

### CURLERS ARE BUSY

(Continued from Page 1)  
tell, tell behind their usual record, and the Scotsman won out by a good margin, but as the Scotsman will play at Rockwood this afternoon the men from Hunter's Bay will have another chance to gain a victory and will do their best to turn the tables. Although defeated Rockwood put up a game fight.

Napanee and Brockville gave the visitors a great run, the former making a 10 to 10, while Brockville nosed out a victory of 15 to 14. Both games were keen all the way through.

Colborne gave the Scotsmen quite a proposition but the visitors managed to pull out on top of a 9 to 11 score. But it was "some game" at that.

Belleville was in fine form and took the scalp of the Scotsman by a score of 20 to 11, and thereby were able to give a big boost in the total score.

The Scotsman handled the stones in regular veteran style and many were the warm compliments paid to them by the critics of the game.

Altogether, the series was a great success and the first night of the Scotsman's visit to the local curling rink will go down into history as one of the big nights of the season.

Being the fact that 157 teams were late Napanee and Colborne were unable to start on time, but when these two teams arrived at the rink they lost very little time in getting into line. The teams made a big hit with their match around the rink, led by the pipers.

**Attracted Great Interest.**  
The games attracted one of the largest crowds that ever assembled in the curling rink, to witness a match, and in each of the matches the interest was at fever heat. The ice was in almost perfect condition, thanks to the weather, and the arrangements made were all O.K. It was midnight when the matches were finished, Belleville being the last to wind up the series.

**Notes of Interest.**  
The pipers were on the job during the evening, and did their share towards making the evening a lively one. The Scotsman, watching the play had the floor keep still while the pipers had the floor.

Several of the visiting curlers who were not booked for last night's games attended the hockey match in the covered rink, and enjoyed it very much.

Members of the Kingston Curling Club, with Prescott, and Eastern Hotel (Brockville), are having their innings with the visitors to-day.

The visiting Scotsman stated that Kingston's rink was the best they had ever played in. Thank you, boys.

After the games refreshments were served in the club's quarters.

"A fine, healthy looking lot of gentlemen," was the general comment heard about the Scotch visitors.

The curlers were more than pleased with the lighting of the rink. "Certainly the best lighted rink we ever played in," was the general comment.

Some of the Napanee players returned home on the night train, but some remained to see the sports, to-day.

Among the outside visitors who are in the city for the occasion are: C. W. Wright, of the Hamilton Thistle Club, president of the Ontario Curling Association; J. A. MacFadden, of the Toronto Granite Club, secretary of the Ontario Curling Association; also H. G. Willis, government representative, accompanying the curlers.

Everyone was well satisfied with all the arrangements for the games, etc. The programme was well mapped out, and everything was carried out like clock work.

"What a Your number, Sandy?" Every member of the visiting team, with members of the local clubs, are wearing badges with a small button, on which there is a number. The numbers reach to 290.

**Doings on Saturday.**  
There were no games played on Saturday morning, the time being given over to the visitors for sight-seeing. Members of the party were taken around the city, and shown the different places of interest.

At one o'clock on Saturday afternoon, the visitors were tendered a luncheon at the city hall after which short addresses were delivered by W. B. Kennedy, M.P., and Prof. John Watson, of Queen's University.

At three o'clock the curlers returned to the curling rink, where the games in the schedule were proceeded with. After the games to-night, there will be a "smoker" with an impromptu programme, and at 11.50 o'clock, the visitors will leave for Peterboro.

THE DENBIGH COUNCIL.

Denbigh, Jan. 18.—The municipal council for Denbigh, Abinger and Washby, for this year held their first meeting on Monday, the 18th inst., and after taking the required declarations of office, and qualifications passed by-laws for the appointment of municipal officers required. Paul Stein enters on the 27th year of office as town clerk. John Brown was appointed assessor, and Charles Both and John Shoulters auditors. Dr. J. Charles Mikel, of Frankford, has been engaged as principal of the village school, and school re-opened last week after a rather long vacation, caused by the scarcity of qualified teachers and the inability of the school board to get one having the required qualifications.

F. H. Crankshaw had the misfortune to fall on his barn floor from a considerable height and to hurt himself badly. He is improving. John Irvine, engaged in school teaching in the northwestern provinces for several years, has arrived home to spend the winter with his parents, Mr. and Mrs. James Irvine, Leslie Fox, now of Killam, Alta., a former resident here, is also spending a couple of weeks in the vicinity visiting old friends. **MY LADY GLEAMS AND GLITTERS IN HER NEW COSTUMES.**  
Though touches of gold and silver are kept rather subdued in tone by veilings of chiffon, or by a tarnished finish that is extremely fashionable, diamond-embroideries and trimmings, and beaded effects make the new gowns very brilliant. This gown of sea green chiffon over white satin is embroidered with rhinestones and pearl beads, and the navy, cravat and small hat which accompany it for restaurant wear, are of gold tissue braided with sea green and gold cord, and trimmed with shank fur. Gold lace and gold tassels add extra richness to the hat. These tissue restaurant outfits are effective and attractive. With them long silk gloves are worn, these gloves being of pale green silk embroidered in self color to match the frock.
