Guarding Against Typhoid Fever. Ottawa Citizen.

Four hundred officers and men of a National Guard regiment in New York have submitted to an experimental inoculation to guard against typhoid fever. The experiment is being made under the auspices of the war department, and each man will be inoculated three times, with intervening periods of ten days. It is claimed that ninety per cent. will suffer only a slight soreness in the arm, while the others will suffer from fever and chills and may be confined to bed for a day. It is supposed to render those inoculated immune to typhoid. Experiments of a similar kind were tried on the regular troops during the mobilization at San Antonio early last summer, but the results were much more uncomfortable than the prospects held out to the New York militia. In the case of the latter the inoculation is purely voluntary, and its result will be watched with considerable interest as a complete record will be kept of each man.

Training in the Colleges. Canadian Courier.

It seems strange that in Canadian colleges so much attention should be bestowed upon the mind and so little upon the body. In the Royal Military College at Kingston physical training is made of prime importance, and the young men who graduate from that institution are physically and mentally superior to the average university student. The M.C. graduates sometimes have a touch of snobbery which is not wholly pleasing, but the contact with the rough-and-ready world rapidly removes any portion of this which is desirable.

Sir Wilfrid Laurier speaks at Montreal to-night.

What Makes You Tired?

So Tired That Even Sleep Fails to Restore.

There Are Poisons in the Blood That Can be Removed by DR. CHASE'S KIDNEY-LIVER PILLS

You get tired. That is only natural, whether you work with brain or muscle. But when you are not restored by a night's sleep there is something wrong. The process of living is something like the burning of a fire. When the nerve cells are consumed by the activity of life and work there is left in the system an ash in the form of poisonous waste matter. These poisons in the system cause pain and give rise to feelings of fatigue.

Nothing will so quickly sweep these poisons from the system, as Dr. Chase's Kidney-Liver Pills. The liver is quickened into action, the bowels move regularly and the kidneys take on new vigor and activity.

The blood is purified, the waste matter which has been clogging and retarding the organs of digestion is removed. Headaches and backaches disappear, the appetite is sharpened, digestion improves, and you feel fine in every way.

A single box of Dr. Chase's Kidney-Liver Pills, at a cost of 25c., will convince you of the promptness and certainty with which this great medicine cleanses the filtering and excretory organs and restores to health and vigor the whole digestive system. One pill a dose. 25c. a box, at all dealers, or Edmondson Bates & Co., Limited, Toronto.

AN OLD RESIDENT DEAD.

John McMahon, a Well-known Contractor, Passes Away.

Early Tuesday morning, John McMahon, one of the oldest residents of the city, passed away at his home, corner of Wellington and Karl streets, and his death was a great surprise to all his friends, as even at his advanced age the old gentleman was hale and hearty. On Monday last he had dinner with his son, Andrew McMahon, Wellington street, and on Tuesday he was as well as usual. Wednesday he had an attack of bronchitis, and the disease was too much for his constitution. He gradually sank and passed away at two o'clock, Tuesday morning.

The late John McMahon was born in Kingston eighty-two years ago, and had lived in the city all his life. It was for many years one of the leading contractors of the city, and retired a number of years ago. He is survived by his widow. Five years ago the aged couple celebrated their golden wedding.

There are eight children living: Andrew, of T. McMahon & Co., this city; Mrs. W. A. Mitchell, also of this city; John, of Kansas City; Mrs. John Bute, of Houston, Texas; Mrs. (Dora) Coy, of Vancouver, B.C.; Allan, of Calgary, William, of Winnipeg, and A. J., of Texas.

The aged gentleman was a Presbyterian in religion and a member of Chalmers church. He also belonged to a number of fraternal societies. In politics he was a conservative.

WAS GIVEN TWO MONTHS.

This Will See Poor "Tom" Rush Over Cold Weather.

Poor "Tom" Rush looked rather lonesome in police court on Tuesday morning. He was the only person in the prisoners' dock. Drunkness was the charge, and he pleaded guilty.

"I just had a few drinks, not many," was the way he put it to the magistrate.

"Yesterday was a bad day for you to get knocked out in this fashion," remarked the magistrate. "We don't want to lose you. I will make it two months in jail, and this will see you over the cold weather at any rate."

And "Tom" was led away. Yesterday he drew his pension money, amounting to about \$10, and when arrested he had less than \$2 left.

As he had the funds "Tom" ordered a good meal before he left the police station for jail, and also paid his way to the jail in a cab. He was minus an overcoat, and while he had the money he had no intention of allowing himself to suffer.

THE PRIMARY MISSION

Of the Stage is to Teach, Says Fiske O'Hara.

That the primary mission of the stage is to teach is the opinion voiced by Fiske O'Hara, who appeared in "Love's Young Dream," at the Grand last night. He says that as long as it remained true to this fundamental principle it would merit success. To-day the finest productions the world had ever seen of Biblical drama, historical and semi-historical were being presented, which, unquestionably, had a far-reaching value.

At the present time Mr. O'Hara is engaged on a manuscript which he is writing dealing with ancient Irish music.

A FINE PLAY

Was Presented at Grand Opera House Last Evening.

The Grand Opera House last evening held well satisfied auditors as they watched the unfolding of the Irish drama, "Love's Young Dream," as presented by a capable company. Fiske O'Hara, of course, was the centre of attraction, and he proved to be a star of merit. He had the free, rollicking style of the Irish race, full of wit and humor, and his songs were well rendered, eliciting much applause. The scenery was very fine; several climaxes were quite thrilling. Should Mr. O'Hara return he would find a big company to welcome him.

Intercollegiate Assault-at-Arms.

The date of the intercollegiate assault-at-arms will either be Feb. 17th or 24th, possibly the latter date. This will mean that the Queen's assault will be held either February 19th or 17th. The intercollegiate assault-at-arms will be held at Toronto this year; Queen's will have it next year, and Mell in 1914.

Cold Weather Results.

While Jack Frost held sway here for two days, he did not, all to leave reminders that he had been here. Frozen ears, toes, cheeks and fingers are still being nursed. Had the people been accustomed to the extremely cold weather they might have been more careful to protect themselves against it.

Due to Carelessness.

The plumbers are still busy with frozen pipes. The frost enters and often does not freeze up for two or three days, so the plumbers are called in days after a cold spell. They report that a great deal of the trouble is due to carelessness on the part of householders.

A Gift of a Fur Coat.

Rev. H. G. Steers, Roslin, as made the recipient of a handsome fur coat last Thursday evening by the members of his congregation. A large company from all the appointments met at the church, where the presentation was made.

Prof. Pember Coming.

Prof. Pember, of Toronto, will be at the Randolph hotel on Monday and Tuesday, January 15th and 16th. All ladies should visit this display. Bald men should see the Pember-ventilated lightweight toupee. Read the advt. on another page.

Passed With Honors.

Miss Margaret Evelyn Topping, Parkham, has passed with honors in the junior section London College of Music, London, England, taking 82 per cent. in her examinations.

Dr. Bosch's Letter.

The travel letter of Dr. Bosch, in which he describes Norway, was crowded out to-day; it will appear in Wednesday's issue.
