

Ontario to Have an Outlet in the Hudson Bay at Port Nelson—This Harbor is Probably the Best on Bay, and May be Railway Terminus Also.

Ottawa, Nov. 25.—It is understood that a plan has been made by the government here whereby Ontario, as well as Manitoba, will secure a seaport on Hudson Bay. The arrangement has the approval of both Ontario and Manitoba ministers and members here, but it will require the approval of the governments of the two provinces before a bill can be introduced in parliament to give it effect.

It is now proposed that a line be between the two provinces will be located by producing the present northern boundary of Manitoba eastward to the ninety-second meridian of longitude, proceeding thence northward to the twenty-second meridian of latitude, running thence northwestward to a point within ten miles of the mouth of the Nelson river, which is followed by the north shore of the Hudson Bay at Port Nelson, which is probably the best harbor on that sheet of water, and was favored as a terminus for the Hudson Bay railway. Ontario obtains a triangular piece of territory on the shores of the bay and gives to Manitoba a triangular section of a similar size further to the south.

TRAVEL STORIES.

Several years ago the Whig published a series of travel letters by Dr. Sigel Roush, a descriptive writer of great power. They were greatly enjoyed. Dr. Roush has started on another tour, and the Whig has arranged for the publication of his new series, the first of which will appear in Tuesday's issue.
