THE ODESSA CHURCH

REV. DR. CARMAN PREACHED THE DEDICATORY SERMON.

A Very Fine Edifice Reared—The People Much Pleased—The Services Were Very Impressive.

Very interesting indeed were the dedicatory services at the fine new Methodist church at Odessa, on Sunday, Rev. Dr. Carman, superintendent of the Methodist church, was the preacher. At the morning service he spoke as follows:

"God brought them out of Egypt... according to this time shall be said of Jacob and of Israel what hath God wrought." Numbers xxiii., 23. The chart and compass directing the distribution of the nations, or movements of the people on the face of the earth is set high and firm in the clear light of the heavens.

REV. A. CARMAN, D.D., General Superintendent of the Methodist Church.

Eternal Truth the All Wise God hath well manifested His purposes concerning the races and nations of men. The vast areas of the land and the wider sweep of the seas in their wonderful configurations have, in this forethought of God, awaited the migrations of the tribes and fixed them here and there in their homes.

No principle or doctrine is more distinctly stated or more positively emphasized in Holy writ than the divine allotment and government of nations and their accountability to God in the moral order of the universe.

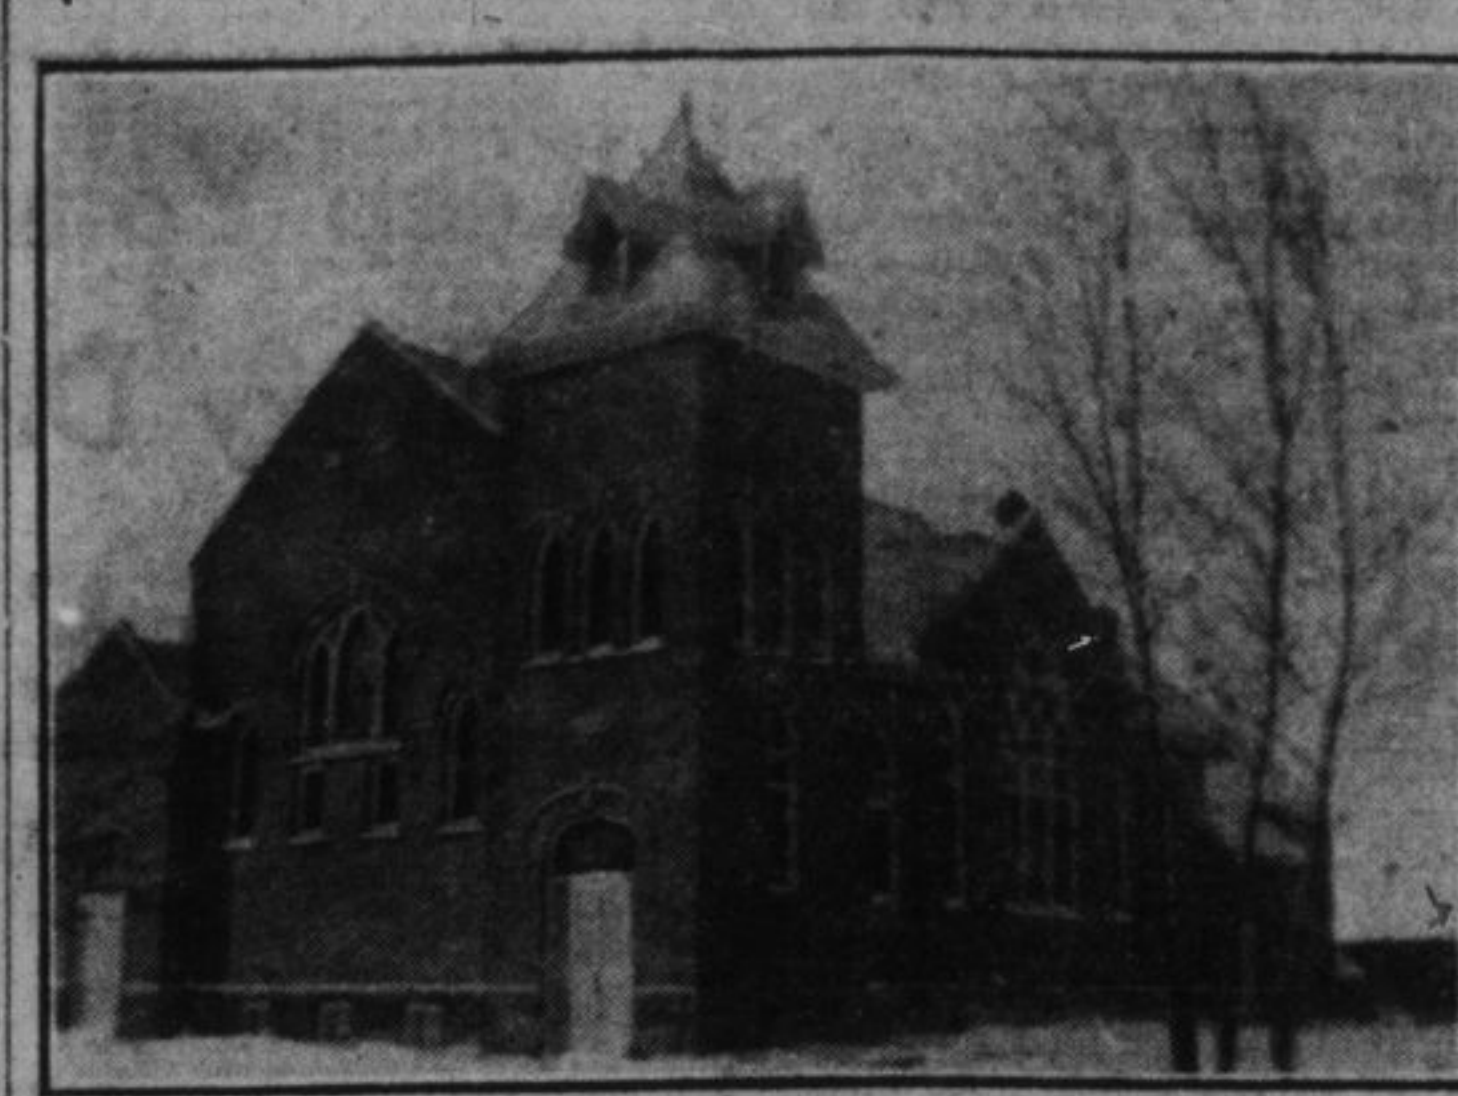

So far as Revelation is concerned both the Old Testament and the New affirm repeatedly and consistently mention these doctrines of national allotment and responsibility under the government of Almighty God.

Freedom to worship God! Pilgrim Fathers and Puritans, Anglicans and Quakers, Presbyterians and Roman Catholics embarked with eagerness and hastened to take possession of the virgin soil of the new found continent.

There was a shaking of the eagle's nest, and the bearing forth of her young upon her wings. In due time in the eighteenth century through the Palatine from Germany converted under the ministry of John Wesley in Ireland, Methodism, you may say the last of all, passed into the harbor of New York and after the Revolutionary war with the United Empire Loyalists war its onward course into Canada had spread over the royal domain.

There was a remarkable coincidence of the Province of God, a wonderful display of our Heavenly Father's wisdom and goodness in the distribution of the peoples and the provision of the moral and religious needs for their preservation and prosperity.

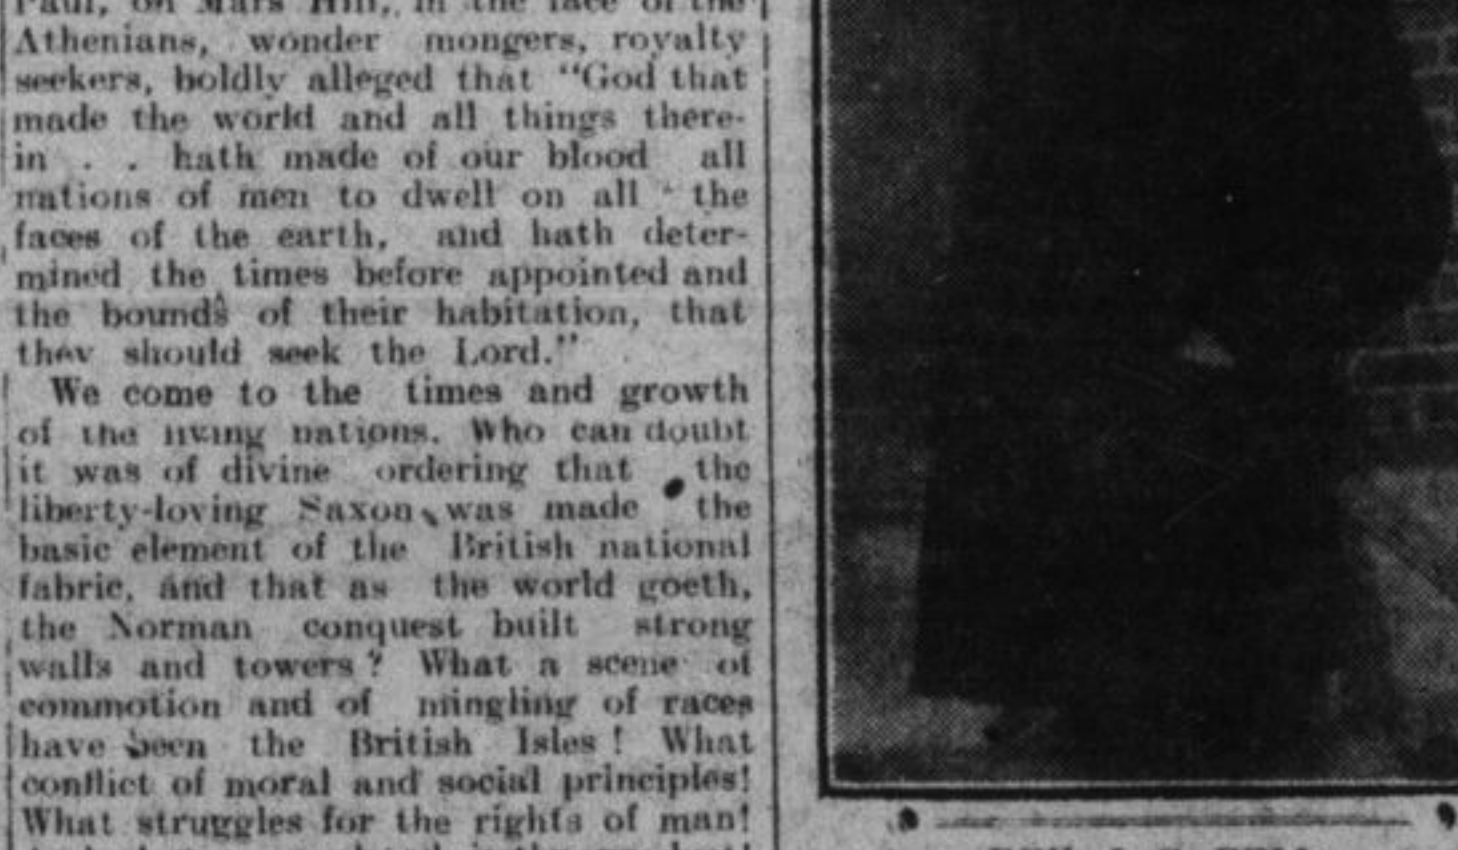

Let these Vitalizing Elements into your home; they are the simple means of keeping Nerves, Brain and Body strong, active, enduring. There is no substitute for Fresh Air, Sunshine, Happy Thoughts. Scott's Emulsion.

THE NEW METHODIST CHURCH AT ODESSA DEDICATED ON SUNDAY.

tion and let no man say this is the realm of speculation and controversy. This Jew and his well accredited bible of his own age is with us to-day in Toronto and New York. "According to this time" as our text hath it; in the light that glimmered and shone along the track of his generations. Passages of this character abound throughout his scriptures; "When the Most High divided to the nations their inheritance, when He separated the sons of Adam, He set the bounds of the people according to the number of the children of Israel."

Loose, of the Methodist Episcopal church in the United States, that urgent rider on fleet horse, (fit symbol and vanguard of the Methodist itinerancy and herald of the great salvation). In love of God and Christ and the souls of men he threaded the forests, waded through the rivers, widened its outlook and shouted victory on the brow of the mountain.

REV. J. C. BELL, Pastor of the Odessa Methodist Church.

God hath given me? God hath given us nearly thirty million of dollars worth of church property, a membership of 350,000; in Sabbath school, 200,000; and a half million of dollars in colleges and large missions at home and abroad. We have twelve annual conferences in which are 2,500 ministers and probationers. If the fathers did so much with their resources, what should we accomplish? God be praised for their consecration, energy, fidelity and faith!

A Curiosity. One day last fall, W. N. Simmons placed an ugly, green worm in a box and put it up on a shelf in his shop to await development. It was not long until the captive wrapped himself in a blanket and went to sleep. Nothing more was seen of him until last Thursday when he emerged from the cocoon, transformed into a most beautiful butterfly, with wings having a spread of nearly five inches. Its body is almost as large as that of the original worm, yet the hole in the cocoon, through which it made its exit is not larger than an ordinary lead pencil.

ADVICE ABOUT GRIP

How to Escape Its Dangerous After-Effects. With so much gripe in town this winter a few words of advice will not be out of place.

First, gripe is no trifle. Its after-effects are often very serious. Second, gripe is particularly bad on children, old people and all who are not in the best of health.

Third, gripe hangs on—takes away your energy and appetite—leaves you feeling weak and played out. That is a dangerous condition.

The best thing you can do is to build yourself up with Vinol, our delicious cod liver and iron preparation without oil. It tones up the system and makes you strong and vigorous. Read this letter from R. J. Lown, Ontario, N.Y. "I had an attack of gripe last January which left me in a very badly weakened and rundown condition. Lately I began to take Vinol and I find it strictly all right. It began to help me from the very first and now I am as well as ever. Remember, we guarantee Vinol to do just what we say—we pay back your money if it does not. Mahood's drug store, Kingston, Ont.

From Denbigh Village.

Denbigh, Feb. 29.—William Gantson, who has been away on a business trip to Ottawa, has arrived home. Hugh Pettifer, who has been away to New Ontario, for quite a while, has arrived home. Rumor says that he is going to move with his family to New Ontario shortly. Charles Both has returned from Renfrew county, where he attended several political meetings and took an interest in the recent election. Norman Cranshaw, who some years ago moved to Manitoba, is here for a month or so visiting relatives and former neighbors.

Richard Edwards, Jr., who hurt one of his hands severely in a threshing mill a couple of weeks ago, has not improved any lately, and has to make daily visits to Dr. Adams, to get the injured limb dressed. John Brown, assessor, is engaged at his arduous work. Special services will be held in the Lutheran church every Friday forenoon during Lent. Mr. and Mrs. Charles Marquardt, Hardwood Lake, spent a couple of days visiting relatives in the village. The late snow storms caused a great deal of inconvenience in this vicinity by blocking the roads, interfering with the traffic and depriving the people of the mail service for nearly a week. Miss F. Banford, teacher in S.S., No. 7, favored friends in the village with a call last Saturday, and Miss A. Glenn and Miss M. Johnson, teachers in Vanmather and Glenfield respectively, on Saturday before last.

Death of Hartington Lady.

Hartington, Feb. 29.—Again the Angel of Death has visited this village, this time carrying away a wife and mother in the prime of youth and health. On Tuesday, 19th inst., Mrs. Mary Clarke was stricken with pneumonia, and in spite of the best medical attendance, and the most tender care and nursing, the disease gained rapid headway and on Saturday morning, 17th, she died and came and other home is left desolate of a mother's love. The deceased has lived in this vicinity since her birth, thirty-six years ago, and was married to Mr. Clarke in March, 1886. She was a Methodist in religion. She was beloved by a large circle of friends who knew and appreciated her kind and noble nature. To the poor and needy she was ever a faithful friend. A most devoted mother and wife, she will be especially missed in the home, where a bereaved husband and daughter mourn the irreparable loss. The funeral, which was held on Monday, 19th inst., was one of the largest in many years. The services were conducted by Rev. J. A. Waddell. The remains were placed in the vault at Harrowsmith. The heart-felt sympathy of the entire community is extended to the sorrowing husband and young daughter, Lelia. Mrs. Clarke is also survived by two brothers, William Jamieson, of Harrowsmith, and Herbert Jamieson, postmaster and general merchant, Hartington.

The victims of the slaughter were George Alstrand, thirteen years old; Mrs. Richard Beckman; Zella Beckman, twelve; Ruth Beckman, eight; Hilda Bergstrom, thirteen; Oscar Bergstrom, twelve; Hilda Nelson, sixteen; George Vanto, teacher at a mission school at Sian Au.

Talked on Mother-in-Law. New York, March 2.—Lockefeller's Bible class, which is studying matters matrimonial in mid-week meetings, last night took up the question of mother-in-law. Speakers agreed it was best to discourage the visits of mother-in-law rather than let her wield any influence on a new home.

A pretty wedding took place, Wednesday, at the home of Dr. and Mrs. J. A. Lockheed, Hamilton, when Miss Laura Adele Lockheed, daughter of the late Dr. and Mrs. J. S. Lockheed, of Centerville, Ont., was united in marriage to Ernest Henry Howson, of Peterboro.

Mr. and Mrs. Stewart Paul, of Newmarket station, are removing to Nanapanee and will be greatly missed.

FATHER WHO SMOKES.

Absurdity and Injustice of Denying Son Same Indulgence. Charles H. Gibbins, in March, Centerville, Ont., to tell a boy not to do what he constantly sees his father doing as advice too absurd to need serious consideration. I have seen a father sit in a room with a window a room in which all the windows were shut and advise his boy not to smoke until he was twenty-one. In breathe smoke-laden air into absorb some of the nicotine, raises even of mild poisoning have resulted from this alone, and hence to receive some of the stimulus it contains. I knew an opium-smoker who had two black-and-tan dogs which he kept in the room with him while smoking. After a time they became so accustomed to it that they exhibited the same symptoms as the smoker when deprived of it—running at the eyes, sneezing, excessive nervousness. They grew to look forward to his smoking as eagerly as he did, and all through breathing the smoke.

In a milder way a boy gets something of the exhilaration of tobacco and acquires a desire for it when he breathes atmosphere charged with his father's smoke. And besides the same physical incentive, he has something the dogs did not have—intellectual curiosity to see what the sensation of smoking is like. Thus the father who fills his house with smoke has in a threefold way created an appetite for tobacco in his boy; first the boy has a disposition to smoke because his father does, second, because he is curious, and third, because his respiratory passages are already craving the excitation to which they have become accustomed. The smoking father, by forbidding his son to smoke, virtually drives him to sneak around the corner for a cigarette to experiment with on the sly.

A quiet wedding took place in Nanapanee on Wednesday, when Lyman H. Brown, Sandhurst, was married to Miss Pearl Leaver, Nanapanee. Bernard Brown acted as groomsmen, and Miss Ida King performed the duties of bridesmaid. William Griffith, London, Ont., arrested in Windsor last week, charged with bigamy, was sentenced to one year in Central prison.
