## RISK TO KING

### Of Being Stricken Down With Smallpox.

## CAPTAIN AT DURBAR

### IS A VICTIM OF THE DREAD DISEASE.

### All Precautions Are Being Taken at Delhi — Possibility of Spread Throughout India Causes Some Anxiety.

London, Dec. 20.—A wave of alarm swept over London, especially in official circles, upon the receipt of news from Delhi that Capt. Leslie Cheape, of the English army, had died in Delhi of smallpox. Later it was announced that Capt. Cheape was still alive.

Fears for the safety of King George and Queen Mary, who left Delhi several days ago at the conclusion of the durbar, were openly expressed.

Additional cause for alarm that the dread disease might be carried beyond Delhi was contained in the fact that hundreds of thousands of visitors from all parts of the Indian empire were in Delhi for the durbar.

It was learned, however, that the strictest precautions had been taken and that Capt. Cheape had been isolated as soon as the nature of his illness was known.

### TREAT WITH DIGNITY.

### Taft Wants Naval Honors Showed to Maine Victims.

Washington, Dec. 20.—President Taft is anxious that the bodies of the dead sailors found in the wreck of the Maine, which are soon to be brought north, shall be transported with all possible dignity. He has written a letter to Secretary Meyer expressing the wish that if possible the bodies be brought to Havana, conveyed by another vessel.

### Claims All New York.

London, Dec. 20.—Thomas Williams, a retired railroad man of Casnewy, Wales, is the latest intrepid discoverer that he owns that land on which New York stands. He estimated that he is worth about \$275,000,000. Williams claims to be the nearest surviving male relative of Edward Edwards, a Welshman, who emigrated to America in the latter part of the eighteenth century, and acquired for a long time the swampy land on which a large part of New York stands. When the British government acknowledged the independence of the United States Edwards leased the land to the government. The lease expired in 1886. Williams also claims all the coal mines at Edwardsville, Pa., which place was named after its founder, Edward Edwards.

### Wireless at Spitzbergen.

Christiania, Dec. 20.—The first telegram from the new wireless station at Spitzbergen has been received by M. Heftey, the director of general telegraphs here, after travelling by Ingo and Hammerfest. The telegram stated that regular correspondence would be started shortly. All the officials at the station were, it is said, in good health, and living was comfortable, despite the darkness and cold.

### New Russian Warships.

Odesa, Dec. 20.—The three Russian Black Sea dreadnaughts, whose keel plates were recently laid at Nikolaiiev, are to be named the Imperator Ekaterina II, the Imperator Marie and the Imperator Alexander III. They are being built under covered slipways, one at the Franco-Belgian Chantiers Navals, and two in the admiralty yards. It is expected that the new vessels will be launched in the early spring of 1914.

### Wants More Machine Guns.

Berlin, Dec. 20.—A demand is being made for more machine guns for the German army, and it is probably that the next requisition will be asked to authorize practically double the present number. The army now has 3,268 machine guns, including those in reserve. France and Russia each have 3,000, and this will be used an argument.

### Losses in Suez Canal.

Berlin, Dec. 20.—The kingdom of Saxony, which, for many years, has shown a disproportionate number of suicides over most other countries, comes again to the front of the German states in the statistics of 1910, for which year the kingdom's year-book has just been issued. In that year there were, in a population of about 4,900,000, 1,531 suicides reported, of which 253 were women.

### King Loans Pictures.

London, Dec. 20.—The king has lent to the National Gallery his panel of "Two Saints," by Pesellino, and also the portrait of "The Shipbuilder and His Wife," by Rembrandt. The loan will be extended until Jan. 25th.

### £20,000 for Church Missions.

London, Dec. 20.—The archbishop's fund has voted £20,000 towards each of the Colonial and Continental Church Societies and the Society for the Propagation of the Gospel for Western Canadian work.

### Empire Very Weak.

Berlin, Dec. 20.—It is reported here that the condition of Emperor Franz-Joseph, of Austria-Hungary, is now the most extreme anxiety. He has been unable to go out for a week.

## ECHO OF SAVANNAH CASE.

### U.S. Government Suing for Recovery of Money.

Washington, D.C., Dec. 20.—There was an echo of the Savannah harbor scandal in the supreme court, to-day, when that tribunal assigned for early hearing on the "summary docket," the question of whether the United States is entitled to 400 shares of stock in the Norfolk & Western Railway company as property purchased for Capt. Oberlin M. Carter with funds alleged to have been improperly procured from the government.

Mary C. Leary, of New York, claims the stock as indemnity for her husband going on Carter's bond when he was arrested in connection with the scandal. Col. John P. Raynor and Capt. Benjamin D. Greene, who were arrested in Quebec for conspiring with Capt. Carter to defraud the government in the eruption of the contracts in Savannah were released a few months ago, after serving a five-year term at Atlanta.

## KEEP CATS IN AFTER DARK.

### Boston Surgeon Would Permit Only One to a Family.

Boston, Dec. 20.—Because he believes that cats are selfish and cruel, Dr. Albert H. Tuttle, a well-known surgeon, advocates their restriction. "No family should be permitted to keep more than one cat," he says. "All cats should be licensed and a fee paid for registration. All female cats should be humanely exterminated at birth except such few as would be necessary for breeding purposes. Only male cats should be permitted as pets. No one should have every ownerless cat killed, and no cat should be allowed out after dark."

## MEMBERS RIOTED

### IN N.S.W. ASSEMBLY

### The Speaker Had to Lock Himself in Room Against Fighting Members.

Sydney, New South Wales, Dec. 20.—The session of the New South Wales assembly closed amidst scenes of wild disorder. The trouble arose through the action of Speaker Williams. When Premier McGowen intimated that business was ended the opposition leader, Mr. Wade, protested against the manner in which the opposition had been treated during the session by the speaker of the house. The speaker, shortly after Mr. Wade commenced his address threatened to have the opposition leader removed from the chamber unless he desisted. Mr. Wade did not wait to continue his speech, but withdrew without further orders. Immediately upon his leaving the speaker declared the house adjourned and hurried to his room. A score of opposition members rushed after him. There was a counter rush from the ministerial benches. Then followed hoots, groans and cheers, during which several members engaged in fist-fights, while others endeavored to separate them. A group gathered around the door of the speaker's room shaking their fists and yelling defiance at the speaker, who found safety behind a barred door.

## TO POOL EFFORTS.

### Fruit Growers' Association Formed at Brighton.

Brighton, Ont., Dec. 20.—At an enthusiastic meeting of fruit growers, the Northumberland Co-operative Fruit Growers' Association was formed, and the following officers were elected: President, W. J. Farley; vice-president, C. E. Post; secretary-treasurer, F. S. Brown; executive, Robert Wade, Dr. C. M. Sanford, S. J. Tinson. R. B. Scripture, who was instrumental in organizing, was appointed manager.

## A NE TEMERE CASE

### IN A DUBLIN COURT

### A Catholic Claims Marriage Before Priest is Null Because Only One Witness

London, Dec. 20.—The ne temere decree is now before Justice Kenny and a special jury in Dublin, in a case involving a Catholic priest's solemn declaration that his secret midnight marriage with a Catholic servant in his mother's employment is null and void, because, though celebrated by the parish priest, it was performed before one witness instead of two, as required by the decree of the Council of Trent and the ne temere decree. A large array of leading counsel on each side are arguing for and against the validity of the decree in relation to the common law of Ireland. The respondent's counsel's contention is that while as a Catholic he has every respect for the decrees of the church, they are absolutely without legal force or effect in an English-governed country.

## Hand Caught in Knives.

Brookville, Dec. 20.—While operating a chain mortice at the plant of the Brookville Lumber company, Thomas Forde had his hand drawn into the rapidly moving knives by his mitten becoming caught, and before it could be released, the hand was terribly mangled. Three fingers and a portion of the fourth required amputation.

## To Succeed Hon. Mr. Garneau.

Quebec, Dec. 20.—At a banquet at the Chateau Frontenac given by George E. Amyot, Premier Gouin, announced that the appointment of Mr. Amyot to succeed the late Hon. E. B. Garneau had been practically decided upon.

### Matters That Interest Everybody—Notes From All Over—Little of Everything Easily Read and Remembered.

Emperor Franz Josef is in a critical condition. The prospects for peace in China is brightening daily. At Dawson City, another gold stampede in the Yukon is reported. Revised census returns show there are more men than women in Canada. Thirteen thousand dollars per foot frontage was paid for the corner of King and Yonge streets, Toronto. The Windsor city council will apply to the legislature for permission to establish a municipal phone service. The Marquis Charles Drazzo, Italian consul-general in Canada, has just arrived at Montreal. He is a young man. "The London Globe attributes the abrogation of the Russian treaty by the United States to respect for the Jewish vote. A Westchester, Mass., fire did \$50,000 damage to the Mannett hotel. Forty people asleep on the upper floors were aroused in time. Berlin citizens are facing an ice famine. The council has been recommended to repair the water works dam, from which source the ice will be cut. Wilbert, the three-year-old son of John Bellingham, Hamilton, while playing, backed into a tub of boiling hot water and died after frightful agony. That Gen. Ueha Erh Feng, commanding imperial troops at Chongtu, suicided, and was not murdered by his troops last October, is the report received from missionaries. Miss Sarah Lane, Schenectady, N.Y., was publicly presented with a Royal Canadian Humane Society medal for having saved a woman from drowning in New Brunswick last August. At Mistatim, Sask., the body of Kenneth Kingstom, the young Ottawa civil engineer lost in the woods since Friday, was found dead on a deserted trail. Foul play is suspected. A committee of New York clergymen, representing all denominations, has persuaded the gas employees not to plunge the city in darkness at Christmas, but to wait until after the holidays at least before taking action on a proposed strike. The marriage of Hon. Louvina Knollys, only daughter of Lord Knollys, secretary to King Edward VII, to Lieut. Allan Mackenzie, of the Grenadier Guards, took place, Tuesday, at the Guards' chapel, London, Eng. Princess Victoria was present.

## MANCHU RULE DOOMED.

### Yuan-Shi-Kai Will Be Regent or President.

Shanghai, Dec. 20.—Promise of peace in China became more definite to-day with the announcement that all six of the great powers—Great Britain, Japan, United States, Russia, France and Germany—were preparing to offer formally their friendly assistance to the speedy conclusion of an understanding. The pourparlers between Wu Ting Fang and Tang-Shao-Yi opened yesterday with surprising smoothness. It is unmistakable evidence, however, that the continuation of Manchu rule, even as concerns the imperial throne at Peking, is considered unlikely by either side. Yuan-Shi-Kai is evidently prepared to concede the ending of the dynasty, although hoping to retain the imperial form of government, possibly with the present emperor designated as the first ruler of a new Chinese dynasty and himself as regent. If there is to be a republic Yuan will be the first president. "Blood and fire everywhere" is the next item in 1912, "particularly at Best, Toulon, and Paris." Conspiracies, treacheries against the state, foreign gold, assassinations, fierce riots, epidemics, floods and possibly total ruin will come to Paris. "The calamities will be by no means confined to France. Spain will have its conspiracies and fugitives, but the royal family is saved." After 1912 there will be no Hohenzollern, and no dominant Prussia. The Kaiser's days as emperor are numbered. England also is menaced by an evil destiny. Switzerland Boycotted. Paris, Dec. 20.—The motor clubs of Europe have declared a boycott on Switzerland because two Swiss cantons—Grisons and Uri—forbid motoring. The canton authorities have always been unfriendly toward motorists, and if the quarrel continues long the mountain resorts will be hard hit. Recently a party of 200 German motorists, stopped by floods in Switzerland, and unable to return to their own country except by routes through Grisons and Uri, were forbidden to motor through and had to submit to having their cars dragged by horses and oxen.

## WOMAN JOINS LEE CAMP.

### Captain Sallie Tompkins Only Confederate Officer.

Richmond, Va., Dec. 20.—Announcement is made that Capt. Sallie Tompkins, the only woman commissioned as an officer in the Confederate military service, has been elected a member of Lee camp, Confederate veterans. Miss Tompkins established and maintained at her own expense the Robertson hospital, where 1,300 wounded and sick Confederate soldiers were treated between July 1st, 1861, and June 1st, 1865. President Davis commissioned her a captain of infantry. Plenty of holly at Purdy's.

## FOR FORGING WAY INTO BELOVED'S HOME.

### Declares He Spent \$20,000 on Girl in Three Years.

St. Louis, Dec. 20.—When Murray Morley, of New York, a mining stock broker, with the Oscar A. Turney company, was arraigned on a charge of disturbing the peace of Mrs. Besse Quigley, he told Judge Sanders that he had spent \$20,000 on Miss Edna Hayes, daughter of Mrs. Quigley, within the last three years. Mr. Morley went to Mrs. Quigley's home the night of Dec. 8th to see Miss Hayes. Mrs. Quigley would not let him in. He broke the glass in the door and forced his way in. Judge Sanders fined him \$25 and costs. "I make from \$1,000 to \$1,700 a month," said Mr. Morley, "and I have spent it all on Miss Hayes." Mr. Morley admitted that he was married and had a wife and three children, but refused to say where they were living.

## "PROPHETESS" CALLS 1912 "BLACK YEAR"

### Paris Woman Foretells Long List of Disasters for France and Europe.

Paris, Dec. 20.—One long vista of catastrophes, is all that Mme. De Thaux, the famous Paris "prophetess," can see in the approaching year. She stated that 1912 is "The Black Year," and predicts for humanity practically every misfortune in the calendar. War will come at the end of the year, when the French armies will go forth. There is just a chance that the cataclysm may be postponed, till 1913, but it is absolutely certain to come then. It will be so great that "it will not only turn Europe upside down, but other continents as well, and particularly Asia. We shall reach the proxyman of the peril when the earth quakes at home. We shall be at the end of our orbits when the elemental substances, particularly milk, are lacking. "There is a hard winter in prospect, a muggy spring, a heavy summer, and a bitter autumn." There will be most frightful storms and the wine will be second-rate. "Blood and fire everywhere" is the next item in 1912, "particularly at Best, Toulon, and Paris." Conspiracies, treacheries against the state, foreign gold, assassinations, fierce riots, epidemics, floods and possibly total ruin will come to Paris. "The calamities will be by no means confined to France. Spain will have its conspiracies and fugitives, but the royal family is saved." After 1912 there will be no Hohenzollern, and no dominant Prussia. The Kaiser's days as emperor are numbered. England also is menaced by an evil destiny.

## RATFIES ACT

### Of President Taft by a Solid Vote.

## U.S. SENATE APPROVES

### ABROGATION OF THE TREATY WITH RUSSIA.

### All Unanimous For Termination of Pact—Debate on Russian Discrimination Against the Jews of America.

Washington, Dec. 20.—The senate, by unanimous vote, yesterday, formally ratified President Taft's notification to Russia of the termination of the treaty of 1832. The Lodge joint resolution reported by the foreign relations committee as a substitute for the Sulzer resolution that passed the house 300 to 1, was adopted after an all-day debate over Russian discrimination against the Jews of America. The house to-day is expected to agree to the senate measure. The resolution was adopted at 7:19 p.m. It was introduced for the committee by Mr. Lodge, of Massachusetts, as the measure couched in the language most satisfactory to the Washington administration, which sought to avoid giving offense to the St. Petersburg government. The final action came after two substitutes had been voted down. It was the climax of a notable proceeding in the chamber which guards jealously its traditional powers to make and break treaties. All through the symposium of views to which many senators contributed throughout the day, however, there were citations of historical instances of treaty terminations by executive act. The Russian discrimination, they were unanimous for the termination of the treaty, but showed a wide divergence of views as to the manner in which that act should be accomplished. Every senator who spoke voiced his advocacy of congressional action to meet the Russian discrimination. They were unanimous for the termination of the treaty, but showed a wide divergence of views as to the manner in which that act should be accomplished.

Justice Fiddell, at the non-jury sittings, of the assize court, in the case of J. M. Stomess vs. the Anglo-American Fire Insurance company, of Toronto, with A. B. Cunningham as third party, held that the company was liable for \$2,000 insurance on the buildings of the plaintiff destroyed by fire at Westport, and that A. B. Cunningham was not liable for any of it. The point on which the judge reserved judgment was as to whether Mr. Cunningham should bear a portion of the cost of the case. Not long since an English gentleman who made on a ranch near Medicine Hat, visited Brookfield, eight miles from Truro. In conversation one day with Mr. Benjamin, a merchant of that place, he expressed himself as tired of the west and declared his desire to settle down in the east.
