THE SPORT REVIEW

R.M.C. HOCKEY TEAM LEFT FOR TORONTO SATURDAY.

Will Play McMaster on Monday Night Frontenacs and Cadets Practised on Friday Night.

The Frontenacs had a good practice at the covered rink on Friday evening with the R.M.C. cadets. There was skating on the rink from eight until ten, and after that the practices were held. Both teams are in need of practice as they have had games ahead. The Frontenacs will have one of the hardest fights of the season Monday evening. While Frontenacs are playing here, the cadets will be battling against McMaster for the intermediate honors in Toronto. The team left on Saturday and will spend Sunday and Monday in Toronto. McMaster is looked upon as being a very fast team. The cadets are without doubt one of the finest teams that have played on the local rink.

Rifle Shooting.

As soon as spring comes the rifle associations of the city will get together and make arrangements for the shooting season. Baseball Just Ahead.

Now that the hockey season is nearly over the baseball fans are beginning to wonder what kind of teams are going to play in the city league next summer. From the present outlook of things, there will be three teams represented. President Stanley Trotter is expecting the best season in local baseball history. The games will commence early in the season and more games will be played. The Victorias will be as strong as ever.

SPECTACLE FRAMES

Correctly Fitted to the Face are as Essential as Properly Fitted Lenses are to the Eyes.

A Lens should be mounted so that the centre will be exactly opposite the pupil of the eye. In any other position it will cause strain and have a tendency to produce double sight. The Bridge or Nose Piece should fit so well that wabbling will be impossible, and it should bear equally at all points.

The Right Way is Just as Easy as the Wrong.

We Fit the Frames As Well as the Lenses.
