TO UNITED STATES OF CANADIAN PAPER AND PULP.

Provisions of Reciprocity Agreement Adopted at Washington Are in Force.

Washington, Dec. 22.—It is likely that the United States customs court will be obliged to settle the question over the payment of duty on wood pulp and print paper made from wood cut on unrestricted land in Canada.

Until further notice collectors of customs will continue to collect the former rate of duty upon wood pulp and print paper from foreign countries.

President Taft and his advisers feel that there is a question whether congress, in enacting the Canadian reciprocity law, actually intended to make section 2 of the act operative independent of the fate of the rest of the measure.
