TO AID SANTA CLAUS

TO HELP HIM MAKE MANY HOMES HAPPY.

The Citizens Are Urged to Help Make a Fund That Will Bring Cheer and Gladness to Every Destitute Home.

There was a meeting on Friday afternoon of those who are interested in the fund which is being raised by the newspapers and for the assistance of Santa Claus. It was decided to use various methods of getting at the deserving children, and it is hoped that all those who are appealed to will respond at once.
The general secretary of the Associated Charities, who was present, said he expected there would be at least one hundred and seventy-five children whose Christmas would be made glad by the newspaper fund. These cannot be helped very much without the further generosity of the good people of Kingston. It is hoped that the fund will still grow in view of the large demands that must be made upon it.
The Y.W.C.A. is doing its share. The secretary has a number of young women employed in dressing sixty dolls which go as a welcome contribution to the good cause.

It is pretty clear that the little folk will be cared for from other sources so far as the funds are concerned, and the newspaper fund can be raised for aiding Santa Claus in some other way. Should there be any surplus of cash it will be devoted to some object of charity, and it has been suggested that it go to the proposed creche.

The little folks are invited to write to Santa Claus at once. Their letters

should be short. They will be received at the Whig and Standard offices, and as many as possible before Tuesday.

J. B.'s Fine Poultry.
J. B. Walken, K.C., is the possessor of some valuable poultry of which he is justly proud. This week he sent five white Wyandottes to Henry Waddington, the butcher, and when they were dressed, the birds weighed thirty-two pounds, eight ounces. This weight, from chickens which were only hatched on May 25th, is extraordinary. Mr. Walken takes a keen interest in, and is very successful with his poultry.

Queen's Mission Work.
During the past season eight fields in Canada—four in Ontario and four in the West—were manned and financed by the Queen's University Missionary Association; contributions were made for the support of a native evangelist in Formosa, and of three Armenian boys in a school in Turkey. The accounts show a budget last year of \$1,450, while the increasing business of the association calls for a budget for 1912 of over \$1,500.

HOCKEYISTS GATHER

HARVEY J. MILNE WAS RE-ELECTED AS PRESIDENT

Of the City Hockey League—Frontenac Hockey Executive Arranges For the Season's Practices.

Prospects are bright for another successful season in the City Hockey League, judging from the interest manifested at the meeting held in the Y.M.C.A. building Friday evening. The election of officers resulted: Honorary president, Dr. J. J. Hart; honorary vice-president, W. W. Gibson; president, Harvey J. Milne; vice-president, Gordon Cannem; secretary, Frank Kall; treasurer, A. T. Hatch.
The position of president, so ably filled by Mr. Milne last year, was unanimously tendered to him again. He demurred, saying that he felt that someone else should have it, but as he guided the league through a stormy season last year, the members of the executive thought that he should control it again.

A statement of last year's finances was given and a slight balance was all hand. The executive adopted the same rules as prevailed last year, with a few amendments.
Granites and R.C.H.A. have already entered the senior lists, while the following have expressed their desire to enter junior circles: Tecumsehs, Regiopols, K.C.A., and K.C.A. All names of teams desiring to enter either junior or senior must be in by December 20th, when a schedule will be drawn up.
A resolution was passed to the effect that the team winning the senior trophy this winter should be sent to Montreal to compete with the champions of that city.

Prospects Are Bright.
The general public has been wondering where the Frontenac hockey officials will get the material for the two good teams which they promised to put into the O.H.A. this winter. At the meeting held last evening, of the executive, the prospects are very bright for a fine senior team. The club has already good material at hand, but they invite anyone who has played hockey at all and has any ability to perform, to get out on the ice and try to catch a place. There will be no favoritisms shown, but the best men will be picked for the teams.

Arrangements were made for the covered rink for the winter regarding practices, and new outfits were ordered for the players.
30c. gal., sweet cider, J. Crawford.
New sachet powders, Mahood's Drug Store.
Mrs. Davenport and George Carr were married in Belleville on Wednesday.

WANT KINGSTON'S WORKS.
The letter which is printed in the news columns of this paper accentuates a fact which the Whig has been trying to impress upon the people. It is that Kingston is not so much alive to its own interests as it ought to be. It has an Industrial Committee which represents the council and is absolutely without initiative. If it is doing anything at all to boom the city the people are without the evidence of it, and this is the season when the aldermen will be exposed if they expatiate eloquently upon their accomplishments.

Some time ago the Whig referred to Welland as a place of most remarkable growth. It was favoured in the matter of cheap fuel, natural gas, and Niagara Falls power, all being available at most acceptable rates. In addition, the town, like most of the western municipalities, is interested in the land that can be parcelled out to manufacturing sites. And again it has a committee, most alert and eagle-eyed, and its members miss no opportunity for impressing upon capitalists the advantages which Welland has to offer.

The correspondence to suggestive in two ways. First, the council must see the importance of going farther

SENT TO THE CENTRAL

PATRICK LEARY GIVEN NINE MONTHS FOR THEFT.

Said Liquor Was to Blame For His Trouble, But Magistrate Would Not Take This For Excuse—Resident Was Accused of Speeding His Automobile.

Nine months in the Central prison, this was the sentence Magistrate Farrell meted out to Patrick Leary, in police court, Saturday morning, for the theft of two overcoats, and a suit of clothes. Leary was arraigned in police court, Friday morning, pleaded guilty and was remanded. Leary said he was drunk when he took the goods, and that he did not know anything about it.
"But you were sober enough to sell an overcoat," remarked the court.
"Yes, I got a dollar for it, but I was drinking, and did not know what I was doing. If I had been sober, I would not have taken the goods."
However, the magistrate did not take this for an excuse, and imposed a term of nine months.

Constable James Downey, summoned a resident for speeding his automobile on the street. It was alleged that the resident went along King street, between Clarence and Princess streets, last Tuesday morning, faster than ten miles an hour, the speed limit, for the city. The constable swore to this and he was backed up in his evidence by a witness. The resident said he was driving on King street, but that at the time, he had a person in the car with him, while the constable and the witness swore he was alone in the car. On this account he thought the constable must have been mistaken in the car. The constable had also secured the number of the car after the affair was all over, and while the car was standing in front of his place of business, the case was adjourned until Monday, for the accused to have further evidence produced.
A carter was accused of ill-treating a horse, but the animal will be destroyed, and the case will likely be dropped.

INCIDENTS OF THE DAY.

News Paragraphs Picked Up By Our Reporters.

Buy Kodaks at Gibson's.
