**THE SPORT REVIEW**

**PRESCOTT CURLERS PLAY HERE THIS AFTERNOON.**

Finals in the Carruthers Medal Contest To-night—Has Been No Ice-boating This Winter.  
The final games in Carruthers medal series will be played at the curling rink on Saturday evening.  
The Prescott curlers will come up this afternoon to play the return game with the local curlers. The locals played at Prescott a couple of weeks ago, and were defeated, but they expect to win this afternoon.  
This will end the curling for the season unless the weather gets colder.

**Portsmouth Beavers Won.**

On the Rockwood rink, Friday evening, the Portsmouth Beavers defeated the Keepers, in a rather rough game of hockey, by 10 to 9, and thereby won the championship of the village. The Portsmouth philosopher was on hand, and among the chief rooters. He says it was a "whale of a game." For the "Hay boys," Andy Forsythe, "Ed," Dennison, and "Eddie" Kennedy put the ginger in to their team.

**No Ice Boating This Winter.**

On account of the snow on the harbor this winter, there has been practically no ice-boating. Generally there are a few thaws, if snow falls beforehand, which put the ice in fit condition for this sport, but the weather man has dealt out a different menu this season, and, except for the present thaw, there has been nothing to break the steady cold weather. Shortly after the ice took, Howard S. Folger and a few others had a spin on the harbor in their ice boats, but the snow soon fell and hardened, and it became impossible to shove the ice flyers through it. The members of the ice boating club have warmed their toes by the cozy fires of their club-house instead this season. The snow during the past few winters has made it impossible to hold any races, but a good deal of the sport has been engaged in.

**Played Very Bad.**

Mr. Douglas, secretary of the Eastons hockey team, speaking of the last game in Winnipeg said that the team played worse than they did in Kingston, and on that occasion they were pretty bad.

**Notes on Sports.**

The Toronto Lacrosse Club is advertising in Vancouver papers for players from that city and New Westminster.  
Nine of the all-star players of the National Hockey Association say that they will defy the league by playing exhibition games in British Columbia.  
Winnipeg Victorias again successfully defended the Allan cup, beating the Regina team, champions of Saskatchewan, by 9 to 3.  
Plans are being prepared for a magnificent athletic field for McGill University. A generous donation by Sir William Macdonald makes the scheme possible.  
The Edmonton Journal is not enthusiastic over the Alberta representatives in the Allan cup matches, referring to them as "the Calgary hoobs, who horned their way by sheer nerve into an Allan cup series."

**Boxing is assured for another year at least in New York state.**

The desire of Governor Bliss, to have the Pringle law repealed at this session of the legislature is not to be met. There was a hearing before the senate codes committee on Senator Saxe's bill repealing this law.

**Productions at Verona.**

Verona, March 15.—The May Festival company played to good houses last Wednesday and Thursday evenings. The passion play, "Life of Christ," was beautiful. The illustrated songs were also enjoyed. Taking it from sacred, humorous and dramatic standpoint, it was the best production ever seen here. The company is giving two-night performances at all places of importance throughout the province, and the show merits public patronage.

**WILL WRITE BOOK.**

Captain Amundsen Will Tell Story of His Polar Trip.

New York, March 16.—A cable despatch from Hobart, Tasmania, to the New York Times says Capt. Roald Amundsen announced to-day a change in the program of his future journey outlined by him several days ago. At that time, the explorer, fresh from his polar trip, announced that he proposed to continue almost forthwith to the Arctic voyage on which he started out when he left Christiania, and from which he turned back to make his dash to the south pole. Instead of taking the Fram directly around Cape Horn, and up through Behring strait into the Arctic, as then announced, Capt. Amundsen has decided to remain for a while in Argentina and there write a book, this year, telling the full story of his journey to the south pole. This does not mean that he had abandoned the plan of completing his Arctic trip, on which he is still eagerly set. He says he will finish his book and thereafter deliver lectures through Europe and America, sailing from San Francisco, where he will rejoin the Fram in July, 1913, to take her and her sturdy crew up through Behring strait and once more into the Arctic seas. The Arctic voyage, Capt. Amundsen expects, will take several years.

**Teachers Forbidden to Dance.**

Sharon, Pa., March 16.—"Isn't it horrid!" exclaimed South Sharon school teachers when they were informed the school authorities had put a ban on dancing. The school board decided, after investigation, that a teacher who attended a dance is not in good shape to instruct her classes the next morning. If any teacher attends a dance during the school term and is found out she will forfeit her position.

**Aged Preacher on Trial.**

Pittsburg, Pa., March 16.—Holding the hand of his aged wife, the Rev. J. McFarland, grown gray in the service of the public schools and the ministry, entered a plea of not guilty when brought to trial in the criminal court here for his alleged connection with the death of his former secretary, Etie Beck's Coe, as the result of a criminal operation.

**THE SPECIAL RATES**

Single Fair to All Points Both Coming to College and Going—Dramatic Club is Seeking Plays—Queen's Journal News.

The registrar has been informed by the local passenger agents of the C.P., R. and G.T.R. that the special students' rates heretofore granted will be withdrawn on May 1st. This means that so far as Queen's students are concerned after May 1st those from the maritime provinces and the west will have to pay full single fare both on coming to college and on returning home.

The sum of \$25 will be paid to any student or graduate of Queen's who hands in the best manuscript of a play of sufficient length for an evening's entertainment. This play to be accompanied with a certificate of its originality. If such play is produced by the club the additional sum of \$50 will be paid to the author.

The sum of \$15 will be paid for the best manuscript of a short play, of from twenty-five to fifty-five minutes' duration.

All plays will be judged by a board of critics appointed by the Dramatic Club from the members of the faculty.  
Word has been received from Regina of the formation of a University Club for social and literary purposes. The president is Dr. M. R. Bow, the vice-president is A. D. Anderson and S. R. Curran is a secretary-treasurer—all Queen's men. Semi-monthly meetings are to be held.  
Miss Holly Nash, of Arts '12, is in the hospital with diphtheria.  
The address to have a given before the Political Science Club on "Mining Law and Mining Protection," by Mr. Murray, of the Canadian Mining Journal, has been postponed until next term.

**Cabbage His Emblem.**

New York, March 16.—Something original in the way of party emblems will appear on the ballots at the coming primary election in this city. "A picture of a cabbage" is the official title of the emblem adopted by David Greenblatt, independent candidate for leadership in a down town election district. A duly certified representation of the emblem has been filed with the board of elections and approved. Greenblatt says the cabbage was selected as an emblem for him by one of his Irish constituents.
