

HER SKIN SEEMED ON FIRE

Every Other Treatment Failed But "Fruit-a-lives" Cures

GRANDE LIGNE, Que., Jan. 2nd, 1910.
"My wife was greatly distressed for three years with chronic eczema on the hands, and the disease was so severe that it almost prevented her from using her hands. The doctor gave her several ointments to use, but none of them did any good. He also advised her to wear rubber gloves and she wore out three pairs without getting any benefit. As a last resort, I persuaded her to try "Fruit-a-lives", and the effect was marvellous. Not only did "Fruit-a-lives" entirely cure the eczema, but the asthma, which she suffered from, was also completely cured.
"We both attribute our present good health to "Fruit-a-lives". M. JOUBERT.
"Fruit-a-lives" will always cure Eczema or Salt Rheum because "Fruit-a-lives" purifies the blood, corrects the indigestion and constipation, and tones up the Nervous System.
"Fruit-a-lives" is the only medicine in the world made of fruit juices and valuable tonics, and is the greatest of all blood-purifying remedies.

Eczema Always Burning and Itching

Mr. N. Ostiguy.

Used Box of Cuticura Ointment and It Completely Disappeared.

"I have suffered from eczema for two years. The trouble began on one arm where there appeared a red spot of about a five-day size, and it always widened, all the time itching and burning. The first day I didn't care, but seeing that it gained in size, I tried Cuticura Ointment, but both without success. It was always burning and itching. Having seen in the newspaper the advertisement of the Cuticura Remedies, I tried a little, and seeing that it improved, I bought a box of the Cuticura Ointment. After having used one box, my eczema completely disappeared. The Cuticura Ointment should be kept in every home." (Signed) N. Ostiguy, Manville, Que., Jan. 14, 1911.

The Late Mrs. Wm. Kinney.
Elizabeth Cowan, relict of the late William Kinney, passed away at the home of her daughter, Mrs. Spencer Anderson, North Marysburgh, on Saturday. About four years ago her husband died and since then, while still retaining her home on the farm, she spent most of the time with members of her family. Fifty-eight years ago Elizabeth Cowan and William Kinney were married, and for forty-four years they lived together on the Greenbush homestead. A family of nine, two of whom preceded their parents to the tomb, were born to them. The survivors are: Mrs. T. G. McKibbin, of Rochester; Edward, Mrs. James Miller, of Black River Bridge; Mrs. Spencer Anderson, Robert, Thomas W., manager of the Old Homestead canning factory, and John E. of Moose Jaw, Sask. Mrs. Kinney was a member of St. Mary Magdalene's church.

Miss Beattie Turner, daughter of Mr. and Mrs. J. B. Turner, Gananoque, has been selected by the medical council of McGill University, Montreal, and offered the position of nurse in charge of the operating room in the new medical building of McGill. Miss Turner's duties will include the supervision of all supplies and instruments. Only research work will be carried on.

INDIGESTION RIGHTLY CURED STAYS CURED

Not by Treating the Symptoms But by Toning Up the Stomach to Do Nature's Work.

Indigestion should not be neglected for by depriving the body of its proper nourishment it grows steadily worse. Neither stimulating medicines, which ruin the already weak stomach by making it work beyond its strength, should be used, nor "pre-digested" foods, which do not excite a flow of the digestive fluids, and by disease cause the stomach to grow weaker. Nowhere is the tonic treatment with Dr. Williams' Pink Pills more clearly useful. Its principle is to enable the stomach to do its own work by building up the blood and giving tone to the nerves. When these are once more restored to their normal health indigestion disappears and the cure is permanent. In proof of these statements we give the experience of Mrs. Paul Gannon, Star City, Sask., who says: "For more than a year I suffered with all the terrible pains of indigestion, and my life was one of the greatest misery. It did not seem to make any difference whether I ate or not, the pains were always there, often accompanied by a severe bloating and a belching of wind. I did not get any sleep at night and sometimes hardly got a bit of sleep in my misery. I tried many remedies said to cure indigestion, but they did me not one particle of good and I fully expected that I would always be afflicted in this way. At this time my brother came home on a visit and he urged me to try Dr. Williams' Pink Pills and got six boxes for me. By the time I had taken four boxes I began to improve and could eat with some relish. I was greatly cheered, and continued taking the pills until all traces of the trouble had disappeared and I could once more eat all kinds of food without the smallest inconvenience. We have since used Dr. Williams' Pink Pills in our family for other troubles. I am so firmly convinced of their virtue as a family medicine that I have no hesitation in recommending them to all weak, ailing people."
Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

VELVET FROCKS ARE RICHLY SIMPLE IN STYLE. This winter frock of black velvet has the straight, narrow lines and high belt-line now fashionable. The deep three-cornered rever, cuffs and wide sailor collar at the back are of white cut velvet and tabs of this velvet at the back give a little coat-tail effect which is very smart. Buttons covered with the cut velvet define the slash at one side of the skirt. The bust rolls back in the manner affected by younger girls this season, and the only trimming is a big, soft bow of black velvet.

TERRORISM IN IRELAND.

Lord Chief Justice Excuses Certain Witnesses Who Won't Tell.

London, March 6.—The Irish lord chief justice, speaking at the county Clare assizes, said he might be very brave sitting there, with police all around him, but was a man to be blamed for refusing to give evidence if he lived on a mountain with an enemy all around? In some parts of Ireland the people were so utterly demoralized by fear that they would not come forward to help the authorities.

Must Take the Blame.

Toronto Weekly Sun.
British opinion has become well aware of the blind alley into which Canada has got itself. The tariff of the United States excluding the products of the Canadian farm, the Canadian farmer is confined to such production as will find a market in Britain. As the old provinces cannot grow wheat profitably, the farmers of the old provinces have been driven to the wheat growing prairies of the west.
*** If immigration halts now, the manufacturers and interests of Toronto and Montreal, who were potential in the defeat of reciprocity, must take the blame.
