Here's a Ford Model T Touring Car

Handsome---Foredoors---roomy---up to the minute in desired details, strong. simple and backed with a record of five years' satisfaction--giving results in all parts of the world to more than 100,000 users. This beautiful motor car completely equipped for only \$850 f. o. b., Walkerville.

FACTS from FORD

There are "glittering generalities" in FORD advertising-It gives you the established Facts-we appeal to your judgment through Facts, not with claims and you know it's more profitable to live with a Fact than to nurse a family of "claims.

There's this about FORD advertising that makes it particularly distinctive and that is its positive harmony with Facts. It is just like FOLD Model T-reliable, positive. We tell you FORD Model T is the lowest priced quality car and im-

mediately follow with the Facts. Entire mechanical constructionof Vanadium Steel, scientifically heat-treated—the very best as well as the most expensive steel made. The only motor car with the Magneto built into the flywheel as a part of the motor; the only motor car in which there are neither dry cells nor batteries. This is also a FORD Magneto-built entirely in our own

The lightest weight 4-Cylinder motor car in the world, size, power and capacity considered-60 pounds to the horsepower. The cheapest 4-Cylinder motor car in maintenance, 25 to 30 miles on one gallon of gasoline and 5,000 to 8,000 miles on one set of tires. The simplest motor car in design, anybody of ordinary intelligence

quickly understands its every mechanical detail.

A durable car is best evidenced by there being in active operation today more than 100,000 Model FUIID cars; the most widely-known motor car, as it is seen in every part of the civilized world, it is the Universal

The FORD Model T has the lowest purchase price and running cost per mile per passenger of any motor car in the world The high quality and the low price of Model T FORD's are possible 1st: The extreme simplicity and accurately scientific design-the creation of the marvelous inventive genius of Henry Ford.

2nd: The scientifically heat-treated Vanadium Steel material. We

FACTS from FORD

emphasize this because it is vitally important that you should know the sort of materials used in the construction of the motor car you buy. 3rd: The most efficient automobile factories in the world, where the workmen are employed during the entire year building only this ONE WONDERFUL CAR.

4th: The large production- 75,000 FORD Model T cars in one year. 5th: The Ford Motor Company devotes all its energy to the production of only one car; it finances the entire business itself, and this is a mighty force in manufacture; no horrowed money, no interest-bearing bond issues, no mortgages, but everything bought and paid for with spot cash, and sold the same way.

There is intense significance in the fact that every third car sold in Canada last year was a FURD Model T. This significance increases when . You Phon that every second car made in Canada this year will be a FORD FOILD Model T cars would not be made in such quantities if estab-

lished merit had not produced the demand. if the Model T had not satisfied its thousands and thousands of users. FORD Model T car is in largest demand because of its all-round utility; it meets the motor want of everybody, from the man of lessure to the busy worker, from the doctor and professional man to the banker

Remember all FORD cars are so d fully equipped—we specify the equipment article by article. When you buy a FORD Model T you buy In addition to FORD Model T Touring Car we have for prompt de-

FRENCH WEDDING CUSTOM.

"Smart" Set Favor Discriminating Gift Bestowing. New York, Feb. 17 .- Many smart

amilies in this city are following the French customs at weddings. One of the most striking of them, e pecially from the viewpoint of an ents. Only close friends are expected to give presents to the bride. Per-"And yours " said the clerk, ad sons who are not close friends of the bride receive invitations to the wedding ceremony, but an acceptance of the invitation does not mean that the guest must send the bride a silver oup spoon, a chafing dish or some other equally foolish thing. Consequently the French bride is not delug-

ed with many small presents, a few of which are helpful and the others useless. All persons who go to thehurch to attend the wedding service, however, usually, make it a point to take coins to drop in the collection for Her Purse Was Found.

Mrs. Jeremiah Hall, of near Winted, Conn., drove in to do her shopping, but found she had lost her purse containing \$20. When her husband unharnessed the horse after returning home, something dropped from his hoof. An investigation showed it
