WAS SICK THIRTY YEARS

Bowie, Tex.—The remarkable case of Mrs. S. J. Embury, who lives near here, is attracting attention, on account of her restoration to health after many years of suffering.

She tells of it in a letter as follows: "During the past thirty years I have suffered greatly from nervous troubles and my health was badly run down. Lately I learned of your cod liver and tonic, Vinol, and began taking it.

"I have used several bottles and improved so fast that I at once recommended it to two friends who were in poor health. My case was complicated but Vinol did wonders for me. Every woman who suffers from nervousness and weakness should take Vinol and recover her health.

It is plain that a remedy that will overcome a chronic, random condition like this is just what weak and sickly men, women and children everywhere need. If you want to be strong and healthy again take Vinol, on our positive promise to give back your money if you are not satisfied. Mahood's drug store, Kingston, Ont.

A Sad Case This

Twelve-year-old Lad Cannot Read or Write.

A sad case came under the notice of J. C. McConachie, agent for the Children's Aid Society, that of a boy about twelve or thirteen years of age, who only spent a few days at school and who of course cannot read or write.

The lad was brought to the city on Saturday, from Bedford, where he has been working for a farmer. He was taken to the General hospital for treatment, as he has been quite ill, although his illness is not of a very serious nature.

The lad was at the police station for a time before he was removed to the hospital, and while there, he stated that he was born in New York, and that he only went to school a very short time.

The youngster could hardly keep back the tears, when he said that his people would not allow him to stay at school. The lad was very poorly dressed. While he is in the hospital his case will be investigated and an effort will be made to have the boy given a proper education.

The pipes are gum mounted, and form a handsome gift. Mr. Fegg thanked the committee in a neat little speech.
