**FRONTENAC HOCKEY CLUB MEETS MONDAY EVENING.**

To Elect Officers for Coming Season—Queen's Will Have More Men to Pick From Next Fall for a Rugby Team.

The Frontenac hockey club will receive its official send-off Monday evening at the city council chamber at an open meeting which has been called to get things moving for the season. The election of officers and rendering of the financial statement will constitute the chief business of the evening. It has been settled that Kingston will be represented in senior C.U.A. circles and it will be definitely decided whether a junior team will be formed or not. Two teams have been entered though, as James T. Sutherland entered them in Toronto last week and paid their entrance fees.

Two vacancies are to be filled. "Dave" Howsley, the capable treasurer last year, has removed to Toronto and it will be necessary to get someone to look after the funds. The other vacancy is a manager for the junior team. Senator Powell, the trainer of last year's team, has been mentioned as the man to handle the job.

James T. Sutherland will manage the senior team, there is no doubt about that.

A statement of the club's funds will be presented, as compiled by Treasurer Howsley and audited this week.

**Will Have More Men Out.**  
Queen's rugby management will have more men out next season than ever in uniform this fall. The largest number to turn-out at any of the practices during the past two months never exceeded thirty-five and they expect to have twice as many out next fall. Any man who has the size and weight will be hustled out to chase the pigskin and two or three work-outs will suffice to show whether he is any good or not.

James Bevis, the well-known physical director at Queen's, holds that the game can be taught any man, and that the reason that some excel is because they have played the game since they were youngsters. With seventy men on the gridiron Queen's should be able to produce material to make a winning fourteen.

**Will See His Son Play.**  
L. W. Williams, University avenue, has gone to Toronto to see his son "Ken" play with Argonauts against Varsity today, for the dominion rugby championship. To be the father of three such sport-famed sons as "Jack," "Ken" and "Leo" is not accorded every man.

**Officials for Montreal Games.**  
The officials for the games in Montreal, to-day, between two R. M. C. teams and M.A.A.A. rugbyists are: Referee, "Billy" McMaster; umpire, Burton Browne. The junior game will commence at one o'clock and the intermediate one as soon as the first one is finished. The Montreal players are looking for a hard struggle.

**Frontenac's Meeting Late.**  
Owing to the city council chamber being occupied early in the evening the meeting of the Frontenac Hockey Club will not be held until nine o'clock instead of 8.30, as was at first proposed.

**At the Y. M. C. A. Gymnasium.**  
There are so many teams in the Sunday school basketball league that the Y.M.C.A.'s finding it impossible for all the teams to have their hour practices each week. It is very likely that the length of time for practice will be cut down, so as to give each team a chance.

Fencing is becoming very popular at the Y.M.C.A. gymnasium. Every evening there is a class on the floor some of the boys are practising fencing.

**Want Early Mail Train.**  
With a request for four trains a day instead of three and a train from Watertown to Cape Vincent earlier than the one now leaving at 9.50 a.m. each day, but Sunday, residents of Cape Vincent will appear before the public service commission.

Cape Vincent residents contend that with the 9.50 o'clock train carrying the first mail to that village that they are seriously hampered. During the summer there are four trains between Watertown and the Cape and the service is satisfactory, although an early mail train the year around is much desired.

**Hospital Money From Napanea.**  
The Women's Hospital Aid of Napanea, have forwarded a cheque of \$21.62 to Miss Hunter, of the Kingston General Hospital, being the balance due on an X-ray machine presented by them to the hospital. The cost of the machine and running expenses was \$1,036.13. J. A. Minns, chairman of the board, acknowledged the receipt of the money in a very kindly letter.

**LICENSE REDUCTION.**  
Its Effect Will be Injurious in Many Ways.

License reduction will: 1—Increase the sale of bottled liquor. 2—Lead to secret drinking. 3—Cause the establishment of "blind pigs."

4—Seriously interfere with the trade of the city by limiting the hotel accommodation for farmers and visitors to the city. 5—Throw a lot of idle property upon the market. 6—Materially reduce the revenues of the city.

7—Unjustly deprive decent citizens of their means of livelihood without notice or compensation. 8—Generally lead to worse conditions, such as now prevail in early cities where license reduction has been tried, and is proving a failure.

It will not stop drinking, but will make matters infinitely worse. Vote against reduction!—Adv't.

**The Latter Had 177 Majority Last Time—Hugh McFadden Stricken With Paralysis a Second Time.**

Gananoque, Nov. 25.—Having decided to accept the unanimous nomination of the liberal party in South Leeds, through the executive of the Liberal Association, W. J. Wilson has swung into the fight with a vim and snap worthy of a Sarabane, and if work will win the day, Mr. Dargavel's narrow majority of 177 last election may be overcome.

The Young People's Society of Grace church, held its fourth opening for the season, last evening, which took the form of a social time.
