SICK HEADACHE, DIZZINESS, TORPID LIVER, CONSTIPATION—CASCARETS.

Sick headaches! Always trace them to lazy liver, delayed fermenting food in the bowels or a sick stomach. Poisonous matter instead of being thrown out, is reabsorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, awful throbbing, sickening headache. Cascarets remove the cause by stimulating the liver, making the poison move on and out and purifying the blood. The effect is almost instantaneous. Ladies whose sensitive organisms are especially prone to sick headaches, need not suffer, for they can be quickly cured by Cascarets. One taken to-night will straighten you out by morning—a 10-cent box means a clear head and bright face for months. Don't forget the children—they little insides need a good, gentle cleansing, too. Children gladly take Cascarets because they taste good, never gripe or sicken.

with them on Sunday evening last. Miss Margaret McCullough spent Thursday last with Miss Mary Traynor. How Dining Cars are Supplied. The travelling public seldom or never give a thought as to how or when the dining cars are supplied with everything the season requires. They are often heard to express themselves on the excellence of the different viands, but never give it a thought of how it reaches the table. The Canadian Pacific have at a considerable expense equipped new supply depots at Vancouver and Winnipeg. The latest models of mechanical refrigeration enable the department to keep in perfect condition the choicest supplies from outside markets, for example, midwinter fruits, vegetables, etc.

A refrigerated store-house has been erected at Sicamous Junction, in which are gathered and stored for the winter season the finest fruit and vegetables produced by British Columbia. Two of these are at the present time featured on the menu cards in the west—"Apples from the famous Okanagan Valley" and "British Columbia Championship Potatoes" (which won the \$1,000 Championship Cup at the Irrigated Land Show in New York, November, 1911).

The company has opened bungalows for the accommodation of its dining car employees at lay-over points, furnishing them with sleeping quarters, baths, recreation rooms, etc., and making them at least as comfortable as they would be at home. These facilities ensure the patrons of the company being served by waiters in first class physical and sanitary condition, and in addition, every dining car employee is required to undergo, periodically, a medical inspection, and to surrender a satisfactory certificate.

Provoat, Brook street, has received all his fall and winter goods for his order clothing department, also in ready-made clothing and gent's furnishing department; they are all well assorted with new goods. Here is a New Kind of COFFEE. And We Give You A Pot To Make It In—Free. To get to the heart of the coffee question, you must do as we did—get to the heart of the coffee berry. The coffee berry is protected by Nature from the insect world, by a tough inner shell or coat. This shell contains tannin and other bitter substances. It is this shell, roasted and ground up with ordinary coffee, that causes indigestion, headaches and other ill-effects so common with coffee drinkers. Yet there is no other beverage in the world so thoroughly wholesome, healthful and delicious as good Coffee when properly made. Dalton's French Drip Coffee. It is this good, wholesome, delicious coffee. It contains no chicory and by our special process of grinding, every particle of the bitter tannin-bearing shell is removed. We take out all the heart—the fiber—the aromatic essences that mean so much to coffee-lovers. The Percolator, or French Drip Process, is the only way to make really good coffee. We have secured patents at last for a practical, economical, reliable French Drip Coffee Pot. We will give it to you free so that you can hear—see the French Drip Coffee as it should be made. Read our offer. We have put up Dalton's French Drip Coffee in two blends DALTON BROS. TORONTO. Sold in 25c. and 50c. tins. If, by any chance, your grocer is unable to fill your order, write us and we will see that you are supplied promptly.
