

**THE SPINSTERS BALL**

IT WAS FINE EVENT IN THE CITY HALL.

There Were Many in Attendance and a Royal Time Was Enjoyed—Lean Year Dances and Fine Cotillion.

On Monday evening the city hall was the scene of a particularly smart and perfectly managed ball, given by the spinsters of Kingston. The hall looked so bright and fresh from its recent decorations that no amateur efforts were necessary to make it a perfect setting for the brilliant gathering. The halls and stairs were turned into cosy sitting-out places, and were very popular during the evening. The batons, looked particularly attractive in their handsome suits of black broadcloth, the dainty pink bouffonniere, giving the needed touch of color, and they graciously received the guests after the entrance to the hall. The patrons were Col. A. B. Cunningham, Prof. Iva E. Martin, Prof. P. G. C. Campbell, Capt. L. Russell Hale, W. F. Nickle, J. H. Bickell, Col. J. H. V. Crowe, P. P. Stevenson.

The first half of the evening was devoted to fifteen leap-year dances, and the second, to a cotillion. Supper was served at eleven o'clock, and caused much fun and merriment as the leap-year spirit was carried out, and the ladies waited on the gentlemen. The long supper table, which was arranged in the corner of the city hall, was decorated with quantities of pretty daffodils, gracefully arranged in a brass basket, and was aglow with many flickering candles. After supper the cotillion was danced and was a welcome change in the usual routine of the dance. The committee is to be congratulated on the very successful result of their efforts, as the arrangements were perfect. The first third, and fifth numbers of the cotillion were favor dances, and the popular dancers who were fortunate enough to wear these dainty favors looked very gay and festive. The first half of the second figure was very pretty, when partners were roped together with brightly-colored streamers and driven to meet each other. The second half of the same figure was a candle dance and entirely different from the first, the fortunate one to secure a partner being the first to blow out the candle. The fourth figure was the maypole, and was most effective. The sixth figure was most amusing, as the gentlemen with their feet tied together had to hop to their partners and the ladies were compelled to search for their partners' blind-folded.

The last figure which was a confetti dance, included everyone in the cotillion and brought to a close one of the jolliest of dances. It would be hard to say who was the beau of this leap year ball as the girls were very impartial in their attentions, and it was unanimous opinion of all that they made very perfect hostesses. The guests included Col. and Mrs. J. H. V. Crowe, Col. and Mrs. A. B. Cunningham, Col. and Mrs. H. R. Duff, Col. and Mrs. R. S. Kent, Col. and Mrs. Hunter Ogilvie, Col. and Mrs. Frank Strange, Col. and Mrs. T. Burchill Wood, Col. and Mrs. W. D. Gordon, Col. and Mrs. Gwynne, Major and Mrs. J. ## To Unclog The Pores Remove Stifling Skin

"Clogged pores are the cause of many complexion difficulties," according to Dr. Herman Ward. "This condition makes the skin coarse in texture, and interferes with elimination of waste matter, producing a muddy or blotchy complexion, eruptions and other defects."

To open and cleanse the closed pores there is nothing more effective than ordinary mercerized wax, used as you would cold cream, but not rubbed in. It should be applied at night and washed off in the morning. Mercerized wax, to be had at any drug store, will also remove the effects of the condition referred to. That is, it removes the undesirable complexion itself, with its disfiguring marks. Possessing a peculiar absorbing power, it flakes off the soiled-in-in minute particles, but so gradually there is no irritation or inconvenience. It is recommended in preference to cosmetics, as the new complexion it reveals is a perfectly natural one."

## WELCOMED THEIR PASTOR.

Reception to Rev. J. W. McIntosh, of Cooke's Church.

The Presbyterians, Guild of Cooke's church gave their new pastor a formal reception at the regular meeting of the society on Monday evening. Rev. J. W. McIntosh gave an address on the possibilities of the young. The programme consisted of solos and readings by Mr. Muckler of Queen's; Mr. Johnson, Miss Richards, Miss Ober, H. W. Newman. The accompanists were Miss Walker and Miss Newman. The guild has taken the responsibility for the appointing ushers for the church, and the following were appointed: Donald Parkhill, Frank Kiel, Melville Arnell and William Cleenan.

"I always enjoyed coffee for breakfast. The day seemed lost without it. But in time I began to experience bad results from its use." (Tea is just as injurious because it contains the same drug—caffeiné—found in coffee.) "I grew very nervous and lost flesh and finally was prostrated by a complete nervous breakdown. Then I was compelled to abandon the use of coffee."

"My whole family, children and all, drink Postum, and we all thrive and keep healthy on it. It is to us a delightful drink, delicious and tempting and with none of the harmful effects that usually followed the use of coffee. The choicest brands of Java and Mocha, offered free, would not tempt us to quit the use of Postum."

**When the Nerves Cry—**

Look to the

**Tea and Coffee**

The cry may be in some one of many ways—Trembling, Sleepy in the day time (comes from stomach) Headache, Dyspepsia, Bowel trouble, Heart palpitation, and even Pains in various parts of the body originate in a disordered nervous system. Such a condition of the nerves may be produced from various causes. It is VERY OFTEN brought on by TEA AND COFFEE.

If you don't heed the cry (Nature's hint) you may be sure the trouble will get worse, and not better, until you either quit the cause, or you develop fixed organic disease that may carry you down.

It is the finest trade possible, to quit TEA AND COFFEE, and observe the result.

Health is the most exquisite fun on earth.

It is easy to quit tea or coffee when you have choice, well made.

**POSTUM**

a delicious hot beverage with a deep seal brown color which changes to a rich golden brown when cream is added. Then you have the crisp "snappy" flavor all its own. The nerves are relieved of the old hurt of the poisonous "Caffeine" of tea and coffee and in its place you feed the system on the strong food elements in Postum which help to quickly rebuild the worn out and exhausted nerve and brain cells DESTROYED BY TEA AND COFFEE.
