This lotion will freshen up and improve any complexion without giving that artificial, powdered look, it does not clog the skin pores like powder and lasts much better. It gives to the skin a smooth, velvely tone and takes away that shipy sailow look. For treating freckies and skin discolorations generally, spurmax lotion is very fine.

You should never use soap shampons, as the alkali duils and deadens the hair, causing it to become brittle, streaky and split at the ends. Canthrox produces an indescribable softness and fluffiness that one gets only from a perfect shampon, it relieves irritation and removes dandruff thoroughly. The hair will be very lustrous and you will have no trouble keeping the short hairs in place.
