IN SPORTING CIRCLES

THE FRONTENACS MET A SEVERE DEFEAT.

Eatons Won by a Score of 13 to 4. Frontenacs Will Have George Richardson for the Final Game.

Toronto Eatons have a lead of nine goals against the Frontenacs in the first of the finals for the senior championship of the Ontario Hockey Association. The score was thirteen to four at the close of the battle in Excelsior rink, Toronto, on Saturday, but at half time there was difference of only one goal, four to three, but Frontenacs were not up to their standard in the second half.

The rink was packed, and the first contingent of intending spectators arrived at the doors at four o'clock, and ticket-selling was stopped early in the evening. The ice was slow and became slower as the game went on. There was plenty of speed in the game, and the pace told on the visitors, the younger and less experienced team, but it was weak goal-keeping that was somewhat responsible for their collapse in the second half. Behind the excellent man, Bill Farwell, his reputation. He is a justice of the peace and had been out in the country the previous day making a fifty-mile sleigh journey to get back in time to take the train for Toronto.

Frontenacs started out flying and scored a couple of goals to their credit. Then Laflamme came down for a well-earned score, and Rankin and Hyland put Eatons in front with two goals that might have been stopped. At half-time the tally was 4 to 3 in Eatons' favor, and it looked like anybody's game.

The second period was all in favor of the home team. They had the weight, the speed and good goal-keeping and were never in trouble. They played good hockey and strenuous, and had some luck, putting in one goal from a face in front of the net when they actually had but two men playing, the others being gathered at the far end of the ice. They added seven to their total before Crawford scored the fourth and last for Frontenacs. The teams were:

Eatons—Goal, Brinkley; point, Rankin; cover-point, W. Hyland; rover, Laflamme; centre, Meeking; right wing, Matthews; left wing, Foyston.

Frontenacs—Goal, Daniels; point, M. Hyland; cover-point, Nicholson; rover, Brown; centre, Crawford; right wing, Weicker; left wing, Bell.

Referee—H. F. Wettlaufer, Berlin; president, Ontario Hockey Association.

After the game the teams and the officials were entertained at the Bay Tree by the Eatons A.A.

The attendance was 1,350 paid, and the gate amounted to \$1,114.75, both being records for this rink.

The Frontenacs are not discouraged and are confident they can defeat Eatons here next Friday night. George Richardson will play left wing for Frontenacs, and his scoring ability is known.

Frontenac management attribute the team's defeat to the soft ice, the narrow rink and the very rough work of some Eaton players.

Hockey at Wolfe Island.

A Wolfe Island report says: In a very fast and interesting game played at Wolfe Island on Saturday afternoon the Islanders defeated Battersea by a score of 1 to 0, and with it incidentally put Battersea out of the running for the Edwards trophy, having defeated them a week ago in Battersea by a score of 2 to 0. The Islanders have certainly made a record thus far having played three games without being scored against.

The game was exceedingly well handled by Referee Campbell, of the Junior Frontenacs, who received the praise of both spectators and players of both teams.

In the first half neither team was able to break into the scoring line, the Islanders playing a careful game to hold their lead of two goals. In the last half the game started out very fast, the Battersea players determined to do or die, but they were just as strongly opposed, and it was not till one minute of time that Bulles landed the only score of the game.

Wolfe Island now enters the finals with Catarqui and Sydenham and may be depended on to make the others travel some before they are defeated. The teams: Battersea—goal, I. Williams; point, Wallace; cover, Van Luyck; rover Jackson; centre, McCarty; right wing, D. Williams (capt); left wing, Ruttan.

Wolfe Island—Goal, Card; point, W. Davis; cover, R. Davis; rover, Cummings; centre, Cosgrove (capt); right wing, Crawford; left wing, Dalles.

The game will be protested by Battersea on the ground of Wolfe Island playing two members of the Y.I.C.B.A. A meeting of the trustees of the league will be held Monday night to consider the protest.

Hockey at Palace Rink.

Two games were played at the palace rink, Saturday evening. In the struggle between the Glee and the Dramatic clubs of the Y.I.C.B.A., the Glee club defeated the dramatic artists by 18-2.

The Granites clashed with Catarqui, in a close game, neither side scoring in the first half. The game finished with a win for the Granites, by 2 to 1.

Four Kingston rinks go up to Napanee today to meet the Napanee curlers there this evening. One of the rinks will leave this evening at seven o'clock. The local skips will be Prof. Robert Laird, R. J. McKelvey, A. W. Macnaughton and T. Slater.

After the curling games at the rink on Saturday evening Queen's curlers entertained Varsity and the local club curlers to a tea in the college. Short speeches were given by the local member and also by visitors.

Collegiate vs. Regipolis.

Collegiate and Regipolis meet at the covered rink this evening in the junior intercollegiate series. Both teams are in good shape and a good game can be expected. Each team has won one game and it is a throw-up as to which will win. It is not thought that either of the teams will stand any chance against Queen's, which is a lot heavier.

"Chaucer" Elliott will be referee. (Continued on Page 3)

ESCAPE OF HAMMOND

FROM JAIL AT SYRACUSE AFTER SENTENCE.

He and Three Others, Who Were Recaptured, Fled Through the Bars With a Knife, Then Jumped Ten Feet.

James C. Hammond, who through his conversion recently at the Salvation Army barracks, gave himself up to United States Consul Johnson, on Thursday, acknowledging he was a fugitive from justice, was the leader in one of the most daring jail deliveries ever executed in the United States. After a series of communications between District-Attorney Bond and United States Consul Johnson, Hammond was taken over to Cape Vincent, in charge of Capt. Turner, of the Salvation Army, Friday, and handed over to Deputy Sheriff Kratz, who took his prisoner to Syracuse.

Upon his arrival in Syracuse, Saturday, he was taken direct to Auburn prison, to which institution he has been sentenced for six years, by Judge M. W. Ross, in the county court, Syracuse, June 10th, 1911, the day before his escape. He was charged with burglary, second degree, second offence.

Hammond was assisted in the jail delivery by Albert Adams, John J. Jordan and Charles C. Green. By some means, all of whom were locked in one tier of cells, succeeded in smuggling in the jail an old steel case knife, into which teeth had been filed. It was this knife which the men succeeded in gnawing through four separate sets of steel bars. When they reached the outside wall they jumped a space of ten feet onto the guard wall, from which it was an easy descent to the street. This occurred at three o'clock in the morning.

Afterwards, an Italian, who was invited to escape with them, but who had been afraid to make the venture, gave the alarm. Three of the men were brought back to the jail forty-eight hours after their escape, but Hammond had been at large ever since.
