

JAMES BERNEY TALKS

CONCERNING BILINGUAL SCHOOLS IN ONTARIO.

If Whitney Government Policy Does Not Suit the Orangemen Will Take Steps to Eradicate Bilingual Schools.

"If the policy of the government will not suit the demands made by the Orangemen, in these resolutions, and adopted, by both grand lodges, it will then be time enough for the Orangemen as a body to take whatever steps they may deem best to have bilingual schools eradicated root and branch, from the province."

This is what James Berney, of Kingston, past grand master of the grand Orange lodge of Ontario East, and one of the prominent men attending the grand lodge session here, today, said regarding the recent report of Dr. Merchant on bilingual schools throughout this province.

Dr. Merchant seems to assume that English can be taught successfully through the medium of French by competent teachers and under proper inspection. This may in a measure foreshadow the policy of the Whitney government in dealing with the question of bilingual schools.

"Yes," replied Mr. Berney, "the

Orangemen of Ontario East will, no doubt, consider this question of bilingual schools at their meeting, and will, doubtless, adopt a resolution, the same or similar to the resolution adopted by the grand lodge of Ontario West at London last week. If the policy of the government will not suit the demands made by the Orangemen in their resolution and adopted by both grand lodges, it will then be time enough for the Orangemen as a body to take whatever steps they may deem best to have bilingual schools eradicated root and branch from the province of Ontario."

SUFFERED A BROKEN WRIST

While Engaged in Turning Engine at Round House. John Doherty, Montreal street, while at work in the K. & P. railway round house on Saturday, met with an accident, which resulted in a broken wrist. He was engaged with a gang of men in turning an engine when the pole on the turntable slipped and Mr. Doherty, who was foremost of the gang, was crushed under the gang as they fell forward. He is consequently obliged to lay off work for a while.

In Disgraceful Condition.

The walk through the City Park, from Wellington to Barrie streets, is in a disgraceful condition, and the residents in that part of the city think that it is up to the city to have the water drained off the walks. "The city is after the people on Princess street to keep the walks clean, and I Colborne street, will leave next week think it is up to the city to keep their part clean too and give some attention to this walk, which is used so much," remarked an angry citizen to the Whig on Wednesday morning.

Marine Appointments.

W. A. McWilliams, of Kingston, formerly chief engineer of the steamer Wahcondah, has been appointed to the same position on the steamer Glenelagh.

Joseph Kennedy, of Kingston, has been appointed chief engineer of the steamer Wahcondah.

The above appointments have been made by the Inland Lines, Limited, in addition to the appointments announced a short time ago.

INCIDENTS OF THE DAY.

News Paragraphs Picked Up By Our Reporters.

All April Magazines now on sale at College Book Store.

James A. Fegg and Mrs. Fegg left Tuesday noon for Toronto, Peterboro and Brantford.

For this week, 25c. talcum powder, for 15c., at Pickering's. Phone 530.

The congregation of Calvary church has in view two or three ministers and it is expected that a call will be extended to one of them in the near future.

April Woman's Home Companion and Ladies' Home Journal. College Book Store. Open nights.

One sure sign that spring is on the way is to see the children on the sidewalks sitting down playing marbles.

No matter where a person goes these days before and after school hours he can see some children either perched on the sidewalks, window-sills or else in some door way.

April Woman's Home Companion and Ladies' Home Journal. College Book Store. Open nights.

The roads were never in a worse condition. In some places they are almost knee deep with slush and mud.

The corporation men will have their hands full to keep the crossings clear of mud and to keep the water tables clear so that the water can get off the roads and sidewalks.

THE COONTOWN MINSTRELS

Had a Rough Drive to Stella Tuesday Evening.

The local "Coontown Minstrels" gave another performance at Stella, Amherst Island, on Tuesday night. The hall was well filled and everyone enjoyed the show.

The late in arriving on account of the bad roads. The trip over on the van was one series of bumps. The first and worst of these occurred near Macdonald monument, on King street, where the van, in crossing the car track, took a lurch forward, throwing the driver clean over the horses' heads, and smashing a whiffletree. A new whiffletree was procured at Booth's wood yard, near by, and the van proceeded on its rough way.

The show was a splendid success. The end-men were greatly appreciated. The comic songs by James Garigan, Thomas Turner, Sidney Turner and Clair Smith were loudly applauded.

Other songs were sung by G. Cherry, W. Salisbury, "Jack" Johnston and S. Salisbury. Mandolin, guitar and banjo selections were played in a musical act by Sidney and Frank Salisbury and Clair Smith.

"The Coontown Minstrels" have given their fifth performance and are all ways well received.

BUSY AT DAVIS DRYDOCK.

Getting Boats Ready for Opening of Navigation.

The Davis drydock and shops present a very busy appearance at the present time. About sixty-five men are employed getting ready the boats for the opening of navigation. The work on the splendid new steamer of the Ottawa Forwarding company is progressing rapidly. A new tug, forty feet in length, with a tub boiler, is also under construction for the Brompton Pulp and Paper company, of Quebec. It will be completed about April 15th, when it will be shipped by rail to Lake St. Francis.

The Davis company has also received an order from a firm in British Columbia, for a tub boiler, which will be built and shipped as soon as possible.

The fast steam yacht Glimse, which was built some years ago by the Davis company, has been sold to a firm which will use it in the Magnetawan waters in Northern Ontario. The Glimse is a fifty-foot craft, with a seven-foot beam. She makes about eighteen miles an hour.

Died in Hotel Dieu.

The death occurred in the Hotel Dieu on Tuesday afternoon, of Miss Maud Smith, of Ardsley, North Colchester, Essex, England, after an illness extending over several weeks, aged twenty-five years. The deceased young lady came to Kingston from her English home last October. She was of gentle disposition, and a patient sufferer in her illness, during which she was tended by kind friends. The burial service was read, this afternoon, in the undertaking parlors of R. J. Reid, by Canon Storey, of St. George's cathedral, and the remains were placed in the vault at Cataract cemetery.

"English toilet soaps." Gibson's. Francis King, of this city, George T. Blackstock, Toronto. H. Meredith, Montreal, and other prominent business men, had a conference, on Tuesday, with Hon. J. D. Hazen, respecting the drainage canal which Chicago interests are asking for.

THE SPORT REVIEW

CITY BASEBALL LEAGUE MEETING THIS EVENING.

The City Council May be Asked to Provide Another Diamond on the Cricket Field for the Juniors.

A meeting for all interested in baseball is called to meet this evening in the College Inn cigar store to discuss plans for the coming season. It is likely that the league will open some time in May, perhaps about the 21st.

To run the league for a longer period than usual will require a larger sum of money, as the games cost the league a great deal. For the past two years Stanley Trotter has had charge of collecting the money in the boxes from the people, but this year his place will be taken by Melville Cooke, who is the treasurer. Last year the people subscribed pretty well, but better results are looked forward to this year.

Victoria will be very strong on account of having all of last year's players, consisting of Cotman, Gillespie, McAmmon, Davidson, Pound, Crawford, Dick, Attwood, Nicholson, and McMahon. One thing might be suggested, and that is that the league petition the city council for a diamond for the juniors at the north end of the cricket field. In the past the juniors have been very much handicapped on account of not having a suitable place to play on, and this should not be. All that would have to be done is to plough the ground, as was done on the senior diamond, and then level it. The city council should help the league in this respect.

Bowling Club Meeting.

A very largely attended meeting of the bowling club was held at the curling rink rooms on Tuesday evening. Nearly every member of the club was present, and it plainly showed that the interest in the game is going to be as keen this year as last, and perhaps more so.

The presentation of the prizes to the winners of the events of last year took place. The first presentation was the set of bowls donated by Dr. Watson, for the single competition, and in the absence of Dr. Watson, the presentation was made by David Murray, president of the club.

Another feature was the presentation of gold headed umbrellas to the members of W. P. Spalding's rink, namely G. Dolon, Dr. Boyes, A. Turcotte and W. P. Spalding.

The presentation was made by R. J. McKelvey, who was skip of the team that lost to W. P. Spalding in the finals.

The annual meeting for the election of officers was set for the second Monday in May. The ground will be fixed up and put in fine shape for the opening games.

W. R. Sills, the treasurer, presented his report, which showed a surplus on hand.

H. W. Newman gave notice of motion, that during the coming season there be more prizes given in connection with tournaments.

A One-sided Game.

Grindstone basketball team went away with a different idea about basketball than they had when they came here yesterday afternoon. They won from the local boys on the island the other evening, but last night they went down to defeat by the big score of 69 to 6. There was simply nothing to the game to all, the islanders could no more hold the local forwards than fly. The large Y.M.C.A. gym seemed to be too much for them, and the baskets are somewhat smaller than

A MESSAGE TO WOMEN

A Paterson, N.J., young woman, Miss Elizabeth Bushloper, has written a message to the women of America that will be of great value to those who heed it. She says:

"Every spring for some years I have been debilitated, having general weakness and feeling tired and worn-out all the time. This spring I determined I would fight it off with Vinol. Vinol has done all that was claimed for it. It has given me new strength and vigor, I can eat heartily and my sleep is light and refreshing. "I wish every tired-out woman could know what good Vinol would do for her." Spring is the most trying time of year for most people, and it is well to know that Vinol, our delicious cod liver and iron remedy without oil, is the most valuable spring medicine. Its blood-purifying and strength-creating effects are just what one needs, and as we will certainly give back your money if you are not satisfied with Vinol, you ought to get a bottle right away. G. W. Nahood's Drug Store.

If Advertising is not a profitable investment, WHY do so many successful houses in all lines of trade keep continuously at it? Are THEY in error or are YOU?

They were accustomed to on the island. The local boys when they played down there the other evening could not see the baskets until they were right on top of them.

Both teams on the Island have challenged the two local teams to go down and play in Turner's hall at Gananoque next week.

Kingston-Meek, King, Orr, McCartney and Pound.

Grindstone-Melver, Carnegie, Cummins, Turcotte, Cummins.

Issues a Challenge.

Capt. F. Comstock, Alexandria Bay, N.Y., writes to the Y.M.C.A.: As manager of the Areadia Farm basketball team, I would like to arrange to bring my boys to play your team while the crossing is good. We have played several games this season and have lost only one. I know we can give you a good game, and if arranged, I advise you to get in good trim for we will come to win. My boys all play clean basketball and will promise no dirty work nor rough house.

LOOKING FOR FARM HANDS.

They will be in Great Demand From Now On.

Farm hands are now in great demand, and will be from now on. On Saturday, several of the farmers who came into the city, were looking for men, and requests were made to James F. Knapp, the local government immigration agent.

According to reports, there will be a great shortage in farm labor, this spring. Arthur Hawkes, was appointed as a special commissioner from the government to investigate matters in the old country, and he pointed out that there is a very little chance of Canadian farmers getting help from the old country.

"To secure help on the farm nowadays, is getting quite a proposition," said one farmer to the Whig. "There are many who will not work on the farm, if they can get a job in the city. Some will not work in the country, even if they get higher wages."

Earl Bertram, of the Kingston and Pembroke railway office staff, is confined to the general hospital, suffering from rheumatism. "Buy Kodak films," Gibson's. Bombardier Burke, of Woodstock, N.B., left the station hospital on Tuesday, after being there for some time. "Kodak supplies" at Gibson's.

W. R. TRAVERS IN TORONTO

To Give Evidence in the Farmers' Bank Investigation.

W. R. Travers left on Tuesday afternoon for Toronto to be present to give evidence in the Farmers' Bank hearing there. He was accompanied by Chief Keeper Atkins, of the penitentiary. Since he came to the penitentiary he has done a good deal of travelling between Kingston and Toronto to give evidence in the bank case. It is likely that this will be about his last trip to Toronto till he is released in the fall of 1913.
